The evening was spent in social games, after which refreshments were served. There were about sixty present. All well pleased and retired at a late hour.
—We were in hopes that Columbus would take the initiative in furnishing a reading and resting room for the accommodation of country women when they come to town, but Central City is likely to get ahead of us as the last issue of the Democrat said that such a place would soon be opened there by the ladies of that city. The editor thought the move on the part of the ladies a worthy and commendable one and ought to prove popular with the ladies who come to town to trade and have no place to go and rest when the shopping is through. Reading matter will be furnished and everything done for the comfort of those who call.
—The two trumpet soloists of the Royal Italian Band are among the greatest Italy has ever produced. It is well known among musicians that trumpets are much more difficult to master than cornets and that for playing the leads of a band they are much superior, having a clearer, purer tone and greater carrying power. The two solo trumpets of this band are in the hands of two great artists, Signor Domenico Palma and Signor Elbio De Mizia. Signor Palma came to this country as second trumpet player in the original Banda Roma. He was but twenty years of age, but since then he has made such strides in his art that today he is recognized as a trumpet soloist without an equal in America. At North opera house Thursday evening.

—Invitations to the marriage of Miss Irma, daughter of Colonel and Mrs. W. F. Cody (Buffalo Bill) to Lieutenant Clarence Armstrong Stott, U. S. A., have been issued, and will be of interest to friends of the family in this city, the young lady having visited here on several different occasions. The marriage occurs at high noon on the 24th of February at the home of the bride's parents in North Platte, Nebraska. They will make their home at Fort Clark, Texas.

Harris and F. Friday, captains. David City and Rising will line from R. Smith's west to J. Barn's, R. Hagerty and J. Jordan, captains. Shelby and Oconto will line from J. Barn's north to south channel, Jack Brannigan and H. Crook, captains. Columbus will line from west channel bridge east to Clear Creek mill, H. Cochran and A. Jackson, captains. Lines to form at 11 a. m. and center on section north of Jim Thompson's farm at 2 p. m. If stormy the hunt will be next day.

Anderson will give a Valentine party in honor of Gilbert's birthday, to which about forty persons have received invitations.
—Mr. Frits Jaeggi of Berno, Switzerland, nephew of Adolph and Leopold Jaeggi, arrived here last week from New York where he has been with Mr. E. E. Babcock working in the interest of the Columbus Power canal. Mr. Jaeggi is accompanied by Dr. Kaiser also of Berno, who is here to look up the possibilities of establishing a factory for the manufacture of condensed milk. Dr. Kaiser is a chemist by profession, and should the power canal be successfully established, he finds conditions favorable in this locality for the manufacture of this product, he will become one of the business promoters of this city. The manufacture of condensed milk would mean a great deal to the community not only in the way of factory work but to farmers in the dairy business. Mr. Jaeggi is well pleased with the progress made in regard to the power canal, and will probably remain until March in the United States.
—The city council met in regular session Friday evening. The fire department submitted their report of the election of officers for the department—L. F. Gottschalk as chief and Harry Lohr assistant. The election was confirmed by unanimous vote of the council. Ex-Chief Sam Gass presented his report, which was placed on file. The following resolution was offered by a committee composed of Phillips, Stillman and Galley, who had been appointed to investigate the street lighting problem: "Whereas, the streets of the city of Columbus are very poorly and inadequately lighted, and whereas, the city has an engineer employed with ample power to furnish good lights and plenty of them for all our streets, therefore be it resolved, by the city council that a committee be appointed to get estimates of the probable cost of the necessary machinery to furnish light and cost of running the same." Monday morning the council met again and ordered a number of sidewalks repaired.
—District court was in session from Monday to Friday of last week, Judge Grimmon presiding. August Berber, the young lad who was charged as being accomplices with his brother Herman in the killing of their father, was arraigned before the jury. The state waived examination and a verdict for acquittal was rendered. County Attorney Latham then filed an information before County Judge Battersman, who ordered the boy sent to the reform school. The case in which Robert Wagner sues the city for \$2,000 for personal injuries caused from a defective sidewalk on request of defense has been continued. A judgment amounting to \$250 for attorneys fees was given McKillop & McAllister against C. T. Peterson of consulting the village board of Creston. The Hughes vs. Sipple suit shown, as they always do, their best of esteem toward the members of their branch by a full attendance at such gatherings. The evening was spent in social games, after which refreshments were served. There were about sixty present. All well pleased and retired at a late hour.
