—An extra went up the Sioux City branch Sunday at 11 o'clock, turned back at Emerson, and didn't get here till 3 o'clock Monday morning. The very cold weather interfering greatly with all kinds of railroad traffic, and helps to make that business expensive.
—The ground was covered with snow Sunday night, and as we write this, snow, 11 o'clock, Monday, snow 11m the air, and is falling in a steady, business-like way that looks good to the farmer who is prepared for it, and who is placing a share of his hopes on winter wheat and rye.

—There were more inquiries than a few Saturday morning for the services of the plumbers, and from all the evidences in sight, it seemed as though the freezing up had been mainly accomplished in the morning. The lowest degree registered here that we heard of was 18° below zero at 9 o'clock.
—The 36th the democratic editors of the state will meet at Columbus to organize, there being no better place in Nebraska except, possibly, South Omaha, to get well organized. They will doubtless debate "to fuse or not to fuse," but they will not refuse. The editors will have a good time at Columbus, whatever else happens.—Fremont Tribune.

—Will Kosenbrock was shaken up a little Monday morning, his horse shying near the Meridian hotel, the sudden jerk breaking the single tree of his delivery wagon; the breaking of the shaft and tug quickly following, the wagon going to the sidewalk, the horse getting loose, and running to Stevens' barn where he was caught, and Will, falling onto the snow and sliding along for about twenty feet, thankful that he was not hurt any to speak of.

—Disease and danger lurk in the vital organs. The blood becomes vitiated and the general health is undermined when over the stomach and liver fail to perform their functions as nature intended. HERBINE will tone up the stomach, regulate the liver, where other preparations only relieve. Price 50 cents. A. Heintz and Pollock & Co.

—Last week we made mention of Mr. and Mrs. M. Brugger entertaining to dinner the teachers of the First and Second ward buildings, but we find our item was abbreviated. On Friday evening the teachers of the Third ward were entertained and on Saturday the High school teachers and all the principals of the different buildings.

—Adrian M. Korman, an improvisator of great skill, will give an entertainment on Wednesday, December 13. This entertainment, which is the third number of the High school lecture course, has been substituted for Mr. Ralph Parlette, whose name is on the season tickets. The change has been made owing to some conflicts in the December dates.

—Friends of Postmaster Kramer were congratulating him Thursday upon his re-appointment as postmaster, and he was evidently enjoying the situation, as well he might, with increased business during his occupancy of the office, increased allowances for clerk hire; no serious complaints against the manner of conducting the office, and a reasonably fair outlook for the ensuing term.

—More books taken out Saturday last from the public library than on any other day since it was opened. The list, comprising some 800 volumes, contains excellent books. By the way, it is not generally known how valuable the High school library is becoming. Many days, the number of books in use by the pupils equals the entire number of children in attendance.

—Last Friday the Kumpf Bros. traded their two Belgian stallions to Dr. Hansen for 100 acres of land five miles south of Platt Center. The consideration was \$25 an acre for the land and \$2,000 for the stallions. These stallions are very valuable animals, one of them being but three years old, the get of the other. The older one is an imported animal. They earned the Kumpf Bros. more than a thousand dollars last season.
—Platte Center Signal.

—Thomas Gogan was found dead Friday morning last near the windmill on his farm. The rumor here at first was that he was to be here the same day to testify in the hold-up case, and that he had been murdered, but later there is nothing to create a suspicion of the kind.
—No marks of violence, and the body was found when it was found. It is said that he left Sunday afternoon, and that he had been drinking heavily. Deceased was about 45 years of age.

—Go to Frank's for your Xmas candies, nuts and fruit, and don't forget the sale of Surprise Boxes, next Monday and Tuesday, December 23 and 24, of Xmas goods to be sold at auction. We have just received from St. Joseph, Mo., 100 ladies' capes, coats and jackets, to sell at auction; must be sold; come in and look them over. We are still at the old stand on east Eleventh street.

—The fire alarm was given Thursday evening a little after 8 o'clock, and the fire department turned out promptly, as usual, to the Second ward school building from the chimney of which the burning roof was issuing. JOURNAL readers will remember that once before the department was called on a similar occasion to this building, but then the sparks threatened destruction to the roof. This time there seemed little danger. With fire, as with many other threatening dangers, it is best to be on the safe side, when one can be found.

—Genoa is having an epidemic of chickenpox, there having been about forty cases in town the past ten days.
—Dr. Martyn and Evans of Columbus came up the last of the week and performed an operation upon Miss Nellie Coffin for appendicitis which was entirely successful and the patient is progressing nicely.
—John McFayden died Thursday, December 5, aged 90 years. For the past three years he had been in feeble health, and a few days before his death suffered a stroke of paralysis. He left a wife and a large family of grown children to mourn his departure.—Genoa Leader.

—The Irrigation company have completed their connection with the Loup river, and are now supposed to have at their disposal all the water that can be used along the line of the canal the coming summer. The day before the freeze-up came, there was a strike for an 8-hour-day limit, but the weather practically settled the question without consulting either the teamsters or the company.
—General Prosperity don't seem to stop striking. It is said that the motive for striking is very different from what it was before General Prosperity began to get in his work.

—Mrs. Ellen Kyle, wife of John B. Kyle near Dunsmuir, died Thursday afternoon at 9 o'clock. Mrs. Kyle had been ailing about a year and a half and was not seriously ill until about a week before her death. The deceased was born in Ireland in 1841, coming to America in 1870, and living in Platte county since 1871. Mrs. Kyle was married to Mr. Kyle 32 years. She leaves her husband and one daughter, Miss Mary C., to mourn the loss of a loving and faithful wife and mother. Funeral services were held Saturday morning at 11 o'clock in the Dunsmuir Catholic church, Rev. Stanowski officiating, after which the body was interred in the Catholic cemetery in Dunsmuir.

—The editor of the Osceola Democrat speaks of an important public interest in the following manner: "On Monday of this week we made a trip across the country into Platte county, and visited the irrigated fields around Monroe. The system is not yet perfected as it will be later, and at the present time a large ditch is being dug which will connect the Loup and Beaver rivers. Next season this will furnish an abundance of water for the fields. All those who are under the ditch this year and taking the water report immense yields. Corn is going from eighty to ninety bushels to the acre, while potatoes are reported at 150 bushels. A larger extent of the country will be irrigated next year and the prospects are good for a very valuable part of irrigated fields in Platte county."

—Santa Claus' advance agents have been in the city whenever the weather was at all favorable the past week, and we imagine from the activity shown by them that the orders from headquarters are even more generous than is usual, which is surely saying a good deal. Our best information is that there will be a very special effort made to reach more of the young folks than usual. The Journal is not in the habit of making any mistakes in such matters, and we must say that we have never known a better state of affairs for the Christmas time than now. Some token of kindly remembrance is always in order; it is not the costliness in money value, at all, that makes the gift a worthy one. A dear friend may seem to have been offended, you know not why or how. A kindly letter to him, asking advice, conveying information or treating of something of common interest to both may clear the atmosphere of smoke, and restore the equilibrium. Such things are very close to the heart of Santa Claus, when he distributes his gifts. We have been pretty familiar with the Old Boy for three score years, and believe in his kindly ways with increasing depth of feeling.

—Rev. William Carroll Bosch, pastor of the Baptist church of this city and also of the Platte Center charge, died Friday morning at 9:30, after an illness of less than two weeks, from heart trouble and pneumonia. He was born February 1, 1835, in Carroll county, Tennessee. In 1848 he moved with his parents to Illinois, where in 1860 he was ordained to preach in the Presbyterian church, and served his first congregation in Palmyra, Ill. In 1869 he joined the Baptist church, and was ordained to preach that faith in Girard, Ill. For many years he preached in central Illinois until 1900, when he took the pastoral charge of the Plainview, Nebraska, Baptist church. The latter part of last April Rev. Bosch came to this city and has endeavored himself to all those who have known him, by his christian qualities and genial, kindly nature. On December 1st, the deceased preached three sermons, here in Columbus in the morning and evening, and in Bellwood in the afternoon. He was taken ill during his evening sermon, and from that time was a sufferer. Rev. Bosch was married to Miss E. Huskey, Oct. 22, 1858, and by their marriage they have three sons, Edgar B., who is a missionary to Burmah, Roy V., of Decatur, Ill., and John, of Aurora, Neb. Miss Ella Norcross, an adopted daughter, and Carroll Bosch, whose father is in Burmah, are those of the household at present. Funeral services were held Sunday morning in the church at 10 o'clock. Rev. Brinstead, Sup't. of State Missions presiding, Rev. Manro and Rev. Luce assisting in the service. The main thought of the remarks was "I have fought the good fight." The ball-bearers were: W. A. Way, H. Burrum, R. Y. Lisco, A. Berger, Mr. Frazel, A. B. Cramer. The Masonic lodge attended the funeral in a body, and followed the remains to their last resting place in the Columbus cemetery.
