The reports of the various retiring officers were adopted and a vote of thanks given each for efficient service. It was resolved to telegraph President North Carolina, E. W. Fuller, Washington, the resolution favoring the pensioning of veterans of 62 years of age, which was adopted yesterday.

The encampment unanimously adopted the following resolution, introduced by Captain P. H. Coney of Topeka, Kan.:

Resolved, That we congratulate that splendid soldier, exemplary commander and patriotic citizen, General Nelson A. Miles, upon his attainment of a distinguished and honorable retirement after a matchless record as a soldier of over forty-two years of service, without just criticism of his official conduct, which began as lieutenant in the Twenty-second Massachusetts infantry, progressing by the brightest grade of heroic patriotism from Massachusetts to Appomattox, during the greatest of all civil wars, from 1861 to 1865 and illuminating this record by his great military achievements as a successful Indian fighter, and again as a great military disciplinarian and organizer.

FEARS OF MORE MASSACRES.

Powers Very Anxious Over the Situation in Salonica.—The ambassadors of the powers have again drawn the attention of the press to the fears of massacres at Salonica, and have demanded the adoption of immediate and effective measures for the protection of the foreign consulates and the subjects of the various powers.

Letters received here from Uskub say there is evidence there of a great feeling of unrest. The mosques are guarded by troops, and it is feared they may be attacked.

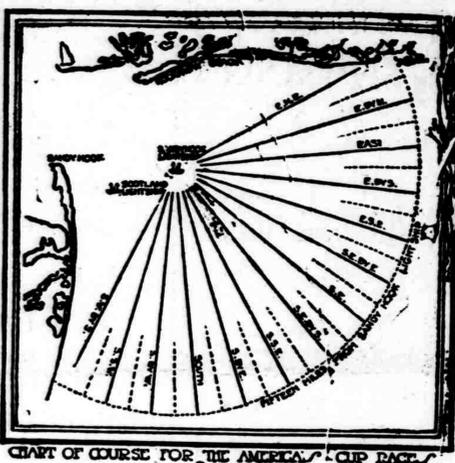

Serbian refugees are arriving at Uskub from Dibra, having fled from that place owing to the fear of a massacre. The Albanians in that district have burned a number of Bulgarian villages.

The Socialists Are Divided.

BERLIN.—The socialists are entitled to have appointed from their party one of the three vice presidents of the reichstag on account of their increased representation, and the other parties appear willing to concede this. The socialist leaders differ as to whether they ought to accept the office, because it would limit their complete freedom of obstruction and opposition. Herr Bebel takes this view.

Nine Months for Jollying Emperor.

BERLIN.—Konrad von Flietz, an actor, was sentenced to nine months' imprisonment on a charge of lese majeste in being the German emperor in his jokes at the theater. Flietz was engaged at the German theater at The Hague at the time when the emperor was honoring Field Marshal Lord Roberts in Berlin. He sang couplets voicing the feeling among the Dutch against Emperor William.

YACHTS SAIL IN VAIN.

Reliance Gains Many Minutes in Drifting Match for America's Cup.

NEW YORK.—One of the biggest crowds of sightseers and yachtsmen that ever sailed down Sandy Hook to witness a battle for the yachting supremacy of the world, returned to New York Thursday night disappointed because the wind failed, leaving the yachts disabled. Nevertheless the crowd was jubilant in the conviction that Sir Thomas' latest challenger, like the two which had preceded it, was doomed to return to England empty-handed.

The first race for America's cup was declared off at the turn when Reliance was sixteen minutes in the lead, having gained that much in a fifteen-mile drift. Of course the race was not absolutely conclusive owing to the light and shifting character of the air, but in a fifteen mile beat to windward, a portion of which was sailed in a driving rain, Reliance showed its heels to Shamrock III in commanding style, and that, too, under weather conditions supposed to be to the particular liking of the challenger. Five's latest creation has been heralded as a wonder in light breezes in windward work, especially with a jumpy sea on, while Reliance, in its trials, had done its best reaching and running in a whole sail wind. Yet today, with a breeze varying from one to twelve knots and against a long ground swell, the defender outfooted and outpointed Shamrock III.

OYSTER BAY THEIR MECCA

President Has Many Callers During Day at Summer Home.

OYSTER BAY, L. I.—Financial legislation and New York state politics were the principal topics of discussion Friday between the president and his guests.

Early in the day Representative Hill of Connecticut talked with the president of the prospect of enacting remedial financial legislation at the approaching session of congress.

William D. Murphy of New York, a long-time friend of the president, also discussed financial legislation with Mr. Roosevelt.

In the evening Secretary Cortelyou of the department of commerce and labor and Representative Babcock of Wisconsin were dinner guests of the president. Secretary Cortelyou spent the night at Sagamore Hill.

Governor Odell of New York also had a three hours' conference with the president.

URGE MILES FOR GOVERNOR.

Massachusetts Democrats Would Put Him in Governorial Chair.

BOSTON.—The Globe, democratic, says that General Miles, who is a native of this state, has been suggested by some of the politicians in the party as a possible nominee for governor of Massachusetts on the democratic ticket. Should he be chosen governor, it is claimed, he would be a logical candidate for the presidency.

The Globe adds that General Miles' friends say he would accept the nomination for governor.

Place for Miles' Son-in-Law.

WASHINGTON.—Major Samuel Reber, signal corps general staff officer, has been detailed secretary of the army war college. He is the son-in-law of Gen. Miles, retired.

Massacre Women and Children.

LONDON.—According to a Belgrade dispatch to the Daily Mail, the Turkish troops, under the pretext of pursuing revolutionary bands, have destroyed the villages of Armenians, Greeks, and Bulgarians, massacring the women and children. The male inhabitants fled to the mountains and joined the insurgents, who are especially numerous in that locality.

Breaks Globe Trotting Record.

SEATTLE, Wash.—James Willis Sayre, the globe trotter, reached Seattle at 4:15 Wednesday afternoon. At 5 o'clock Mr. Sayre had been gone from Seattle exactly fifty-four days, eight hours and fifty-five minutes. The best previous record, made by Charles Cecil Fitzmorris, was sixty days, thirteen hours and twenty-nine minutes. Thus Mr. Sayre has broken the record more than six days.

Insurrection Is Gaining.

ROME.—Dispatches from Bulgarian sources received here indicate that the insurrection in the Balkans is spreading and daily gaining ground. The headquarters of the revolutionary forces are in the high plateau of Baba Pelister, which is considered the key to the vilolet of Monastir, and the insurgents are strongly posted on all roads leading to Salonica and Monastir.

Prize Sugar Beet Exhibit.

OGDEN, Utah.—H. O. Havemeyer of New York, on behalf of the American Sugar Refining company, has offered a cup valued at \$500 for the best exhibit of sugar beets raised in the arid or semi-arid regions, to be shown at the irrigation congress in Ogden next month. Commander Booth Tucker of the Salvation Army will appear before the congress and speak on "Colonization."

Santos Dumont's Health Broken.

PARIS.—The Temps says M. Santos Dumont is going to Brazil to restore his broken health and that accordingly the experiments with military balloons have been postponed.

Longest Fence in the World.

Helena, Mont.—The fence about the Fort Belknap reservation, which is forty miles long and sixty miles wide, has been finished. It probably is the longest fence in the world and has taken years in building. The plan is to protect the flocks and herds of the Grovettes and Assiniboines from intrusion, as well as to keep them from straying.

Millers Favor Reciprocity.

FARGO, N. D.—At a meeting of the millers of North Dakota and northwestern Minnesota held here, resolutions were adopted favoring reciprocity between the United States and all the countries importing American flours.

The resolutions also endorsed the action taken by the Millers' National federation convention held in Detroit favoring reciprocity between the United States and Canada.

Turnkey Kills a Convict.

RAWLINS, Wyo.—James Williams, a convict was shot to death in his cell in the state penitentiary Tuesday by Ernest Goodsell, night turnkey. Reached through the bars, Williams seized Goodsell and wrenched his keys from his hand. After a struggle, Goodsell succeeded in drawing his revolver, and shot Williams in the head. Williams, who was serving a sentence for grand larceny, escaped from prison June 5, last, but was recaptured.

Mobilize Bulgarian Troops.

SOFIA, Bulgaria.—Orders have been issued for the mobilization on Wednesday of two divisions of reserves. It was rumored that they will be employed in strengthening the forces of the frontier to prevent the passage of Bulgarian bands into Macedonia. The officials, however, state that this rumor is unfounded and that the reserves were called out to undergo their customary training of fifteen days.

THAT CANAL FACT.

It Is Rejected by the Senate of Colombia.

WASHINGTON.—A cable dated August 12 has been received at the State department from Minister Beupre, at Bogota, saying the Panama canal treaty has been rejected by the Colombian senate.

President Roosevelt was immediately advised of the news. Mr. Beupre's telegram being forwarded to Oyster Bay.

Little additional information concerning the action of the Colombian senate could be obtained at the State department and Mr. Adco, acting secretary, would not indicate what course the government was likely to pursue.

It will be impossible for President Marroquin to again submit the treaty to the Colombian congress in its present form, as the senate, having rejected it, cannot again come before that body except by its own vote. President Marroquin, however, can re-submit the treaty with slight amendments to the senate and thus reopen the canal debate. It is believed at the Colombian legation that President Marroquin will adopt some such course.

Dr. Herran, the Colombian charge d'affaires, has received an official cable from the Colombian secretary of state dated August 13, containing the brief announcement of the senate's rejection of the treaty on the day previous.

The reason given for the rejection of the treaty was the alleged encroachment on Colombia's sovereignty which it was contended would result from the treaty. This information was contained in a dispatch received by Dr. Herran, the Colombian charge, from Foreign Minister Ricos at Bogota.

The view, taken by the senate as at variance to that held by the government of Colombia, which felt satisfied when it submitted the treaty that there would be no loss of Colombia's sovereignty if the treaty was ratified.

Incidental to the general question of sovereignty was that of the lease of the strip of land through which the canal was to be constructed and the debate in the senate indicated that this was regarded as paramount to a sale of the land and therefore objectionable. When the treaty was submitted to the senate by the committee to which it had been referred, seven of the senators favored it with certain amendments.

COLON, Colombia.—The rejection of the canal treaty by the Colombian senate has produced a tremendous sensation on the isthmus. It was generally believed the treaty would pass with some modifications. There is reason to suppose the majority of the members of the senate regard the Spooner amendment to build a canal by the Nicaraguan route if the Panama route was rejected as a mere threat on the part of the United States. They are convinced that the Nicaraguan project is impossible and that the United States will again deal with Colombia.

Russian Demands Presented.

CONSTANTINOPLE.—The Russian demands on Turkey, growing out of the recent murder of the Russian consul at Monastir, M. Rostkovski, were formally presented at the Yildiz palace yesterday. Notwithstanding the warning which Russia addressed to the Bulgarian government it is generally believed here that the Russian naval demonstration in Turkish waters will dangerously encourage the Macedonians, who, it is asserted, will interpret Russia's action as being the first step towards intervention in their behalf.

More Rioting in Croatia.

VIENNA.—A fresh outbreak of rioting has occurred in Croatia. At Zaresno, upon the occasion of the celebration of the birthday of Emperor Francis Joseph today, 1,000 peasants gathered in the town and destroyed a Hungarian banner. The rioters were resisted by the gendarmes, who shot three men and wounded many others. At Komiesna the peasants pillaged stores and killed two persons.

Helena, Mont.—The fence about the Fort Belknap reservation, which is forty miles long and sixty miles wide, has been finished. It probably is the longest fence in the world and has taken years in building. The plan is to protect the flocks and herds of the Grovettes and Assiniboines from intrusion, as well as to keep them from straying.

Millers Favor Reciprocity.

FARGO, N. D.—At a meeting of the millers of North Dakota and northwestern Minnesota held here, resolutions were adopted favoring reciprocity between the United States and all the countries importing American flours.

The resolutions also endorsed the action taken by the Millers' National federation convention held in Detroit favoring reciprocity between the United States and Canada.

VETERANS PARADE

GRAND ARMY MARCHES THROUGH FRISCO'S STREETS.

FAST GROW WITNESS PARADE

Empty Sleeves and Limping Gait Eloquent Reminders of the Sorrow and Glory of War—Badger State Makes a Good Showing.

SAN FRANCISCO.—Ten thousand survivors of the civil war were passed in review Wednesday, marching to the martial tunes that inspired them to endeavor forty years ago. Above the national colors, borne by every marcher, proudly floated torn and tattered flags.

Veterans with empty sleeves and limping gait were eloquent reminders of the sorrow and glory of war. Unlike the parade of yesterday, with the quick marching line of youth, today's procession was the measured and steady tread of age. As the different divisions marched along waves of sentiment passed over marchers and spectators. There were many sturdy heroes in line, but they waited for their weaker comrades and the column halted often on its two-mile course.

"It's my last march," said many a grizzled veteran as he started out. "I'm now or never, and I am going to try."

One bent old man 70 years old with the Wisconsin delegation could not be dissuaded. His gait grew slower from block to block and he would have fallen had he not been held up by two of his comrades. Two civilians stepped from the spectators and led him out of the line.

In the long line were men from every corner of the land. Veterans who had perhaps enlisted from Maine or some other far away state wore the badges of western commonwealths, showing the growth of the nation they fought to keep intact. Of all the states, California excepted, the one that had the largest number in line was Illinois, but Ohio was a close second.

Almost every delegation had an emblem. Ohio its buckeye, Connecticut a wooden nutmeg, Minnesota a loaf of bread, and so on indefinitely. There was something distinctive to each group. The men from Vermont, the Green Mountain state, bore a line of seven green banners, each containing a letter, the whole spelling the name of the state.

At the news of the procession a veteran on a bicycle. Whenever the marchers halted he circled around like an expert and kept peddling away with the ease of a boy until the line moved on again.

One thousand men marched under the yellow banner of Illinois. Colonel Thomas G. Lawler, past commander-in-chief of the Grand Army was at the head. As usual, the Badger state posts fell in after Illinois and closed up the first division. There were 300 in line, led by General Arthur McArthur in civilian clothing, keeping company with General Amasa Cobb, former chief justice of the supreme court of Nebraska, and General Lyon, chief justice of the supreme court of Wisconsin.

CANNON AND ALLISON MEET.

Neither Will Discuss the Object of Their Conference.

CHICAGO, Ill.—Senator William B. Allison and Congressman Joseph G. Cannon of Illinois, slated as speaker of the next house, held a conference at the Auditorium Annex, but neither statesman would discuss the meeting.

"I saw Senator Allen," said Congressman Cannon, "but there is nothing I can say about our meeting. I am on my way to Nebraska." Senator Allison remained but a short time in Chicago and, as he did not see any other politician during his visit, it is surmised that he came especially for the conference with Congressman Cannon.

Lady Constance to Wed.

LONDON.—The engagement of Lady Constance Mackenzie and Captain Fitzgerald of the Eleventh Hussars has come as a great surprise to society. Lady Constance has for the past three years set everyone wondering what she would do next. A year ago she created some excitement in the United States by riding astride along the sidewalks of Alken, S. C. Her relatives could do nothing with her.

Fresh Riots in Croatia.

VIENNA.—Fresh riots have occurred in Croatia. At Zapresno, on the occasion of the celebration of the birthday of Emperor Francis Joseph, 1,000 peasants gathered in the town and destroyed a Hungarian banner. The rioters were resisted by the gendarmes, who shot three men and wounded many others. At Lomesina the peasants pillaged stores and stoned the military, who killed two and wounded many more.

Mobilize Bulgarian Troops.

SOFIA, Bulgaria.—Orders have been issued for the mobilization on Wednesday of two divisions of reserves. It was rumored that they will be employed in strengthening the forces of the frontier to prevent the passage of Bulgarian bands into Macedonia. The officials, however, state that this rumor is unfounded and that the reserves were called out to undergo their customary training of fifteen days.

BARNES NAMED FOR LEADER.

Nominations by Nebraska Republicans in State Convention.

For Supreme Judge..... JOHN B. BARNES, Madison

For University Regents..... W. G. WHITMORE, Douglas, C. S. Allen, Lancaster.

State Chairman..... HARRY C. LINDSAY, Pawnee

LINCOLN.—The republican state convention here Tuesday nominated this ticket with practical unanimity, adopted a declaration of principles, and by resolution launched the boom of John L. Webster of Omaha for vice presidential place on the presidential ticket.

The convention was marked by a spirit of harmony and absence of contentions struggles more pronounced than in any state convention of recent years. Considering the fact that there were no issues to be fought out, or conflicting candidacies to champion, the attendance was better than was expected. On the roll call 1,028 votes were recorded out of a total of 1,051, the eleven counties which were unrepresented being those most sparsely settled and remote while of the delegations present most of them were fairly represented.

PRESIDENT WILL NOT TALK.

Is Disappointed at the Action of Colombia.

OYSTER BAY N. Y.—Upon the return of the president to Sagamore Hill Monday evening from reviewing the fleet, he found awaiting him news of the rejection of the Colombian canal treaty. While he naturally was disappointed at the action of the congress, he does not desire at this time to make any comment upon it.

When it was learned recently that the Colombian congress intended to amend the treaty, it was understood that an intimation was conveyed to the Colombian government that such amendments as were proposed would be unsatisfactory to this government. The rejection of the treaty followed. It is quite certain that the action of Colombia will induce some consultations of importance in the near future and possibly some action by congress at the extraordinary session.

TURKS DEFEATED IN BATTLE.

Three Battalions of Troops Make Attack on Insurgent Band.

SOFIA, Bulgaria.—A fierce battle is reported to have occurred in the neighborhood of Monastir.

Three Turkish battalions attacked 1,000 insurgents and after the fight had raged for six hours the Turks were repulsed with the loss of 210 men killed and wounded.

The insurgent loss is not given. Reports received here from Constantinople and believed to be authentic confirm the previous statements to the effect that when the Turkish troops recaptured Krushevo they slaughtered the entire Christian population without exception, and it is pointed out that among those killed were the employees of the government tobacco establishments, which were under European control, as the proceeds from these establishments were assigned to the payment of the Turkish debt.

KANSAS FILES AMENDED BILL.

Litigation Over Use of Water of River for Irrigation.

WASHINGTON, D. C.—The amended bill of the state of Kansas in the case instituted by that state against the state of Colorado to restrain the latter state in the use of the water of the Arkansas river for irrigation purposes was filed today in the United States supreme court. The amended bill makes seventeen of the leading irrigation companies, which secure water from the Arkansas river, parties to the suit, whereas in the original bill the state of Colorado was the only defendant. It is alleged that the entire flow of water in the Arkansas river has been appropriated by Colorado and by corporations organized under the authority of that state.

Washington Woods Ablaze.

SPOKANE, Wash.—A great forest fire is raging near Elk, about twenty-five miles north of this city. It is reported that 1,000 acres in a belt of white pine and cedar has been burned over already and unless rain falls the loss will be heavy. A hundred men have been fighting the fire since Sunday night, but they are powerless to control it. It is estimated that from 12,000,000 to 15,000,000 feet of timber has been destroyed.
