—As far as we can learn the senior and junior boys of the High school are eating and sleeping near the building since last Wednesday trying to keep up their flag. In the words of a junior we judge the seniors are about as fat as the senior flag waved over the building over twenty-four hours and the juniors less than twelve.

—People who attended the concert of Nordica in Lincoln last Friday are enthusiastic over her singing. One of her hearers expressed the thought that she had lungs equal to a blacksmith's bellows. Rev. Lucie of this city enjoys the distinction of being born and raised in her county, Franklin, Maine. —Ladies of the Congregational church will serve supper Wednesday evening, beginning at 5 o'clock, in the building formerly occupied by the Calland bakery. Supper 25c. A table of home-made candies will also be on sale.

—The band crowd had a fine time at Platte Center Friday evening, giving an excellent entertainment, and were well patronized. An oyster supper at Buschman's after their return was a fitting finale for the evening's outing.

—Joseph Dawson of Newton, Kansas, who was here to attend the funeral of his son, Emma Dawson, left for his home last night on the Lincoln, Monday. Mrs. Dawson will remain some weeks and visit her sister, Mrs. George Scott.

—Worms take refuge in the small intestines, where they can easily multiply. WHITE'S CREAM VERMIFUGE will destroy these parasites. The verdict of the people tells plainly how well it has succeeded. Price 25 cents. A. Heintz and Pollock & Co.

—The Schuyler Sun says that Charles Johnson, the colored man who entered the house of Mrs. Sumption while the family were away and stole two watches, belonging to Mr. and Mrs. Simon Green, has pleaded guilty to burglary. Johnson was caught in this city.

—Messrs. Martyn & Geor of Columbus were up Wednesday and assisted the Dr. Johnson in performing an operation upon John Miller. Mr. Miller lives in the northwest part of the county. He is quite low yet, being confined to his bed at Rolph's.—Fullerton Post.

—An attractive woman thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. When troubled with a constive habit, she takes a few doses of HERBINE to cleanse her system of all impurities. Price 50 cents. A. Heintz and Pollock & Co.

—Sunday's Lincoln Journal contained the following item, interesting to many JOURNAL readers: Dr. and Mrs. C. G. A. Hallbert have issued invitations to the marriage of their daughter, Maude Estelle, to Rev. Clinton Woods Lowrie. The ceremony will take place Thursday evening, December 25, at the family residence, 2941 Q street.

—Last week in district court a good deal of time was taken up with the case of Tanager against Frevort and Corrig, Platte Center saloon keepers and their bondsmen. Tanager was shot by Nick Gentleman last winter about the same time Mr. Olson was killed, and brought suit to recover damages after the usual manner. The plaintiff will probably take some other way, after being told that there was no case of action.

—Disease and danger lurk in the vital organs. The blood becomes vitiated and the general health is undermined when the stomach and liver fail to perform their functions as nature intended.

—HERBINE will tone up the stomach, regulate the liver, where other preparations only relieve. Price 50 cents. A. Heintz and Pollock & Co.

—Mrs. M. Brugger entertained the teachers of the First ward school to lunch Wednesday and the teachers of the Second ward on Thursday. The teachers can appreciate a good warm dinner about as well as anybody, especially when they have been accustomed to going a long distance for a rush meal or perhaps eating a cold lunch.

—Prof. Wm. Sweeney, director of Buffalo Bill's Cowboy Band, arrived in the city today, and is the guest of friends. He has just returned from a big hunt with Col. Cody and party in the Big Horn mountains of Wyoming, where they bagged lots of big game, and had a splendid time all the way through. Mr. Sweeney will proceed from here to New York, where he will organize his band for the coming tenting season.

—Goldwin Smith is credited with saying that the best way to eliminate anarchy is to give more time in the public schools to the teaching of music. The suggestion is all right, so far as it goes, but the probability is that not only anarchists but all criminals are recruited from the ranks of those who do not attend schools at all. And yet there are many educated criminals, of every degree.

—New officers were elected by the young ladies' Sodality society of the Catholic church, Sunday afternoon. Miss Mary Borowski was elected president, Miss Alice Farrell secretary, Miss Anna Schmidt treasurer, and Miss Maggie Schilz librarian. The society meet in the basement of the church. Twenty-nine new members were received Sunday, making the membership well up to the one hundred mark. The society owns a good sized library that is well patronized.

—Lawrence E. Hohl, a student at the State University who lives at Columbus, yesterday reported the loss of a gold watch which he left outside the bathroom in the gymnasium while he was inside. The locker room at the University is insufficient for all who desire to use it and some of the young men are compelled to leave their clothing in a basement room while using the bath.

—Mr. Hohl values his watch at \$25. He says five or six watches have been lost recently in a similar manner at the University. The authorities are investigating the matter.—Lincoln Journal, Dec. 5.

—Good, philosophical Ben Wilson once wrote a report, "Young man, write as you feel, but try to feel right. Be good humored toward everyone and everything. Believe that other folks are just as good as you are, for they are. Give 'em your best and bear in mind that God has sent them, in his wisdom, all the trouble they need, and it is for you to scatter gladness and decent, helpful things as you go. Don't be particular about how the stuff will look in print, but let 'er go. Someone will understand. That is better than to write so dosh high, or so tarnashun deep, that no one understands. Let 'er go."

—John von Bergen was in town last Friday to have Dr. McKinley set a broken arm. He fell off his wagon in some way and caused the fracture.

—The K. of P., M. W. of A. and Royal Highlander lodges have arranged to give G. W. Clark, E. A. Stocklander and W. H. Illian a farewell reception on next Monday evening... F. O. Graves of Leigh has been here this week, under the care of Dr. McKinley. He was the victim of a coronal accident, having his right hand badly torn. He is fortunate in being able to save the member.

—Everybody is on the look-out for specialties in their line. A somewhat lengthy article elsewhere in today's JOURNAL on "Ginseng," published by request, may be worth hundreds of dollars to some man who reads it just right, and who ponders over what he reads. One of our well-posted friends tells us he believes that by the use of irrigation water and forty acres of such land as Pat Murray has, 20,000 bushels of potatoes could be raised in a season, and a big profit made. You have, perhaps, raised potatoes in Nebraska, and are fairly good at figures. Suppose you send THE JOURNAL your estimate of outlay and income, allowing a margin each way for reasonable contingencies.

—Mrs. M. E. Nelson sold her farm two miles south of town on Monday to Ernest Scholz for \$7,500. She bought this same land one year ago last March for \$4,200. This is just about the average advance in real estate here in the past eighteen months. Sheriff Nugent has a couple of young fellows in jail charged with horse stealing. The horses were stolen from Charles Olson who lives about 30 miles southwest of Osceola near Arborville. The sheriff got the boys at St. Paul and got back with them yesterday. They had traded the horse off but they were positively identified by the parties with whom they traded and there seems to be a clear case against them. Their names are Fred Lamb and Ben Mundell. One lives at Aurora and one near Bradshaw.—Osceola Record.

—The department of illustrated cookery in Table Talk is becoming more valuable to housekeepers. The half tone pictures are large, showing distinctly the appearance of the finished dish. The illustrations in the Christmas number are especially prepared for the holiday festivities. Among the timely articles are: "The Conventional way of Setting the Table," by Mrs. Burton Kingsland, an eminent authority. "What are Household Economics?" "Dining Table Decorations;" "A Christmas Thought;" "The Christmas Feasting;" by the cooking editor; "All through the Year;" "Novelties and Holiday Menus." The December number appears to have made itself especially helpful to its readers during the Christmas time, by its menus, suggestions and illustrations. It is a valuable assistant to the housekeeper because it is practical and reliable and is the acknowledged American authority in its field of endeavor. Recent issues will, on request, be sent free to our readers, or the Christmas number for 10 cents by sending to Table Talk Publishing Co., Philadelphia.

### OUR CHRISTMAS OFFER.

One of our fine hand-colored dollar and a half Medallions free with each dozen cabinet photographs from now until Jan. 1, 1903, at Soley's Art Studio.

—The more the community use books of the public library, the greater benefit will it be to the individual users of the books, and of course the greater incentive to the increase of the number of books. There are now about 800 volumes, and they are a good class of books. Forty books are now out, the others idle on the shelves, when you might as well as not be occupying your spare time in reading some of the numerous good books on the list. Persons living in the city can have the use of books free; to others \$1.00 a year is the charge. The library is open Tuesdays and Saturdays—afternoon, 2 to 5:30; evenings, 7 to 9. A magazine club is being formed. Twenty members are desired, to pay \$1 each for the use of all the magazines that can be secured for the money. The Woman's club, which has done so much to further the library work, is about to donate a nice table for the library room.

—Friday, two carloads of patients from the State asylum for the insane which had been located at Norfolk, passed through the city bound for Lincoln under charge of Dr. Green. To many people in the north part of the state it seems as though great injustice has been done to Norfolk in the removal of these patients, unless it may be intended as a matter of present economical management, and under all the circumstances an absolute necessity in the interests of the patients themselves. Probably the public generally do not know the extent of damage done by the fire at the Norfolk asylum, and it may be it has been such that, winter coming on, it was not advisable to undertake needed repairs. The officials of the state of Nebraska will make a very grave mistake if, in the least degree, they abate the care of the helpless wards of the state's free generosity. Let these stricken people feel humanity and intelligence are always alert to do them what good can be done in their distressed condition.

—Miss Emma A. Dawson died at her home west of this city Thursday afternoon, after a sickness lasting through two years, one year of which she was bed-ridden, and through all she has been a great sufferer. Miss Dawson was born in Jones county, Iowa, March 20, 1869. For a number of years she lived with her sister and brothers west of this city. She was a graduate of the Monticello, Iowa, high school and also attended schools in St. Louis, Mo. She taught school in her native state, and, after moving to Columbus, spent one year as a governess and about two years as teacher in the city schools, and was compelled to resign her position here on account of sickness. Miss Dawson leaves two sisters and five brothers to mourn her departure. They are Miss Jennie Dawson, Mrs. Bushman, Boyd, Frank Joseph, John and William. Miss Dawson was a person of strong character. She did not make friends of all her acquaintances, but those who were near her were very dear to her. Her school work in this city is remembered kindly by all her pupils, who recognized her goodness of heart, true worth, and devotion to their best interests. Funeral services were held Sunday afternoon at the farm house at 2 o'clock. Rev. Becker preaching the sermon, Meedames Evans and Chambers and Messrs. Cornelius and Schroeder furnishing the music. Interment in the Columbus cemetery.
