—William Hoefelmann was in the city Tuesday of last week on business, and called at JOURNAL headquarters. He is a staunch republican, and like the remainder of us is unable to see how men can well be anything else.
—Never try to coax a cold or cough, use the remedy that unflinchingly conquers both. BALLARD'S HOREHOUND SYRUP is the great specific for all throat and lung troubles. Price 25 and 50 cents. A. Heintz and Pollock & Co.
—Harold Dussell suffered the fracture of the fourth toe of his left foot on Tuesday of last week, while helping unload a radiator from a truck at the Hospital. Dr. Evans set the injured member, all right, but Harold carries his foot carefully.
—Preparations are being made, and instructions being sent out to rural authorities in sections where contagious diseases are threatening, to investigate all mail, should the State Board of Health declare a quarantine. The experience of last winter is not to go without its lesson.
—The game of foot ball Saturday at Lincoln between Nebraska and Kansas resulted in 29 to 5 in favor of Nebraska. Five touchdowns and four goals were scored against Kansas with surprising ease and only when it gained its single score did Kansas get anywhere near the Nebraska goal line.

—Laundry stores at Eason's.
—12 photos, 25 cents at Weldin's Park studio.
—"Barry Lyndon"—king of 5c cigars at Snow's.
—Blank farm leases for sale at THE JOURNAL office. If

—Miss Grace Clark came home last Tuesday from St. Edward, near which place she is teaching. She will take a two months' vacation.
—Carl Hoehen invites you to call and see him for anything in his line, at the new drug store, Eleventh street. Fresh goods, prices reasonable.
—The Columbus High school boys went to Fullerton Saturday to play football against a city team, but were outweighed thirty pounds, and lost the game, 16 to 0.
—Dr. Newman & Dussler eye, ear, nose and throat specialists, are at their office at the Thurston hotel twice a month, namely the 1st, 2d and 3d, and the 15th, 16th and 17th.
—Robert Polles, ditch rider for Monroe, in the employ of the Irrigation company, made \$300 from a three-fourths acre patch of cabbage, tended by him at odd times during the season.
—The celebrated passage from the Psalms, xvii:15, has received this literal translation: "As for me, in righteousness let me behold thy face: I shall be satisfied when thy likeness is awakened."
—W. D. Wilson of Oconee has renewed his subscription to THE JOURNAL, his usual custom for the last quarter of a century and more, and strengthens his opinion by telling us to send it along always.
—Arthur Lamb has bought of W. R. Jones the tract of land known as the "Old Heinrich farm," on which there are two flowing wells furnishing about 2,000 barrels of water every day.—Platte Center Signal.
—HERBINE sweetens the breath, brightens the eyes and clears the complexion without the slightest ill effects whatever, and ensures the natural bloom of health. Price 50 cents. A. Heintz and Pollock & Co.
—The family of Jacob Zinnecker moved into their town house Thursday, and the Munser family moved out to the farm residence. Mr. Munser, we believe, expects to engage in raising blooded hogs and other stock.
—Rev. Luce of Omaha (no relation, however, to the Dr. Luce of the M. E. church here), preached in that house of worship Sunday, morning and evening. Rev. Michel was expected, but Rev. Luce was sent in his place.
—Samuel Wheeler and Neil Olson went to Trenton, Missouri, to look at the country. Mr. Wheeler is one of Platte county's oldest settlers. He sold his land for \$50 per acre and is in search of another location.—Leigh World.
—The Monroe Republican says that the Irrigation company are pushing work on the canal west of Genoa, so that by next spring they will be able to supply all the water needed and the inconvenience of last year done away with.
—W. B. Daniels of Albion, a resident since 1872, was buried Thursday, Rev. Jones his former pastor, preaching the funeral sermon. Mr. Daniels was sheriff of Boone county for ten years, and was prominent in other political and social offices of the county.
—A free, rural mail delivery from Madison west through two precincts and touching two more will be shortly provided, the route having been approved. It is twenty-six miles long, and intended to accommodate 110 families. C. E. Ryerson has been appointed carrier.
—Tuesday night of last week, Union Pacific Freight Brakeman Champnoy, while making a coupling at Clarke on a west-bound train, had a leg amputated at the ankle, and was found by fellow trainmen. His home is in Omaha, and he was taken to a hospital in that city.
—Many people are suffering fearfully from indigestion or dyspepsia, when one single bottle of HERBINE would bring about a prompt and permanent cure. A few doses will do more for a weak stomach than a prolonged course of any other medicine. Price 50 cents. A. Heintz and Pollock & Co.
—For all fresh cuts or wounds, either on the human subject or on animals, BALLARD'S SNOW LINIMENT is excellent; while for corn-bunkers' sprained wrists, bushed-wire cuts and sores on working horses, it cannot be too highly commended. Price 25 and 50 cents. A. Heintz and Pollock & Co.
—A man named Lewis was killed in Madison county a year ago by falling from his wagon and being dragged. A suit has been instituted by Nora E. Lewis et al., vs. F. W. Horst et al., and it is alleged that the death of Lewis was due to liquor purchased. Later.—Mrs. Nora E. Lewis secured a judgment for \$2,250.
—The City Band will give their next concert Friday evening, November 23, at the opera house. Among the special features on the program are three solos, by the renowned soloist, Miss Julia Walker, the "Black Patti." Also two numbers by Prof. Garbisch's Concert Orchestra.
—Dr. Louis Shaffer was killed by a Union Pacific train near the choultry factory, Schuyler, Saturday evening, his body literally cut in two. He practiced medicine in Schuyler sixteen years, and carried \$4,500 life insurance. He was probably walking home when the accident occurred.
—Dr. Peterson of Chicago, who has practiced there the past seven years, arrived in the city last week and will take the practice of Dr. A. J. Baker. He has moved into the office rooms of the latter on Olive street. Dr. Peterson has a family consisting of a wife and two children, who will move to the city in a few weeks.
—Tuesday evening Dr. Hamilton, a surgeon, came to Leigh to assist Dr. C. J. Alger in an operation on one of Mr. Mell Jenny's daughters, near the Nebraska postoffice. The operation was performed sometime Tuesday night and we understand was entirely successful. Dr. Hamilton returned Wednesday noon to Omaha.—Leigh World.
—There is probably no disease more distressing and annoying than piles. TAYLOR'S BUCKEYE PILE OINTMENT is doing curing cases of years' standing of itching and bleeding piles. The cure begins on the first application, a little perseverance makes the cure complete. Price 50 cents in bottles. Tubes, 75 cents. A. Heintz and Pollock & Co.
—C. S. Webster and son Harry, formerly of Duncan, and well known in Columbus and vicinity, were in the city Monday shaking hands with friends and acquaintances. Mr. Webster has sold his farm in Polk county and will move to northern Oklahoma soon, where his son Bruce is already located. He thinks that that part of the country is the best and nicest of any he ever saw.
—A counterfeit \$10 silver certificate with the Handricks head has made its appearance in this section, and those who are fortunate enough to be offered \$10 bills are hereby cautioned to observe that the chief points of distinction between the counterfeit and the original are the failure of the counterfeit engraver to put in a comma between "Washington" and "D. C." on the face of the note, and a reversed letter in a panel on the back.
—"Right after election," remarks an exchange, "is a time to hear of newspaper changes, consolidations, sales of schools," and so it is. All around the sky in Nebraska, reports are rife, and it is even stated that one of the Columbus editors is at the capital city of the state endeavoring to interest a supposed future candidate for U. S. senator in a stock company enlargement scheme, with the noted politician as a heavy stockholder.
—The City Library and Reading Room will be open to the public Saturday afternoon and evening, Nov. 23. The library is located up stairs in the Barber block. The librarian, Miss Fanny Gear will have for sale soon finding lists, 10 cents each, and the public will find the new method of securing books very much more satisfactory than it has been. The rooms will be open on Tuesday and Saturday, afternoon and evening, of each week.
—THE JOURNAL registers one complaint against the use of beer and cigars in the late campaign. It may readily be believed that the very good laws of Nebraska concerning elections are not obeyed as they should be, but the improvement upon former times has been so great, that there is hope for the future when the time will come when wagon loads of beer and boxes of cigars will not be sent into the country neighborhoods on the eve of election for the purpose of influencing voters.
—Invitations are out for the marriage Wednesday, Nov. 27th, in St. Luke's Episcopal church at Plattsmouth, of Charles T. J. Miner and Miss M. Delight Wells. Miss Wells was for some time a competent helper in the composing room of the Argus office and became acquainted with many Columbus people while here. Mr. Miner is a Columbus boy and needs no introduction to our readers. We extend wishes for their happiness through life. They will be at home in this city after Dec. 15.
—A farm was sold in Madison last week that brought \$52 an acre and it is the record breaker for some years at least. It was the S. O. Campbell farm, two miles east of town, and Clint Smith made the deal that brought the big price. Peter Zambum of Platte Center is the new owner of this splendid property and he takes possession of it March 3d. The farm is a good one and has excellent improvements. Mr. Campbell retains the eighty on the west. Mr. Zambum got two hundred acres.—Madison Chronicle.
—Evidently Nebraska's experience with apples this year is such that more trees will be planted and cared for. It is only a few years since many, now enjoying the fruit for the first season, planted trees, and the expense and trouble have been more than compensated by this first crop of good fruit. Everything relating to tree-culture and fruit-raising is more and more interesting to Nebraskans as they see what a little forethought and care will do. Plant more trees. Look after the winter protection of your fruit trees young and old. You know what the rabbits can do in the way of destruction.
—No man can be successful in home dairying unless he has a thorough knowledge of dairy machinery. Recognizing this fact, the department of Dairy Husbandry in the University of Nebraska School of Agriculture is making extensive preparations to give a thorough course in the manipulation of hand separators. The department has ten kinds of separators for use in the course this year. We urge all young men who are interested in dairying to avail themselves of this opportunity to obtain a knowledge of the science.
WANTED—SEVERAL PERSONS OF CHARACTER and good reputation in each state (one in this county required) to examine and advertise old established business houses of each state and county, all reliable in each state and county, and to report to the publisher of this paper, 222 Ontario Building, Chicago. Twenty dollars per month, when necessary, to travel, and expenses, 222 Ontario Building, Chicago. Twenty

—Mrs. Johnson and Mrs. Friedig will give a "Tea," at the home of Mrs. Johnson, on Wednesday, Nov. 23, for the benefit of the Ladies' Aid Society of the Presbyterian church. A cordial invitation is extended to the ladies of the city.
—Look out for Easton's big advertisement next week. He invites you to his new place—the Hulst & Adams old stand on Eleventh street.
—The new bridges across the South canal and Clear creek just south of the Platte bridge are now completed, and the people of the surrounding country may be justly proud of the enterprise, because they have long been accused of having the poorest roads to their best and nearest market, Columbus.
—The protective boards of the engineers and firemen of the Union Pacific system have just adjourned, says the Omaha Bee, after a session of forty-four days. The entire wage scale was revised and in several instances a substantial increase in pay was granted. On the big compound engines the "1700" class of big simple engines the engineers get an advance equal to 15 cents per 100 miles and the firemen an advance of 10 cents per 100 miles. For the "1520" class of compound engines the advance is 15 cents for both engineers and firemen. The increase in pay granted by the company amounts to about \$45,000 a year.
—Farmers in Jewell and Republic counties, in northern Kansas are greatly mystified over the sudden appearance of great holes in their alfalfa fields. They vary from two to eight feet in depth, five to fifteen feet in width, and are sometimes 200 to 300 feet long. The sink is not gradual, but sudden. Roots of the alfalfa go from fifteen to thirty feet deep, and this is supposed to have something to do with the water being that the roots reach to water and this somehow stirs the foundation of the upper crust sufficiently to let it drop, here and there. Have any Nebraskans readers of THE JOURNAL noticed any ill effects concerning alfalfa. If there are any, we wish to know, because we have been led to believe that the growth of it is one of the most desirable things for Nebraska. If, however, by its means we are to be let down into the underlying deep body of water that may suppose surges beneath these broad prairies, perhaps we had best choose the hillslope for the alfalfa.
—A large crowd of Methodist people went to Schuyler Saturday to surprise Rev. Yost, their former pastor. The majority went down on the 6:30 morning train, returning in the evening; others drove overland. The occasion was a genuine surprise on Rev. Yost and he was not certain whether he should preach a sermon of discipline to the improper congregation or to run from them. The crowd took with them all sorts of good things to eat and prepared dinner and supper in the church kitchen that were fit "to set before the king." Those present for the day were: Mesdames Hudson, Eismann, Jones, Lubber, Britell, Gray, Speice, Terrill, Morrow, Newman, Haight, Echols, Phillips, Alexander, Luth; Misses Laffie and Emma Ragatz, Elsie Hudson, Jennie and Emma Jones, Marguerite Lubber, Louise Davis, Fannie Britell, Mary Crann, and the Misses Turner. Mr. David Jones, Vernon Erskine, Sidney and Charles Crann. The crowd were unanimous in declaring they had spent a profitable day.
—There is being an effort made to enforce the new law passed by the last legislature against the selling, giving away or furnishing cigarettes or tobacco in any of its forms to any minor under fifteen years of age. The fine for selling offense is \$25. The fine for selling cigarette paper to any minor under twenty-one years of age is not less than \$100, nor more than \$200 and costs of prosecution. Naturally enough State Superintendent of Schools Fowler is interesting himself in the matter, as it is well known that, in towns and cities, especially, the practice of using cigarettes is entirely too prevalent, and has proven itself very detrimental to young boys, compelling them to take twice the time ordinarily required to complete the studies of a grade. When a young lad wrestles with ordinary studies of the school course, and handicaps himself with the tobacco and other bad habits, life becomes a very serious problem with him, and it is but just that he should have all the aid and encouragement to better things that can be brought to him. Just a few words from Horace Mann resulted, years afterward, in the eradication of the tobacco habit by the writer hereof, after a long series of battles. Be a servant of the Right, and not a slave to the Wrong.

OSTEOPATHY.
The science of osteopathy although comparatively new yet, is one that accomplishes wonders and so most respectfully urge you to investigate, and to this end we will be very glad to furnish anyone so desiring with literature treating on the subject. All known curable diseases—both acute and chronic are successfully treated by this wonderful science and who have been pronounced as incurable by other methods have responded easily to this system.
