PARISH PRIEST

A PLAY
OF MARVELOUS STRENGTH.
INTENSELY INTERESTING.

6 WEEKS IN NEW YORK
Boston.
ENTIRE PRODUCTION CARRIED.
One-Time Here Only—One
TICKETS, \$1, 75c, 50c.

—Dr. D. A. Lewis, well known to many of our readers as a prominent citizen and retired physician of our neighboring town of Albion, died at his home Friday morning of paralysis, aged 54 years. He came to Albion in 1872, and continued in the practice of his profession and drug business until two years ago. He was a delegate to the national republican convention that nominated Garfield. It is said of him that no one was ever too poor for him to attend, and no weather too severe for him to decline a call.
—Monroe has organized an agricultural society. The republican says of the first meeting: "Alfalfa was the only topic on the program that was brought up for discussion. Isaiah Lightner and C. J. Wagner gave some of their experiences in seeding alfalfa. Dicing was better than deep plowing in preparing the seed bed. The young seedlings are very tender and must have a well pulverized but compact soil in which to start. Cover lightly with a harrow. Mr. Lightner had failed in getting a permanent stand in winter ground."
—The last attraction of the season, concluding the winter's entertainments under the auspices of the Columbus High school, took place at the North opera house Thursday evening last when Gen. Z. T. Sweeney of Indiana delivered his famous lecture "The Golden Age." Notwithstanding the inclement weather, a large and very appreciative audience greeted the speaker, and all whom we heard express themselves as it was decidedly the best entertainment of the season, and a return engagement at any time would doubtless draw a still larger audience.
—From the Norfolk News of last Wednesday, we gather the following concerning the Teachers' association for this week's session: Local musicians under the direction of Mrs. Beale, the Columbus High School orchestra and the department of music of the Wayne normal school will provide the music. Miss Jessie Maw, Lindsay, will lead in the discussion of the educational value of music. Miss Elizabeth Sheehan, Columbus, is to give her views on primary reading the first four months. "The test, its value and method of grading it," is the theme of W. N. Kern's address on Friday.
—The Schuyler Quill says that the man Fleak, charged with the crime of manslaughter as to the two women who lost their lives by drowning, has been held to the district court in a bond of \$2,000. He is still in jail. The next term of the district court is in May. The hearing occupied one day. The testimony given was mainly circumstantial.
—A. D. McKensie died at his home in St. Louis, Mo.; interment in the Schuyler cemetery. He was a son of J. C. McKensie, who lives about eight miles northeast of Schuyler, and was born February 5, 1873. ... W. H. Widener and J. M. Murphy and family departed this week for their future home at Harrisburg, Oregon.
—Perhaps few of our people know that Fullerton was the scene of a genuine landslide Saturday night. A good sized slice of the Leap caved off into the Cedar. No damage was done except to fill up the river a good deal, in that place. ... We acknowledge a pleasant call from Dr. Homer A. Hansen of Columbus yesterday. Dr. Hansen is a candidate for nomination on the republican ticket, for congress from the Third congressional district. Dr. Hansen is a very genial gentleman and is meeting with great encouragement. ... Joe Mahaffey, formerly of the Columbus Telegram, came up Saturday and will have charge of our job department. Mr. Mahaffey is one of the best job men in the state and we consider ourselves fortunate in securing him. We have in a new supply of type and are better prepared than ever to turn out the finest kind of job work. —Fullerton News-Journal.
—Last fall a contest was arranged between the orders of the A. O. U. W., of New York and Nebraska, to ascertain which would, at the end of three months, have secured the largest number of new members. The figures are now at hand which show that the Bug Eaters won easily over her big rival. In December, New York secured 415, Nebraska 468; in January, New York 219, Nebraska 569; in February, New York 476, Nebraska 1,216, making totals of New York 1,110, Nebraska 2,252. The record of the order of this state, in securing new members, of February, exceeds that of the order for any one month since its organization. Columbus lodge 298 of this city took a lively interest in the contest and added some forty names to its membership during that time, the most of which, however, were received too late to be covered in the contest. Nebraska comes out ahead, all the same, by 1,142. Hurrah for Nebraska!

—The Advance of St. Edward says that W. C. Statton is again able to be at his place of business after an absence of five days. ... That Neils Hasselbach's office furniture arrived Thursday, and he expects to be in his new quarters by April 12. ... Mrs. James O'Donnell was taken quite sick March 23, but was some better at date of paper, March 28. ... That Mrs. Wm. Sharp, who has been sick at the hospital in Omaha, was transferred to the hospital at Columbus, where she is at this writing. Her condition is reported much improved, and it is believed that she will be able to leave the Columbus hospital within the next few days.
—The Leigh World says: Otto Staab and Charley Taylor of Columbus, were in Leigh from Friday until Monday of this week. ... Frank Wurdeman's stock sale near Bohobet last Monday was well attended and the property brought good prices. ... R. B. Cowdery returned from Omaha Saturday evening where he had been visiting his son and other relatives for a couple of days. ... Nine people left Leigh this week for Oregon where they will make their home. Their immediate destination being Lebanon, Oregon. The party which left Leigh was composed of Mr. and Mrs. Geo. L. Allen, Miss Lottie Allen, Elmer Allen and Geo. Allen and Mr. and Mrs. Henry Schaefer and baby. Geo. L. Allen, Jr., went through with a car of household goods and live stock which left Saturday.
—Wm. Wagner, who has just closed a very successful term of school at Cornelia, was in the city Monday. He made our public schools a pleasant call and also this office. Mr. Wagner informed the editor that he is contemplating starting in the newspaper business in the near future. He does not know for certain just where he will locate yet, but he is thinking some of starting a daily in Columbus. Mr. Wagner is a bright and intelligent young man and we cannot but wish him success wherever he locates. We clip the above from the Lindsay Post of March 25. We had supposed that Brother Howard of the Telegram would make the first-entire venture at a daily for this city, and we yet so believe. The logic of the situation has that solution, unless some good demagogue, populist, anti-democrat or populist straight, with some ten or fifteen thousand dollars to "throw to the birds" desires to play with the winds in those parts. Outside THE JOURNAL, the other newspapers of the city are printed on the press of the City.
—Prof. A. McMurry, for the last two years superintendent of schools at North Bend, has been employed as superintendent at Central City. Several of the teachers have announced their intention of retiring, either temporarily or permanently from school work, and a number of vacancies will have to be filled. The assessors for Merrick county at their meeting last week fixed the following schedule for the assessment for 1920: Work horses \$5 to \$20; pedigreed horses \$50 to \$200; cattle, 6 months old \$2; yearlings \$3; 2 year \$4; 3 years and over, \$4 to \$9; milk cows \$5; mules \$5 to \$20; hogs, all ages, per cwt. \$1; piano \$10 to \$30; telephone property, one wire, per mile \$20; same, two wires or over, per mile, \$35. All other personal property at one-fifth its value. Real estate values were fixed at the same figure as last year. ... John Donovan, sr., died March 20, at his home near Chapman, aged 82 years. He was one of Merrick county's oldest settlers, coming in 1868. Five children survive him.—Nonpareil.

—The Humphrey Leader says: Albert von Bergen and family moved to Petersburg Friday. Mr. von Bergen bought a farm one-half mile east of that place and expects to make that his future home. Jacob Kropp handled a load of machinery to Oldenbush Monday and placed the same in the implement house which H. J. Bruning has established at that place. ... Charles Binson and Miss Alma Leuchon of Bohobet were united in the holy bonds of matrimony Thursday of last week at the home of the bride's parents, Mr. and Mrs. H. G. Losench. ... Miss Annie and Mary Leuchon of Columbus, who have been visiting relatives in this city for the past week, returned to Columbus yesterday. ... Herman Teskoetter left Sunday noon over the Union Pacific for different parts of Germany to visit several months with relatives and friends. ... Mr. and Mrs. Carl Segelmeier came from Columbus today to visit with Mr. and Mrs. Geo. Schmidt.
