-Many of our readers know John Bixby, formerly a newspaper man in this section, brother of A. L. Bixby, and the following from the Albion News will be read with interest by them: "A postal card informs us that Bixby & Sons will issue early in December the first number of a weekly newspaper to be called the 'Wyoming Standard' at Westcoast, Wyo. This is without doubt our old friend John F. Bixby, who left the newspaper business a few years ago. If a man once becomes incognito with the newspaper habit he is gone so far as ever being perfectly satisfied at any other business. Now that John has gone west to make a new start, we trust he will find things coming his way copiously."

-The Bellwood Gould bank failure continues to make work for the courts. The David City Press in making reference to a suit there wherein a party had destroyed his cancelled notes, says: "We learn from outside sources—there being no evidence introduced to this effect—that Mr. Allen once signed a note bearing the same description and date as the note in suit, but he claims that he paid in full the note which he signed and that the books of the bank show this to be true. He claims that he received the note which he paid off and burned it. From his contention in the matter and from the fact that there is still another note in existence purporting to be his note, it would seem that there have been two notes in existence, one genuine, the other forged, both in favor of the Platte Valley State bank and against Mr. Allen. The question then arises, which note did he pay off, the genuine or the forged note? It proved too hard a question for the jury to decide whether the note on which the suit is based is genuine or forged. And so they agreed to disagree at a ratio of 3 to 9 in favor of the defendant."

-A young man who registered at the Thurston Hotel Saturday evening by the name of E. D. Slote from Chayenne, was found in a semi-conscious state in his room Tuesday morning. He was lying against the door, which was locked. His face and head gave the appearance of his being in a bad fight. The man in the room had been turned on, but was not sufficiently poisonous to cause death. Upon searching him he was found to have a small amount of money and checks containing liquor. The police authorities took him to the county jail this morning, and he will be held here until an investigation can be made. It is supposed that the man received his injuries outside of Columbus, and he claims to have fallen from a bridge.
