Seeing two men fighting in front of his house, M. Dujardin, of the Conservatoire of Music, Paris, took his violin and began to play in order to soothe the combatants by his music. But one of the men at once turnde on him and stabbed him, and he was taken in a dying condition to a hospital.

The Swiss engineers have worked out plans for tapping the Lake of Sils in the Engadine and letting the water drop down the mountain side, thus creating a fall that would yield 50,000 horse power. During the tourist season the lake would resume its normal appearance, owing to the necessity of storing the water.
