

# ROOSEVELT IN THE HISTORY OF SPEAKER CANNON, Chairman of the National Committee, Makes the Address.

## RESPONSE OF PRESIDENT THEFTO Chief Executive Touches Upon Some of the Issues That Will Be Before the People in the Coming Campaign.

July 27th President Roosevelt was formally notified of his nomination for the presidency by the national republican convention. The ceremony took place at his country home at Sagamore Hill. There was, first of all, an informal reception, at the conclusion of which Speaker Cannon, chairman of the notification committee, delivered his address, as follows:

Mr. President: The people of the United States by blood, heredity, education and practice are a self-governing people. We have sometimes been subject to prejudice and misgovernment from harmful influences, but we have overcome prejudice and misgovernment in the past, and we are confident that we shall overcome any such influences in the future. We are confident that we shall overcome any such influences in the future. We are confident that we shall overcome any such influences in the future.

Mr. President: The people of the United States by blood, heredity, education and practice are a self-governing people. We have sometimes been subject to prejudice and misgovernment from harmful influences, but we have overcome prejudice and misgovernment in the past, and we are confident that we shall overcome any such influences in the future. We are confident that we shall overcome any such influences in the future.

Mr. President: The people of the United States by blood, heredity, education and practice are a self-governing people. We have sometimes been subject to prejudice and misgovernment from harmful influences, but we have overcome prejudice and misgovernment in the past, and we are confident that we shall overcome any such influences in the future. We are confident that we shall overcome any such influences in the future.

Mr. President: The people of the United States by blood, heredity, education and practice are a self-governing people. We have sometimes been subject to prejudice and misgovernment from harmful influences, but we have overcome prejudice and misgovernment in the past, and we are confident that we shall overcome any such influences in the future. We are confident that we shall overcome any such influences in the future.

Mr. President: The people of the United States by blood, heredity, education and practice are a self-governing people. We have sometimes been subject to prejudice and misgovernment from harmful influences, but we have overcome prejudice and misgovernment in the past, and we are confident that we shall overcome any such influences in the future. We are confident that we shall overcome any such influences in the future.

Mr. President: The people of the United States by blood, heredity, education and practice are a self-governing people. We have sometimes been subject to prejudice and misgovernment from harmful influences, but we have overcome prejudice and misgovernment in the past, and we are confident that we shall overcome any such influences in the future. We are confident that we shall overcome any such influences in the future.

We are confident that we shall overcome any such influences in the future.

Mr. President: The people of the United States by blood, heredity, education and practice are a self-governing people. We have sometimes been subject to prejudice and misgovernment from harmful influences, but we have overcome prejudice and misgovernment in the past, and we are confident that we shall overcome any such influences in the future. We are confident that we shall overcome any such influences in the future.

has been done in the immediate past. We ask that sober and sensible men compare the working of the tariff law, and the conditions which it has created, with the working of the preceding tariff law of 1894 and the conditions which that tariff of 1894 has brought about.

We believe in reciprocity with foreign nations on the terms outlined in President McKinley's message. We believe that the extension of our foreign trade agreements which were made by the McKinley administration would be made better by the extension of our foreign trade agreements which were made by the McKinley administration.

We recognize the organization of capital and labor as a natural outcome of our industrial system. Each kind of industry has its own organization, and each kind of industry has its own organization.

In inaugurating the great work of irrigation in the west, the administration has been successful in securing the cooperation of the people of the west. We have secured the cooperation of the people of the west.

Our foreign policy has been a success. We have secured the cooperation of the people of the west. We have secured the cooperation of the people of the west.

We earnestly desire friendship with all the nations of the world. We desire friendship with all the nations of the world.

Our foothold in the Philippines is a success. We have secured the cooperation of the people of the west. We have secured the cooperation of the people of the west.

The duchess of Marlborough is constantly in trouble over the rapid driving of her automobile. She is constantly in trouble over the rapid driving of her automobile.

Will Cut Cardinal's Incomes. Plus X. is introducing many economies in the church administration. It is introducing many economies in the church administration.

Twenty-four persons living in County Tipperary, Ireland, are centaurs.

## STEAMSHIP MINNESOTA TO TRY TO LOWER OREGON'S TIME

The Minnesota is one of the two largest ships ever built in the United States. Her gross tonnage is 20,718; net tonnage, 13,323; length, 626 feet; beam, 73 feet.

## VALUE OF THE RAILROADS. COSTLINESS OF MODERN WAR.

Investment Placed at \$12,000,000,000 by Interstate Commission. The railway statistics for the year ended June 30, 1903, are announced by the Interstate commerce commission.

Combatants Already Are Spending \$3,000,000,000 Every Day. It comes pretty high for nations to quarrel these days when implements of warfare have such tremendous powers of destruction and so much delicate machinery plays such an important part in the game.

Speculates in Quiet Way. Oldest Wall Street Man Not a Member of the Stock Exchange. Five days a week Edward B. Wesley goes to Wall Street. For a man who has lived ninety-three years he is wonderfully sturdy.

Clever Device of Husband. Bouquet of Parma Violets Put End to Divorce Proceedings. M. Porel, husband of Mme. Rejane, the noted French actress, is now how to touch the tender chord in his wife's heart.

Where Balfour Rests. Premier Balfour has his pleasant now and then. John Morley, a parliamentarian, has taken some weeks ago for lax attendance in the house of commons.

Colors of the Campaign. The current campaign is a sort of rouge et noir affair as far as the color of the leaders' hair is concerned. In red the Democrats have it by a large majority.

Head of Christian Science Church. Mother Eddy, the head of the Christian Science church, is 84 years old. She showed herself in a car during the recent visitation in Concord.

## THE WEEKLY PANORAMA

HAS CANCELED ALL TREATIES. Colombia Severs Diplomatic Relations with United States. The Colombian congress has severed all diplomatic relations with the United States after canceling all existing treaties and withdrawing all diplomatic and consular exequaturs.

Automobile Fire Escape. The most important thing for a fireman to do in case of an alarm is to get his apparatus on the ground and working in the shortest possible time.

Extends Vertically to the Windows. Shows new use for the automobile as applied to the fire service, transporting an extensible fire escape through the streets to the scene of the fire.

New Ruler of Elks. William J. O'Brien, Jr., of Maryland, Chosen for Position. The election of William J. O'Brien, Jr., of Baltimore, Md., as grand exalted ruler of the Elks at the Cincinnati convention is claimed as a victory for the administration forces over the radicals in the order.

Foundation for Machinery. Making the foundations for machinery elastic so as to minimize or prevent the vibration present when it is operated is a subject which has attracted considerable attention of late.

New Idea in Ocean Rafts. The Pacific coast, noted for the enormous scale of all its undertakings, now successfully applies machinery to the handling of huge logs into rafts.

Crows and Corn. Mr. John Fixter, foreman at the Experimental Farm, Ottawa, reports that he has discovered a very simple and effective means of protecting young corn plants from the ravages of crows.

Incombustible Celluloid. A valuable addition to the materials suitable for use in the manufacture of electrical appliances is thought to have been patented. A solution of celluloid, for which the process has just been patented.

Toilet's Opinion of Spencer. Tolstoy, in acknowledging the receipt of Herbert Spencer's autobiography, confessed that he did not like the English philosopher because he had little heart.

## SCIENCE AND INVENTION

AIR IN A REFRIGERATOR. How to Maintain Constant and Even Circulation. Constant Subscriber.—Please describe how to ventilate a refrigerator that is used for storing meat in large quantities.

It is impossible to ventilate a refrigerator and maintain conditions suitable for preserving meat. Ventilation, of course, means change of air, and to bring the warm outside air into a refrigerator would be to make it anything but a refrigerator.

Automobile Fire Escape. The most important thing for a fireman to do in case of an alarm is to get his apparatus on the ground and working in the shortest possible time.

Extends Vertically to the Windows. Shows new use for the automobile as applied to the fire service, transporting an extensible fire escape through the streets to the scene of the fire.
