found that the foundry to which the

Hon. B. D. Slaughter formerly of  
Fullerton, now in the Philippines, where  
he holds a government position, writes  
an interesting letter for the Sunday  
Illustrated Bee. He says that climate is  
no place for an American man much less  
for an American woman. People seem  
to be intent on making enough money  
to retire from business, and then  
return to the states. Mr. Slaughter,  
among other things, says "M. L. Stewart,  
who all of the young men of Lincoln  
will remember, is constant purchasing  
agent of the insular government. About  
one year ago Miss Alice Cowdery, daugh-  
ter of Ben Cowdery, who was state bank  
examiner for many years, came out here  
and was married to Mr. Stewart. They  
are nicely located, but must take a vaca-  
tion, as the climate has taken the vitality  
out of both. They leave for China and  
Japan the first of the month for a three  
months absence."

The St. Edward Advance gave the  
following notice of the death of Mrs. H.  
G. Cross, for several years a resident of

News of her sudden illness  
reached St. Edward Tuesday evening  
and her son, H. Gordon Cross,  
and daughter, Mrs. W. S. Taylor left at once  
for the bedside of their afflicted mother.  
Mrs. Cross was for a number of years a  
resident of St. Edward and the Advance  
joins her many friends here in extending  
sympathy to the bereaved relatives.  
Funeral services were held Thursday at  
the home of Mr. and Mrs. H. Gordon  
Cross, the Rev. C. P. Wimberly officiat-  
ing. Burial was held at Evergreen  
cemetery."

Last Friday, Judge Reader appoint-  
ed W. L. Splice his court reporter. The  
latter was first appointed to that im-  
portant position by Judge Marshall of  
Fremont, who died a few weeks after he  
(Splice) began his work. When Judge  
Gardner was elected he selected Mr.  
Splice for his reporter, which in all has  
given him over five years experience.  
Judge Reader has a case before the  
supreme court on the 7th, which will be  
the closing up of his private cases.  
Judge Sullivan will take up the unfin-  
ished work of Mr. Reader and in all  
probability will assume the partnership  
with Mr. Robert. He will occupy office  
rooms over the First National bank now  
occupied by Reader & Robert. Mr.  
Sullivan has had several positions ten-  
dered him, but has not yet accepted any,  
and will probably remain in Columbus  
to continue the practice of law.

Miss Ella Herring died at the home  
of her father, Herman Flieger, twelve  
miles northwest of Columbus Friday,  
January 1st, at 10:30 p. m. Mrs. Herring  
was 24 years, 7 days old and had been a  
sufferer with consumption for a number  
of years. The funeral services were held

John Klame has brought suit in the  
district court for damages in the sum of  
\$2,000 for alleged breach of promise.  
He says Broglaw Knapp promised to  
marry him and that the day was set for  
November 25, 1905; that depending and  
relying upon said promise he expended

later took special instruction in the  
above named branches and also in pen-  
manship. She will take the place of  
Prof. Huff who resigned a few weeks ago  
to accept a position as traveling sales-  
man for the Remington typewriter com-  
pany.

who attended the state association of  
teachers in Lincoln last week were Prof.  
Kern, Prof. Britell, Mrs. Sarah Brindley,  
Miss Cogil, Miss Lilienthal, Miss  
Sheehan and Miss Marion Smith. The  
art exhibit by the pupils from all over  
the state was one of the attractive  
features during the association meet, and  
the work from the Columbus schools was  
among the best there. Columbus is for-  
tunate in having for instructor of art so  
competent a teacher as Miss Smith.

The city council met Monday eve-  
ning and transacted their regular monthly  
business. A warrant for one hundred  
dollars was ordered drawn, to be given  
to the fire department for the expenses  
of the delegates who will go to Fremont.  
On motion of Councilman Sheldon the  
council decided to borrow money and  
pay the judgment which now stands  
against the city, and which is held by  
Robert Wagner. The judgment was  
secured by Wagner in district court for  
the sum of \$400. Mr. Wagner sued the  
city on account of being injured from a  
defective sidewalk. Monthly reports  
from the different city offices were re-  
ceived and placed on file.

The school board held a meeting  
Monday afternoon to pass their monthly  
bills and transact other business. The  
committee on treasury reported progress.  
The case of May Benson, a young girl  
about nine years old, was taken be-  
fore the county supervisors Monday af-  
ternoon by the school committee, and  
that body has referred the matter to a  
committee who will report whether or  
not they think it advisable to send the  
girl to some home where she will receive  
proper school advantages. At a recent  
meeting of the board Miss Emily Rorer  
was elected substitute teacher. The  
graduating class will be allowed to have  
a class play but will be required to pre-  
pare the regular commencement oration.

No play is said to have ever had such  
a flattering first night reception as that  
accorded "Quincy Adams Sawyer," the  
latest of pastoral dramas, when it started  
its recent New York run at the Academy  
of Music. The curtain had to be raised  
for the twelfth time on the third act to  
respond to the enthusiastic accolade.

The play is clean, wholesome and amu-  
sing, and was decided by the New York  
public as the best New England play  
ever presented in this home of real  
production. It has the sweetest love  
story ever told, its comedy is genuine,  
and the scenes in the little village of  
Mason's Corner are true to life. At  
North opera house Friday evening, Janu-  
ary 8.

Lawrence McTaggart writes home  
from Honolulu, the letter being dated  
December 19. He says that Honolulu is  
a fine city with beautiful residences and  
lawns, street cars, etc., and is more like  
the states than any place they have yet  
been. He further says "it is pretty hot  
here, and we can't sleep in town without  
a mosquito net, as the mosquitoes would  
eat us up alive, but we have not been  
bothered with them so far on board ship.  
It made me feel on the 'bum' when I saw  
the flowers and the lawns so green, it  
put me in mind of home. Coconut and  
big bamboo trees, cactus, banana and  
oranges all grow along the sides of the  
valleys. Our orders are now to proceed  
to Manila. We came here with the ex-  
pectation of going to Panama where they  
were expecting trouble but I guess they  
don't need us, and I am glad of it. We  
had quite a trip coming, fifteen days  
steady running and rough weather."
