

Synopsis of Proceedings in Both Branches of the Twenty-Eighth General Assembly.

SENATE.

At the morning session of the senate on the 6th the following bills were passed: S. F. 118, relating to the land...

HOUSE.

Instead of taking up bills on first reading, the house on the 6th...

By previous agreement the representatives did not expect any business on the 7th and only a bare quorum...

The house convened at 2 o'clock on the 8th and took up bills on second reading. Sixty-four measures...

Proceeding to bills on their final passage, the house on the 10th passed several measures...

McClay of Lancaster on the 11th introduced in the house H. R. 48...

McClay of Lancaster on the 11th introduced in the house H. R. 48...

The senate committee on accounts and expenditures, instructed to examine into the workings of the state printing...

My Day's A-Coming. I know my saying's common. But it's no less wrong for that...

None of the days is labeled. They are every one for you. Your day, if you'll but use it...

In God's last grand accounting 'Till he asked of you and me...

Col. Kneffer's Regiment. The Seventy-ninth, commanded by Col. Frederick Kneffer is memorialized on the battlefield of Chickamauga...

To the Seventy-ninth Indiana. The state seal. This regiment captured the only confederate battery captured and held.

Getting the Whisky into Camp. The first Christmas I spent in the army was a very dismal one...

Refused Money From McClellan. An old soldier of the name of Sprague was in the city a few days last week...

Shrewdness of Gov. Tod. Gov. Tod of Ohio was a wonderful mobilizer of troops...

Gen. Snowden Andrews, who died in Baltimore the other day, enjoyed the distinction of being the only man in the world who possessed a metal abdomen...

World's Supply of Gold. It is anticipated that the world's supply of gold will be doubled in the next ten years.

Pressure on Boilers. Water tube boilers are now made to stand a pressure of 350 pounds to the square inch.

The Old Piano. With tarnished keys, once white as milk, and dulled for light duty...

Revisits Old Battlefield. Forty years had passed away since I took part in the stirring scenes of the eventful and fateful Seven Days' battles...

Enforcing Maximum Rates. Kennedy of Douglas, author of the house resolution providing for the enforcement of the maximum freight rate law...

Guard the Blotum Law. It is earnestly urged that the law definitely postponed a bill to change the Secum Liquor law...

and dying men quenched their thirst that battle afternoon. It was served also by the owner, who fought over his own land that day.

Veteran's Proud Record. Joseph Levy of Claremont, N. H. is believed to be the heaviest barrel in the world...

He is, withal, a very powerful man. At the second battle of Bull Run in a charge across the railroad he shot one rebel, then ran forward, grasped the next man and started with him toward the rear...

At Brandy station his regiment, the Second United States Cavalry, charged a regiment of rebel cavalry...

Refused Money From McClellan. An old soldier of the name of Sprague was in the city a few days last week...

Shrewdness of Gov. Tod. Gov. Tod of Ohio was a wonderful mobilizer of troops...

Gen. Snowden Andrews, who died in Baltimore the other day, enjoyed the distinction of being the only man in the world who possessed a metal abdomen...

World's Supply of Gold. It is anticipated that the world's supply of gold will be doubled in the next ten years.

Pressure on Boilers. Water tube boilers are now made to stand a pressure of 350 pounds to the square inch.

The Old Piano. With tarnished keys, once white as milk, and dulled for light duty...

Revisits Old Battlefield. Forty years had passed away since I took part in the stirring scenes of the eventful and fateful Seven Days' battles...

Enforcing Maximum Rates. Kennedy of Douglas, author of the house resolution providing for the enforcement of the maximum freight rate law...

Guard the Blotum Law. It is earnestly urged that the law definitely postponed a bill to change the Secum Liquor law...

Facts on Michigan Live Stock. The January report of the Secretary of State of Michigan gives the following information on the condition of and prices for live stock in that state:

The average condition of live stock in the state is reported as follows, comparison being with stock in good, healthy and thrifty condition:

Horses, cattle, sheep and swine, each 96 per cent. The average price of fat cattle was \$4.03 per cwt. of fat...

Best Horse-Breeding Section. Dr. C. D. Smead of New York state says: Where are the best locations for horse breeding?

Prof. Thomas Shaw: That the bacon types of swine are more prolific than the lard types will be questioned. The only uncertainty regarding it is the percentage of the increase in prolificity.

Shrewdness of Gov. Tod. Gov. Tod of Ohio was a wonderful mobilizer of troops...

Gen. Snowden Andrews, who died in Baltimore the other day, enjoyed the distinction of being the only man in the world who possessed a metal abdomen...

World's Supply of Gold. It is anticipated that the world's supply of gold will be doubled in the next ten years.

Pressure on Boilers. Water tube boilers are now made to stand a pressure of 350 pounds to the square inch.

The Old Piano. With tarnished keys, once white as milk, and dulled for light duty...

Revisits Old Battlefield. Forty years had passed away since I took part in the stirring scenes of the eventful and fateful Seven Days' battles...

Enforcing Maximum Rates. Kennedy of Douglas, author of the house resolution providing for the enforcement of the maximum freight rate law...

Guard the Blotum Law. It is earnestly urged that the law definitely postponed a bill to change the Secum Liquor law...

Why Poor Cattle Are Marketed. From Farmers' Review: In reply to your inquiry: Why are there so many immature, half-fat cattle being sent to market?

At the last meeting of the Illinois Horticultural Society, S. A. Forbes, state entomologist, said: The two common orchard scales—the scurf scale and the oyster-shell—have been found on different insects...

As a protection for the eggs. These insects are two-brooded in our latitude, the first hatching early in May and the second mostly in July.

Skimmed Milk for Pigs. Too often the value of the so-called by-products of the dairy is not fully realized by the farmer. The dairyman, for instance, whose first object is to produce as much milk as possible...

Digestible nutrient in 100 pounds. Cow's milk, Skim milk, Gravity, Butterfat, Protein, Carbo-hydrates, Ash, Ether extract.
