

FROM MISERY TO HEALTH.

A Society Leader and Club Woman of Kansas City Writes to Thank Doan's Kidney Pills for a Quick Cure.

Miss Nellie Davis, of 1216 Michigan Ave., Kansas City, Mo., society leader and club woman, writes: "I cannot say too much in praise of Doan's Kidney Pills, for they effected a complete cure in a very short time when I was suffering from kidney troubles brought on by a cold. I had severe pains in the back and sick headaches, and felt miserable all over. A few boxes of Doan's Kidney Pills made me a well woman, without an ache or pain, and I feel compelled to recommend this reliable remedy."

University Celebration. The University of Freiburg had a grand celebration recently—processions, fireworks, illuminations, addresses, the occasion being the rounding out of the number of students to 2,600. One of the speakers referred to the fact that the number 1,000 was reached in 1882, and he was much applauded when he pointed at a babe in the arms of a nurse as the future four-thousandth student.

Caste Among Ants. In death, as in life, the ants are aristocrats and rigid observers of caste distinctions. For ants have their castes, and it is characteristic that the poor aphids and other slaves capture it in war and their masters, but under the back fence, among the burdocks and ragweeds, the potter's field of the ants' city of the dead.

Much Tea Drunk in Japan. Tea-drinking is a constant occupation for a Tibetan. In every tent and in every house the teakettle is always on the fire. The laws of hospitality bind all to present tea to their guests, and every Tibetan carries with her a wooden bowl of Himalayan maple by way of a teacup.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 3-pound packages, and the price is the same, 10 cents. Defiance never sticks.

Elephants Long for Freedom. In captivity elephants always stand up when they sleep, but when in the jungle, in their own land and home, they lie down. The reason given for the difference between the elephant in captivity and in freedom is that the animal never acquires complete confidence in his keepers, and always longs for liberty.

Woman Mountain Climber.

By far the most expert woman mountaineer in the world is Mrs. Nancy Bullock Workman. In the Himalayas she has climbed to an altitude of 23,588 feet. On the same occasion her husband broke the world's record for men by 311 feet, by climbing 23,394 feet up a mountain 24,479 feet high. Mrs. Workman is of medium height, and there is nothing in her appearance to suggest the strength she has displayed in some of her wonderful feats.

Refreshments in Church. Family pews were introduced at the beginning of the seventeenth century. Some of these had a table and fire-place, also curtains and window blinds, so as to secure the utmost privacy. This led to abuses. In some of the closed pews card playing was not uncommon and the tedium of a long service was sometimes relieved by light refreshments.—The Religious.

Automobile Fishing Boats. Fishermen on the Lake of Neuchâtel are using automobile boats. They are driven by a benzine motor and lighted by electricity. They are flat-bottomed, glide noiselessly over the water, do not frighten the fish and are a great success.

Old Man's Secret. Alpena, Mich., Sept. 5 (Special).—Seventy years of age but hale and hearty is Mr. Jerome K. Fournier of this place, and to those who ask the secret of his splendid health he gives the good advice "Use Dodd's Kidney Pills."

When asked for his reason for so strongly recommending the Great American Kidney Remedy, Mr. Fournier related the following experience: "I recommend Dodd's Kidney Pills because they cured me of Diabetes. I suffered with my kidneys for a long time and suffered terribly from those Urinary Troubles that are so general among aged people. "Then I started to use Dodd's Kidney Pills and eight boxes of them cured my kidneys, regulated my water and made me feel like a hearty young man."

Dodd's Kidney Pills make the old feel young because they make sound kidneys. Sound kidneys mean health and health is the other name for youth.

Making It Emphatic. Concerning a certain archdeacon in the English church a tale of modesty is told. He forbade one of his friends to call him "doctor," saying, "If you call me doctor I will do the same for you." "Oh, but you can't," replied the other. "I am not a doctor." "You soon will be," was the answer. "I'll be—If I am," came the retort.

Lightning and Trees. Prof. Assmann, one of the German meteorological experts, says that lightning seldom strikes in a forest where the trees are dense and of about the same height. Danger exists only where isolated trees rise high above their surroundings.

Blue Light for Inflammation. The effect of blue light in reducing inflammation, diminishing pain, promoting absorption of morbid secretions and curing diseases of the skin, has been shown by several recent researches.

"I had Inflammatory Rheumatism, but I am now well," writes Mrs. T. M. Jones, 115 West Third, Carrollton, La., Feb. 17, 1908. The Mother Eye Remedy Co., Chicago, send Home Eye Book free. Write them about your eyes.

A poster artist's curves are enough to excite the envy of a base ball pitcher. People who calculate on an eleven-hour repast always die at 10:30. The trees we raise and not the ones we drop from determine our worth.

God can make more out of a weak man than he can out of a wabbly one. To be loved is to receive the greatest of all compliments.—Mme. Necker. Men are inclined to "kick" when they are ordered about by a wife. Women fiercely deny their reputation of dressing for man's admiration.

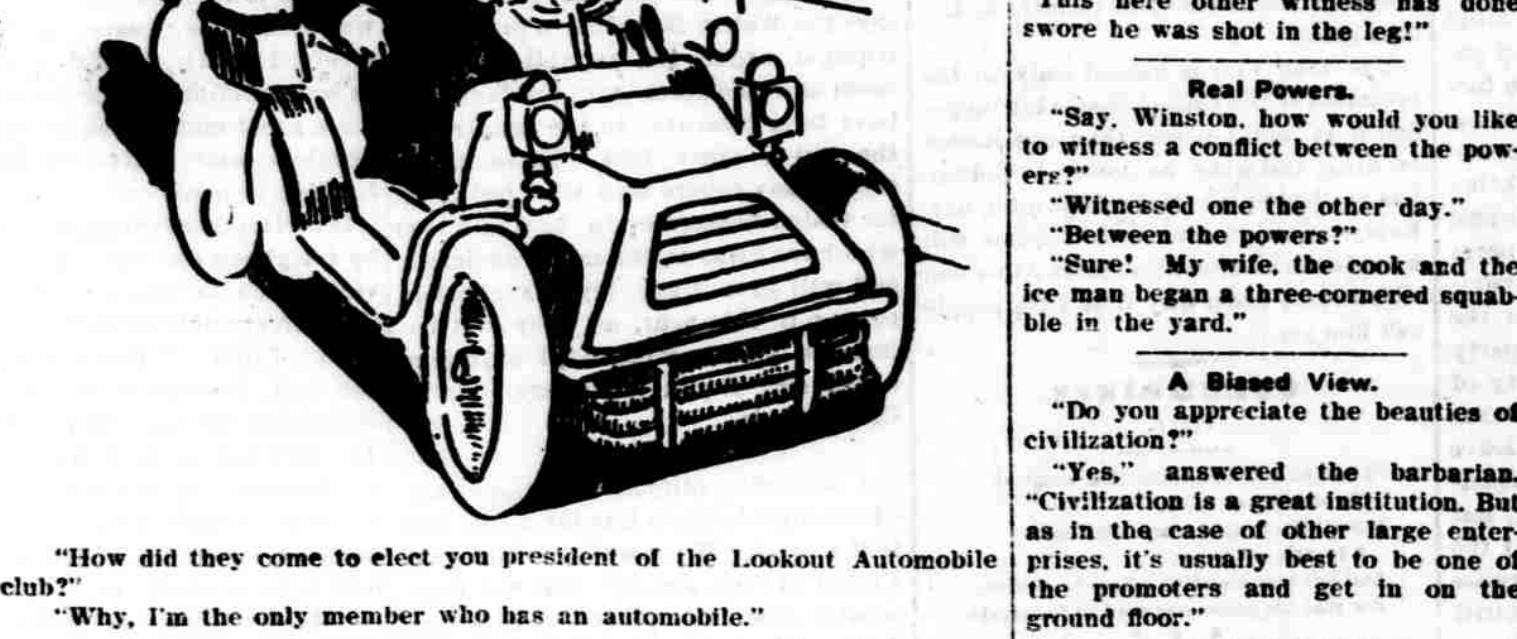

Men like to think they can attract the notice of women generally. There's beggary in the love that can be reckoned.—Shakespeare.

JEST-NUTS

Only Style She Knew. "Madge isn't writing poetry any more." "Why not, dear?" "Oh, the editor said he didn't like her style. Madge thought he meant her dress and said she'd never speak to the horrid man again.

Couldn't Be Worse. "Ethel—'Charlie Sapeigh isn't quite himself of late." "Frances—Indeed! I hadn't noticed any improvement.

THE REASON. "How did they come to elect you president of the Lookout Automobile club?" "Why, I'm the only member who has an automobile."

No Visible Evidence. Mr. Chugwater—I'm talking about the suffering in Port Arthur. There must be lots of it there. Mrs. Chugwater—But, Josiah, I haven't a single cat for you any tramp that claimed to be a Port Arthur sufferer.

Found an Angel. Husband—Got a new girl, I see. Wife—Yes, and she's an angel, too. "How do you know that?" She hasn't been here half a day yet. "True, but she tells me that she once lived with your mother and stood it for three weeks."—New York Weekly.

Condolence. "Charley, dear," said young Mrs. Torkins, "didn't you say you lost your money on a ten-to-one shot?" "Yes." "Well, it's too bad! You aren't any luckier at marksmanship than you are at horse racing, are you?"

Appropriate. Rodrick—Now they are thinking about bringing out the life of Raisin. Van Albert—Well, it would be rather appropriate. Rodrick—How so? Van Albert—It would have to be bound in Morocco.

The Trouble. "Pete," said Meandering Mike, "do you believe that honesty is de best policy?" "Sure," answered Plodding Pete. "De trouble is dat you can't persuade people to present you wit' tings instead of compellin' you to take 'em without askin'."

Kind Men Avoid. Gunner—Yes, first she called herself Mary, then May, and now it's Mae. She's always changing her name. Guyer—Well, such a silly girl will never have a chance to change her last name.

The Great Drawback. Kivoter—Experience is a great teacher sure enough. Wise—Yes, but the average man never lives long enough to graduate in that school. Forgetting the Landlord. "I wonder who originated the expression, 'reckoned without his host.'" "Very likely it was some deluded summer hotel guest who tried to figure out for himself what his bill was going to be.

Most Spoken Languages.

There are 382,000,000 Chinese speaking the same language, making Chinese the most spoken language. There are so many dialects which are entirely different that they seem scarcely to belong to the same tongue. The inhabitants of Mongolia and Tibet can barely understand the dialect of the people in Pekin. Putting Chinese aside the most spoken languages are as follows, in millions: English, 130; German, 70; Russian, 68; Spanish, 44; Portuguese, 32.

Churches on Bridges. The custom of building churches on bridges was common a hundred years and more ago. Several of these quaint old buildings are still left in Europe. The Chapel of Our Lady still stands on the bridge which spans the Doa at Rotterdam. The little chapel was built in the fifteenth century and was restored about a hundred years ago. For several years, however, it has been used as a tobacco shop.

Keeping Nervous System Healthy. As the nervous system exercises great power on all the functions of the body, it ought to be kept in a healthy condition by regular mental work and judicious occupations. The fear often expressed that steady mental work is likely to wear out the brain, too soon is unfounded. The wearing theory is wrong, as well for mental as physical work, both of which may be continued in old age.

Of Interest to Builders. Prof. Charles L. Norton of the Massachusetts Institute of Technology says that a great deal more care should be taken in protecting steel work and wrought iron work from corrosion. Concrete is a far better safeguard than stone or terra cotta against fire, he says. The Boston skyscrapers are viewed with suspicion by Prof. Norton.

"Pen Stammering." "Pen stammering" is the name given by Dr. Bertillon of Paris to a difficulty in writing analogous to stammering in speech. Many persons, he says, are incapable of writing even one of the letters of a word as long as any one is looking at them. Hypnotic suggestion, he thinks, will cure this nervous trouble, as well as writer's cramp.

Education of Indian Girls. In India only about 3 per cent of the girls attend public schools, but the government of India in its educational resolution states that in trying to promote the education of girls a far greater proportional impulse is imparted to the educational and moral tone of the people than by the education of the men.

Fibroid Tumors Cured. A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by Lydia E. Pinkham's Vegetable Compound.

Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help: "DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had fainting spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time. The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice."—(Signed) Mrs. E. F. HAYES, 252 Dudley St., (Dorbury) Boston, Mass.

Note the result of Mrs. Pinkham's advice—although she advised Mrs. Hayes, of Boston, to take her medicine—which she knew would help—her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result.

"DEAR MRS. PINKHAM:—Some time ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman. The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now."

"Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) Mrs. E. F. HAYES, 252 Dudley St., (Dorbury) Boston, Mass.

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to Mrs. Hayes. Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration, falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we see daily printed in the newspapers can leave no room for doubt. Mrs. Hayes at her above address will gladly answer any letters which sick women may write for fuller information about her illness. Her gratitude to Mrs. Pinkham and Lydia E. Pinkham's Vegetable Compound is so genuine and heartfelt that she thinks no trouble is too great for her to take in return for her health and happiness. Truly it is said that it is Lydia E. Pinkham's Vegetable Compound which cures so many women, and no other medicine; don't forget this when you druggists want to sell you something else.
