GRAYS' Earnings Don't Constitute Riches.

A good old Quaker once said to his boy: "Nathan, it is not what thee reads that makes thee smart; it is not what thee eats that makes thee fat; nor what thee earns that makes thee rich. It is what thee SAVES."

Have you ever investigated thoroughly what a saving we can make FOR YOU in this Immense Establishment, buying the quantities of goods we do for Spot Cash and selling them for Spot Cash, turning them over quickly on a small margin? Everything bright, clean, sweet and up-to-date; no stale goods here in any department.

White Borax Naptha Soap—This soap is formed so as to prevent these properties in their most active state, and so that they are always ready to do the work required of them. Naptha being a great solvent of grease and dirt, loosens up the latter and changes it into a form so that it will mix with Borax and Soap, and it is thus easily removed without injury to goods. Borax not only helps to remove the dirt, but it acts in such a manner as to brighten the fibers, leaving the texture pure, bright, soft and flexible. Both Borax and Naptha being products of nature, are best suited to set on wool and cotton. Their action is mild, but thorough, and they cleanse without weakening, which is not the case when strong soap or alkali is used. You will find that it will clean 6 bars, 25c clear Naptha soap. Get a few bars with your next order. Price, 6 bars, 25c.
