IN A JAPANESE PHARMACY.

Druggists As Two Classes and Animals as Medical Agents. Japanese doctors and druggists are said by a correspondent of the Chem-

ist and Druggist to have reached a nigher standard than the world has

Japanese druggists are of two classes, the one certificated and qualitealing in drugs and sundries. The native doctors, as a usual thing, disfew write prescriptions only these latter for the most part having studied in Germany and holding a university degree. The metric system is used for both weights and measures. There is a considerable nonular demand for household remedies, and many of these correspond exactly with those which have here long since fallen into disuse. Thus snakes, lizards, frogs, crabs and other animals are kept in a dried condition in the native drug

and fines are collected in any case

With it begin anew.

Mrs. Hughson, of Chicago, whose letter follows, is another woman in high position who owes her health to the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - I suffered for several years with general weakness and bearing-down pains, caused by womb trouble. My appetite was fitful, and I would lie awake for hours, and could not sleep, until I seemed more weary in the morning than when I retired. After reading one of your advertisements I decided to try the merits of Lydia E. Pinkham's Vegetable Compound, and I am so glad I did. No one can describe the good it did me. I took three bottles faithfully, and besides building up my general health, it drove all disease and poison out of my body, and made me feel as spry and active as a young girl.

Mrs. Pinkham's medicines are certainly all they are claimed to be."— Mrs. M. E. Hughson, 347 East Ohio St., Chicago, Ill.

Mrs. Pinkham Tells How Ordinary Tasks Produce Displacements Apparently triffing incidents in woman's daily life frequently produce displacements of the womb. A slip on the stairs, lifting during menstruction, standing at a counter, running a sewing machine, or attending to the most ordinary tasks may result in displacement, and a train of serious evils is started. The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that you can overcome it by exercise or leaving it alone. More than a million women have regained health by the use of Lydia E.

Pinkham's Vegetable Compound. If the slightest trouble appears which you do not understand write to Mrs. Pinkham, at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both. Mrs. Lelah Stowell, 177 Wellington

> St., Kingston, Ont., writes: "DEAR MRS. PINKHAM: - You are indeed godsend to women, and if they all knew what you could do for them, there would be no need of their dragging out miserable lives in agony. "I suffered for years with bearing-down pains, womb trouble, nervousness, and exeruciating headache, but a few bottles of Lydia E. Pinkham's Vegetable Compound made life look new and promising to me. I am light and happy, and I do not know what sickness

is, and I now enjoy the best of health."

Lydia E. Pinkham's Vegetable Compound can always be relied upon to restors health to women who thus suffer. It is a sovereign cure for forms of female complaints, - that bearing-down feeling, weak back, falling and displacement of the womb, inflammation of the ovaries, and all troubles of the uterus or womb. It dissoives and expels tumors from the uterus in the early stage of development, and checks any tendency to cancerous humors. It subdues excitability, nervous prostration, and tones up the entire female system. Its record of cures is the greatest in the world, and
