Champion Jeffries Gives Akron Giant Enough in Five Rounds.

STOMACH BLOW CAUSES COLLAPSE

Vanquished Fugate Claims Jeffries Struck Low—Easy Victory Surprised Battered—Wanted Considerable Opponent Vigorous Last Letter Told.

SAN FRANCISCO, Nov. 19.—In one of the most unsatisfactory prize fights ever witnessed in this country James Jeffries, the victor last night over Gus Ruhlin, in the fifth round of what was to have been a twenty-round struggle, Ruhlin wilted and then surrendered to his peer, to the utter amazement and disgust of the assembled thousands. No one was more surprised than Jeffries himself, who asserted that although he had delivered one jelling blow in the second round he did not expect to win the victory so easily.

Ruhlin's sole explanation of the outcome of the fight is that he received a chance blow which utterly disabled him and that Jeffries persisted in fighting him low. While Ruhlin will make no absolute charge of Jeffries having committed a foul he intimates that he was unfairly handled and injured as a result. Ruhlin received the report of the seconds in this stand, who say that his was a hopeless case after the second round.

When seen in his dressing room after the fight Champion Jeffries said: "I was certainly surprised at my easy victory and Ruhlin's amazing defeat. While it is true that he did not punch me hard enough during the five rounds to cause me any alarm, I believed him strong and cautious up to the moment of his collapse and was surprised when he quit. I certainly had no trouble in whipping him and had the fight gone on the result must have been the same. Ruhlin was in nervous and in poor wind and I cannot say that he was had the courage and force that I expected to encounter in him. Ruhlin took a stiff punch in the stomach in the fourth round, which I presume gave him trouble. Nevertheless, I expected him to lose harder than he did. Ruhlin can doubtless explain his own position and as for myself I am willing to meet Sharkey next month and thereafter to defend as best I can the title I hold."

When Ruhlin went into his dressing room he was followed by a gloomy group of adherents. The defeated man complained of no pain and moved about without assistance. He stated:

"I believed from the tap of the gong that I would win, but as the fight progressed, I was beaten down until I received a blow in the stomach which I must say was very low. It may not have been a foul, but no living man could have survived it. Jeffries departed from the western rules and from the common regulations of boxing when he threw himself upon me and wobbled rather than sparred. I believe that had I not received the stomach punch which ended me in the fifth round, I would have worn down Jeffries a few rounds later and begun him as a matter of endurance. I am ready to fight him again and believe that in time I will have the opportunity of showing that I can defeat him."

IOWA MONEY MISAPPLIED.

Board of Control Charges Abuse of State's Appropriations.

DES MOINES, Ia., Nov. 18.—The second biennial report of the Board of Control of Iowa institutions was submitted today. An appropriation of \$18,217 is asked, mostly for improvement of state buildings.

The report charges that appropriations for the State college at Ames and the State university at Iowa City have been used for lobbying purposes. Voluntary insane at county asylums, it is charged, are treated like animals, male attendants having access to women's wards, and that in one instance six persons were bathed in the same water.

It is recommended that the Anamosa penitentiary be converted into a reformatory and an indeterminate sentence law enacted.

Penitentiary Increasing.

DES MOINES, Ia., Nov. 18.—The report of the Des Moines agency to the commissioner of penitentiaries for the month of October shows a gain of 156 original penitents and renewals and a loss by death of 127, by remarriage one and by minors becoming of age two.

Workmen Buried in Debris.

CHICAGO, Nov. 18.—Root trusses on the new power plant building now in process of construction at the University of Chicago collapsed, burying a group of workmen who were standing beneath. A mass of iron pipes, timber and bricks, killing one man and injuring four. The accident is directly attributable to an attempt to shift five of the trusses which had been put in place about one inch out of the perpendicular into true.

Drive for Baby's Assistant.

WASHINGTON, Nov. 18.—The president signed today the commission of Herbert Pierce of Massachusetts, to be third assistant secretary of state. Mr. Pierce is expected to arrive in Washington tomorrow and assume his office. Mr. Cridler has terminated his connection with the state department as third assistant secretary and has gone to St. Louis to confer with the exposition officials respecting his European mission.

RAY LOST BAW'S LEGALITY.

Right to Sell Butter in Questioned at Fremont.

FREMONT, Neb., Nov. 18.—An interesting question has been raised by a Fremont groceryman in regard to the sale of butter. The State Food Commissioner S. C. Bassett, of Gibson was in the city and took the groceryman to task for disposing of that article without a state license. The latter immediately produced a federal license and asserted that he was carrying on his business under that in a manner according to law. Food Commissioner Bassett told the dealer that he would have to take out a license under the state laws also or be amenable to the penalties. The groceryman said that he would do so providing Armour's and Cudahy's packing plants at Omaha were also required to obey the law.

The chief difference between the federal and state pure food laws is that the former permits the sale of colored butter when properly labeled, while the latter prohibits it altogether. The local dealer claims that he has ever sold butter instead of butter, but declares his business is entirely open and above board. If people call for butter they get it, while if they desire the butter at the cheaper price he sells it to them.

AS TO NATIONAL LEGISLATION

Asked that Senator Dietrich of Nebraska Will Push.

OMAHA, Nov. 18.—On matters of national legislation Senator Dietrich proposes to push a bill making the carnation the national flower. "The carnation is a mighty fine flower," he said, "varied in color and ornamental and a favorite in all sections. To make it the national emblem will be a fitting tribute to the martyred president, William McKinley, whose favorite flower it was."

The senator will also lend his aid to the project of western irrigation under the direction of the federal government. "I believe at this session," he said, "we can make at least a start along the line of leasing government lands and applying the proceeds to the construction of irrigation reservoirs."

OMAHA FEDERAL BUILDING.

Permission Asked to Proceed With Its Construction.

OMAHA, Neb., Nov. 18.—Superintendent of Construction Murdoch of the Omaha federal building has written to the supervising architect at Washington for permission to resume work on the annex of that building pending a settlement of the negotiations now in progress between that office and Senator Millard regarding the change in the plans which the senator suggested some time ago. At the present time a few men are employed in straightening up work which was begun some time ago, but the superintendent is of the opinion that a full force can be worked upon the north and south wings on work which must be done, the completion of which will not interfere with the construction of the western corridor upon any plan which may be adopted.

Election Expenses.

LINCOLN, Neb., Nov. 18.—A number of election expense statements were filed with the secretary of state. Conrad Hollenbeck, defeated candidate for the office of supreme judge, admits that he is out \$50, having donated voluntarily \$100 to the democratic state committee and an equal amount to the populist committee. E. C. Capitan, successful candidate for regent, went back \$5, which he gave to the local campaign committee. Eleventh judicial district, spent \$95.50 for the honors of the office.

Two Cowboys' Offences.

ALLIANCE, Neb., Nov. 18.—Ed Loomis, an employee of the Spade ranch, was brought to an Alliance hospital nearly dead. He had been thrown from a horse, both bones of one of his legs being broken, and was so exposed to the cold that when found he was too exhausted to speak. He had crawled four miles.

To Top the River.

LINCOLN, Neb., Nov. 18.—John McDonald of Benham has filed an application with the secretary of the state board of irrigation asking that he be allowed to tap the south fork of the Republican river in order to secure water for a ditch two miles long, to run on to his farm.

Stary New Colla.

LINCOLN, Neb., Nov. 18.—The State Board of Public Lands and Buildings will meet here soon to award a contract for sixty new cells at the state penitentiary.

Suffrage Elect Officers.

LINCOLN, Neb., Nov. 18.—At the session of the convention of suffragists the following officers were elected: Mrs. Clara A. Young of Broken Bow was re-elected president. Mrs. Amanda Marble of Table Rock was again chosen vice president. The association re-elected Miss Nellie Taylor of Mrs. Ida L. Denny of Lincoln recording secretary. Mrs. J. A. Dimple of Omaha was the successful candidate for treasurer.

Shots Hit Wife and Baby.

JUNIATA, Neb., Nov. 18.—Steve Faber, a farmer living southwest of here, accidentally discharged a shotgun which was cleaning and the charge literally tore the arm off his eighteen-month-old child and probably fatally wounded his wife. It was the old story of "didn't know it was loaded." Mr. Faber at first thought he had killed both his wife and child and as a result became frantic.

DICKINSON'S FREE REIN

Bulgaria Says He May Treat With Bri-gands as He Pleases.

PRIME MINISTER FLAYS SULTAN

Charles Turkey With Responsibility for Macedonia Barbarities that Should Ap-pel to Nations as Cuba's Suffering Dis-tress. The Latest From His Speech.

NEW YORK, Nov. 18.—Uetka Karavioff, the prime minister of Bulgaria, has just been interviewed by the Sofia correspondent of the Journal and Advertiser. Said the prime minister:

"For humanitarian reasons the minister of the interior has undertaken to tolerate fresh intercourse between the brigands and an American agent. It is a bad precedent to recognize the brigands, however, indirectly, but we wish to stretch a point for America and the cause of humanity. The brigands, wherever they are, can now treat unmolested with the American representative and safe conduct will be given to any man or men recommended by Mr. Dickinson. There is no brigandage in Bulgaria. Turkey is the cause of brigandage, murder and massacre in Macedonia. Conditions there are intolerable. Europe has been moving in a vicious circle regarding Macedonia since the Berlin treaty. All the powers agree that Macedonia should have autonomy, but none is willing to move in the matter. Count Andraffy of Austria was more to blame than Lord Beaconsfield at the Berlin conference for the present condition of Macedonia, which is crying to heaven for vengeance."

"France pounces up its quarrel with Turkey, oblivious of liberty, equality and fraternity for Macedonia; Germany is satisfied with all the material advantages possible out of Turkey. The Macedonians themselves may break the vicious circle and break Turkey's cruel boast: 'We took you by the sword; by the sword we shall hold you.' All we ask for Macedonia is autonomy. We do not seek annexation."

FAVORS THE AMERICAN FLOUR

Brazil Increases Duty on That Imported in Bags.

NEW YORK, Nov. 15.—The Rio Janeiro correspondent of the Herald cables the Chamber of Deputies has passed a bill increasing the duty on flour imported in bags instead of barrels. There was a lively discussion over the measure. It was contended that flour imported in bags is apt to contain dangerous germs, but this assertion was combated vigorously.

One member of the budget committee frankly declared that the object of the bill was to protect United States producers against the Argentine. After the vote had been taken several deputies said: "The Yankees have routed the Argentines."

Public opinion and the newspapers generally disapprove of the new law, as it is known that flour from the United States arrives in barrels, while the Argentine product comes in bags. Newspapers of Buenos Ayres unanimously condemn the measure and remonstrances will be filed by the Argentine millers.

Rural Mail Clerks in Civil Service.

WASHINGTON, Nov. 15.—About two hundred employes in the executive branch of the rural free delivery service of the postoffice department will be brought into the civil service by an order of President Roosevelt, which it is understood, will be issued within a week or two. These employes are clerks, special agents and inspectors. The 6,000 rural free delivery carriers throughout the country will not be brought into the civil service under the same order, but they will be taken in at some later date. Their civil service status is to be somewhat different from that of those first included though the regulations governing them have not yet been passed upon.

Wrecks Struck Along Shore.

LONDON, Nov. 15.—It is still impossible to estimate with any exactitude the total loss of life and property resulting from the protracted gale and probably the full extent of the damage will never be known.

Much wreckage of unidentified vessels is still being thrown up. Although it is known that some fifty vessels have been wrecked along the British coast, thirty-four of these have become absolute wrecks, involving, it is believed, a loss of more than 180 drowned. The Yarmouth lifeboat disaster alone leaves forty-four fatherless children.

SANTIAGO, Nov. 14.—General Wood, accompanied by Mrs. Wood, Prof. James Bryce, M. P. and his party, left here tonight for Jamaica on the government yacht Kanawha. General Wood was entertained this evening by the San Carlos club.

No Clemency for Keith.

INDIANAPOLIS, Nov. 15.—Governor Durbin today declined to interfere in the case of Joseph Keith and instructed the warden at Michigan City penitentiary to proceed with the execution of Keith at sunrise tomorrow. Keith was condemned to death for the murder of Mota Keffer in April 1900. An unusual feature of the case is that none of Keith's friends or relatives has appealed the matter in his behalf.

KNOCK AT THE UNION'S DOOR

Chickens and the Indian Territory Trip Their Demand for Statehood.

MUSKOGEE, I. T., Nov. 15.—Single statehood for Oklahoma and Indian Territory will be brought to a definite issue at the convention called to meet in the United States court room here this afternoon. The date for the convention was set at Oklahoma City on October 22, and three hundred delegates from each territory have come to fight out the issue. The successful effort of the two territories to secure a single statehood form of congress will be made.

The issue will, it is believed, be squarely divided between the political and commercial interests of the territories. Politicians, as a rule, it is conceded, are in favor of separate statehood. This view, as far as indications point before the meeting gets, is opposed by the business men of the territories, who want all avenues of trade and industry opened without restriction, and who profess to believe that this end could not be secured in making two states of the territories. This, it is held, is especially true in Indian Territory, whose undeveloped resources, they assert, are as rich as can be found in any state of the union. Among the chief delegates to arrive the current of feeling seemed strongly for single statehood for Oklahoma without delay, Indian Territory to be later added from speechmaking and the adoption of resolutions bearing on the subject, the convention will likely provide funds to carry on a systematic campaign of education for congress.

BRITAIN INCREASES DUTY ON THAT IMPORTED IN BAGS.

NEW YORK, Nov. 15.—The Rio Janeiro correspondent of the Herald cables the Chamber of Deputies has passed a bill increasing the duty on flour imported in bags instead of barrels. HAS A TALK WITH MISS STONE

She is Confined in the Residence of a Turkish Official.

NEW YORK, Nov. 14.—Ivan Moloboff, a Bulgarian clergyman from Uscub, in Macedonia, has just arrived from visiting Miss Stone and Dickinson in consultation with Mr. Dickinson to the Journal and Advertiser. "Miss Stone," he said, "is in the town of Cerna, Macedonia. I left her two days ago, coming direct to Mr. Dickinson to try to arrange for her release. Miss Stone and Mrs. Talika are well, but the strain is terrific, and there is danger that Miss Stone may lose her mind. To be always in the same surroundings is likely to drive her crazy; constantly looking at the same objects has semi-memorized her and she has had a presentment that evil will befall her."

"The brigand chief informs me that he will now insist on the full ransom, as the length of time Miss Stone has been left on his hands leaves no margin for bargaining. The name of the brigand chief is Dervish Younous, and he is an Albanian."

Ignatius Abides in Limbo.

SAN JUAN, P. R., Nov. 14.—Santiago Ignatius, who was sent to Porto Rico by the American Federation of Labor to organize the workmen of the island and who was arrested on a charge of conspiracy, has not yet answered the message from Mr. Gompers as to the cause of his detention. He is withholding his reply until tomorrow, awaiting the attorney general's answer to his petition to Governor Hunt to be released on his own recognizance.

She will probably be examined tomorrow.

Will Enforce Insurance Law.

BERLIN, Nov. 14.—The bundestag today adopted regulations for the enforcement of the insurance laws.

Austria's Also Pleasented.

VIENNA, Nov. 14.—Numerous grievances of Austria-Hungary against Turkey have been settled by the agreement of the port to pay 90,000 francs to the Armenian victims and by adjusting financially and otherwise wrongs arising from eight other matters of dispute. These include the claims of the Oriental Railway company. It was the purpose of Austria-Hungary to adopt effective measures and the ports not yielded.

MAY RAISE PREMIUM RATE

State Official Prop. a Method to Invest Half of 1 per Cent. to Invest Here School Funds.

LINCOLN, Neb., Nov. 13.—The security of securities of the kind available under the law for the investment of the permanent educational funds of the state has caused the State Board of Educational Lands and Funds to consider raising the usual premium rate which has been paid by Treasurer Dreyfus. State warrants, which draw interest at the rate of 5 per cent, are being bought for the permanent fund at a premium of one-half of 1 per cent and the premium usually paid for county bonds is a rate of at least 3 per cent. These rates are governed largely by competition. There are innumerable bidders for both state warrants and county bonds and oftentimes the state loses a big bunch of securities through the higher bidding of outside persons. Former Treasurer Meerve frequently paid as high as 1 per cent for state warrants and when the rate of interest was 5 per cent the premium sometimes was 2 per cent.

THE LAND LEASING TOUR.

Everywhere There is Good Demand and the Bidding System between

LINCOLN, Neb., Nov. 18.—Land Commissioner Folmer and Deputy Eaton have returned from their second land leasing tour in southern Nebraska and next week they will begin the holding of auctions in the northwestern part of the state.

"We have held auctions in nearly all counties in the two southern tiers west of Clay and Nockolls counties and have leased approximately 25,000 acres of land," said Mr. Eaton. "Everywhere there has been a good demand and the bidding has gone considerably higher than we expected. The farmers in the territory we have visited are well satisfied with the prospects and are enlarging their farms wherever they can find vacant land conveniently situated."

NEBRASKA'S BUFFALO EXHIBIT

A Handsome Balance After All Expenses Are Paid.

LINCOLN, Neb., Nov. 15.—"There will be a balance of approximately \$2,000 left in the treasury after all expenses of our exhibit at Buffalo are paid," said E. L. Vance, Nebraska commissioner in charge of the state's exhibit at the Pan-American exposition. Mr. Vance was in Lincoln closing up the affairs of the commission, preparatory to paying the last of the bills outstanding.

"I can't give exact figures, but I believe the total expenses of the commission and exhibit, including salaries, will not be over \$8,000. We have conducted our work economically and are confident that we gave the best possible display for the amount expended. Aside from a few of the showcases, practically all of the exhibit was disposed of at Buffalo."

Food and Log School Houses.

LINCOLN, Neb., Nov. 15.—The attention of Superintendent Fowler was called to an article which recently appeared in an Omaha newspaper and which was said to be a description of the only log school house in Nebraska. This structure, according to the story, is on Bellevue island, but will soon be torn away to make room for a more pretentious building. In a volume soon to be issued Mr. Fowler will describe 112 other log school houses in this state and 505 in the same territory that are made of sod.

Burglars Invade Coast.

COZAD, Neb., Nov. 14.—Three robberies took place here. The general store of Banks & Eoff was broken into and about \$500 worth of goods taken, consisting of overcoats and clothing. The meat market of H. Burnes was also looted and considerable meat and provisions taken. Also the flour and feed store of J. H. Danner was entered and some flour and potatoes taken.

State Bank of Nemaha.

LINCOLN, Neb., Nov. 15.—Secretary Royle has issued a charter to the State bank of Nemaha, Nemaha county. It is capitalized for \$5,000 and the incorporators are: William Campbell, Frederick E. Allen and Elmer E. Allen.

Cattle Interest in Dawson County.

LINCOLN, Neb., Nov. 15.—"We never had so many cattle in Dawson county as at the present time," said Senator Owens to a reporter. "Stock is being shipped in for the winter and the shipments to market are very light. We have an abundance of rough feed in Dawson county and are able to take care of lots of stock that cannot be wintered in other places. Alfalfa and buffalo grass produced good crops."

Ainsworth Quarantined.

AINSWORTH, Neb., Nov. 15.—The Ainsworth village trustees and local Board of Health had a meeting and quarantined the town against Long Pine, where smallpox is reported. The county commissioners met and appointed a County Board of Health and ordered the sheriff to carry out the provisions to prevent spread of contagion. Johnston and Wood Lake, just west of here, also have a number of cases.

Headgear of Columbus's Men.

Many pictures of Columbus's crew in white, with toboggan caps on their heads, have been published from time to time, observes Victor Smith, but they have not lessened interest in the peculiar headgear of Barr's pets. Boys wear such caps in the streets in cold weather, and in uninitiated articles of every conceivable color, with tassels peeks hanging down the back. Sometimes a pompon takes the place of the tassel. Columbus's crew wore toboggan caps of horizontal stripes of yellowish green and bluish black, and the general effect reminds you of Palmer Coats, Brownies or of 'watchful' reptiles materialized.

Vienna's Supplies for Boney Month.

Consul General Hurst, at Vienna, sends to the American department of state an account of the horse meat industry of the Austrian capital, which now calls for the slaughter of some 25,000 horses and half a hundred donkeys annually—horse meat being sold under close public regulation, and as such, and not something else, and finding a market among the poor on account of its 50 per cent lower price as compared with ordinary meat.

AN HONEST NAME.

An Illinois Statesman Tells a Good Story—Know His Father's Son.

The Honorable Alva Merrill of Chillicothe, member for the Twenty-fourth District, State of Illinois, House of Representatives tells an interesting story:

Some two years ago Mr. Merrill gave a testimonial stating that Dodd's Kidney Pills cured his rheumatism. This with Mr. Merrill's portrait were published in thousands of papers all over the United States.

On the train returning home from Springfield one day last winter were the Honorable Mr. Merrill and several other members. After a time one of them said:

"Merrill, what time do you get to Chillicothe?"

"This attracted the attention of an old man who had been apparently awaiting some identification of Mr. Merrill and as soon as he heard the name he reached out his seat and extending his hand said:

"You are Alva Merrill and you saved my life. I was most dead with Lumbago and in an advertisement I saw your picture and your recommendation of Dodd's Kidney Pills. I knew your father, and I knew his son would not lie, and therefore I decided to try the Pills."

"I am satisfied that Dodd's Kidney Pills and nothing else have saved my life and I have been waiting this opportunity to thank you personally, for had I not seen your recommendation I might never have been led to use this remedy. Thank you to God, through your honest name and the honest medicine which you so heartily recommended I am still alive."

"I have been watching you since you got on the train at Springfield and thought I recognized your face as the one I had seen in the advertisement, and as soon as this gentleman called you by name, I knew you were the man I had to thank."

King Alfred's Millinery.

A new yarn is being sold, Victor Smith says, about the wife of a western man of millions whose misapplication of words has gained for her the sobriquet of "Mrs. Washington Malaprop." The lady lives
