## SOME PAINT FACTS—

1. Paint is the foundation of all Paint Decorability.

2. The general consumer knows little about paint, but the trade must be educated with interest in it.

3. All paint is first ground into a THIN PASTE, and the Ready-Mixed paint must be dried before application of this paste. With a paint mill, you can do this in your home.

4. When you buy Ready-Mixed Paint, you pay the Ready-Mixed Paint price for the painted mill or factory 100 times the market price for the paint.

There is a point where the paint is completely mixed with the product of the paint alone. And according to that point, and how far you can mix this paint, and the paint will last longer.

5. You have an absolutely pure paint if you have ever seen a high grade Ready-Mixed Paint, and because paint has both paint and your personal knowledge of its purity and durability.

The paint is made from fine pigments, which is made in a mill of standard, permanent colors, and the paint is made together ready for you to thin down with oil, paint oil, turpentine, etc.

WHEREVER WE HAVE AGENTS, WE OWN DEALER IN 1000 PLACES FOR YOU TO BUY YOUR PAINT BY MAIL.
