### Valentine Party.

The valentine party given by the ladies of the Episcopal church at the home of Mr. and Mrs. Hockenberger Monday night was a great success. The guests brought little boxes at five cents each and started on a hunt for little card hearts. One large heart was also hidden away. This was found by Miss Vera Kramer. Mrs. Brugger, who succeeded in finding the greatest number of little hearts, was given a valentine. Hidden in a pound cake were a ring, the finder to be married within a year, a thimble, the finder to remain a spinster and a ten cent piece symbolic of wealth to the fortunate one. Slices of the cake were sold at five cents each. Mr. Carl Becker drew the ring. Mrs. Brugger the thimble and Mr. Gus Becker Jr., the money.

The valentine post office was a popular resort. Mr. Martin was postmistress. As valentines were brought to be mailed three cents was charged for postage. Mr. Kirkpatrick called off the names and the ones addressed claimed their valentines. \$3.10 was cleared here.

Misses Nell Evans and Eloise Roen sold valentines at one table, and Mrs. Chambers had charge of another. Partners for lunch were chosen by cards run through large hearts. The men took hold of all the ends on one side of the hearts and the ladies took those on the opposite side. At a given signal all pulled, the hearts tore and the gentlemen and lady found holding the same string were partners for refreshments. The ladies cleared almost twenty dollars.

**Platte Center School Burns.**  
The public school building at Platte Center was entirely destroyed by fire Monday evening. The fire is supposed to have started from the furnace, and was first discovered at 5:45 in the afternoon. The town is without fire fighting equipment and no other means could be employed to extinguish the flames but buckets of water. This was ineffectual, with the wind that was blowing and the start that the fire had before it was discovered. Nothing of the building was left standing but the brick walls.

The building was erected about ten years ago at a cost of \$8,000, and was a handsome and substantial structure of brick. The insurance carried was \$5,000.

Three teachers were employed in the Platte Center schools, Prof. Lacrore, Miss Katie Hennessy, and Miss Alice Hughes.

The citizens did everything possible to save the building, but were soon compelled to abandon it and devote their efforts to saving other near-by houses which were threatened by the firebrands carried all over the town by the wind.

Several people had their hands frozen while fighting the fire.

### MARY WILSON WINS.

Leads all Competitors by Nearly 30,000 Votes.

Mary Wilson 59,656  
Mabel Campbell 21,796  
Netta Hensley 6,621  
Leona Harbert 3,925  
May Ziegler 681  
Louise Marly 450  
Bertha Groteluschen 150  
Mary Wilson wins the Journal piano with 59,656 votes, having more than twice as many as any other contestant. Miss Campbell, her nearest competitor, made a splendid race, getting practically all of her votes by her own efforts. She was seriously handicapped by the extreme cold weather and had roads which have continued almost continuously since the first of the year, making her canvass in the country very difficult. Miss Campbell is to be congratulated on her excellent showing as Miss Wilson is of course to be congratulated on her success.

The other contestants were prevented from devoting much effort to the contest by the demands upon their time in other occupations. The piano will be delivered to Miss Wilson as soon as the road conditions will permit, and will be a beautiful reminder of the plucky effort which was necessary to win it.

The Journal congratulates again every one of the contestants and is only sorry that it cannot give a piano to each and every one of them.

### HUNS HOST TO ROOSEVELT

**CHIEF MAGISTRATE IS GUEST OF CLUB IN "LITTLE HUNGARY."**  
**CRANK CALLS ON PRESIDENT**

Man From Massachusetts Would Give Advice on Matters of Government, but is Turned Away by Detectives. President Returns to Washington.

New York, Feb. 15.—For the first time since the days when he was governor of New York, President Roosevelt visited the heart of the East side, where, as guest of the Hungarian Republican club, he dined and spoke at the "Little Hungary" restaurant. Guarded by mounted police and secret service men, through streets cleared and cordoned by patrolmen, he drove from upper Fifth avenue into the known part of New York and around Second avenue and East Houston street, a region of small shops and tenements and largely populated by foreign-born citizens.

From the moment his carriage entered the district, he received an ovation. Never before has a president of the United States visited this little known part of New York and never before has a fraction of the thousands that cheered him seen a nation's ruler. The great East side showed its enthusiasm in every imaginable way. Across Second avenue at Sixth street a huge electric device blazed forth the single word "De-lighted," a word frequently used in the decorations.

The district through which the president drove and in which he dined is not the safest in the great city and the police took no chances. So stringent were the precautions that not a flashlight photograph was allowed to be taken and uniformed police, plain clothes men and detectives fairly swarmed inside and out of "Little Hungary." They were stationed on the roofs and fire escapes in the neighborhood and for two blocks on either side of East Houston street a cordon of police cut off the crowds.

The president left the Hungarian club dinner after making a brief speech, in which he told of the duties of an American citizen as he saw them, and was driven directly to the Desbrosses street station, accompanied by a squad of mounted police. The ferryboat arrived in Jersey City at 11:50 and some minutes afterward he boarded his special train for Washington.

A crank who called himself William Waldorf Jackson, Jr., of Lowell, Mass., called at the home of Douglas Robinson, where the president stopped for the night, and asked to have his card sent to the president. The secret service men and policemen on guard about the entrance informed the man that the president had not yet arisen and asked him to call again. He was then arrested and taken to a questioning as to his identity and why he wanted to see the president. Jackson said he wished to confer with the president as to reforms in government and that he was a self-nominated candidate for the presidency in 1896, 1900 and 1904.

### PANIC IS NARROWLY AVERTED

Audience at Maxine Elliott's Play Is Scared by Cry of Fire.

Louisville, Feb. 15.—A panic was narrowly averted at Maxine Elliott's theater during the performance given by Maxine Elliott and her company. While the second act was on the odor of smoke, apparently coming from the upper part of the house, created much uneasiness among the audience, which was probably the largest of the season. The curtain was rung down and the nervousness further increased when a voice from the gallery shouted, "There is a fire up here."

Many persons in all parts of the house began reaching for their wraps and it seemed as though the entire audience was on the verge of a rush for the doors. The audience, however, was quieted and a panic averted. The cause of the smoke was not learned.

**Pawnee City Has Big Fire.**  
Pawnee City, Neb., Feb. 15.—Fire destroyed the Bogle Bros' department store. Loss, \$20,000. The fire men suffered intensely from the cold. In several instances fingers, hands and feet being frozen.

### BRITISH PARLIAMENT OPENS

Believed Government Will Hold Out Until End of Session.

London, Feb. 15.—The first day's proceedings in parliament left rather a decided impression in the lobbies that the government will manage to hold out until the end of the session. The government's legislative program, which is devoted in the main to social reforms, will be fairly popular, whilst the avoidance of difficult questions like that of the redistribution of seats and Premier Balfour's firmness in thrusting aside the fiscal problem all will tend in the same direction. On the other hand, the Liberals appear to be as distant as ever from any approach to unanimity on the vexed question of the leadership. Sir Henry Campbell-Bannerman, Earl Spencer, Herbert Henry Asquith and Sir Henry Hartley Fowler all are spoken of as possible leaders of the next Liberal ministry, to say nothing of Lord Rosebery's even superior claim to that position, should he be inclined to exert his undoubted influence. Everything will depend upon Mr. Balfour's success in holding his followers together and overcoming the apathy born of the knowledge that the whole country is looking for and expecting a general election.

At a meeting of Irish Unionists a resolution was adopted censuring Secretary Wyndham for "abdicating his position and responsibility in favor of a subordinate official with a policy of his own, directed to destroying the basis of Irish Unionism," and protesting against the government permitting such an abuse of power. It is understood that Premier Balfour hitherto has supported Wyndham and MacDonnell, but the matter appears to be assuming a serious phase, involving the defection of many Irish Unionists.

### THIRD SQUADRON TO SAIL

St. Petersburg, Feb. 15.—The departure of Grand Duke Alexis and Vice Admiral Avellan for Libau to bid farewell to the third squadron on its departure for the far east does not indicate that there is any intention of postponing the sailing of the squadron, as has been rumored at Kiel. Dispatches received here from Gomel indicate that all is quiet there and that there has been no rioting.

The last visible vestige of the great St. Petersburg strike disappeared, when the employees of the Portland cement works returned. In all the works halts are being distributed for the election Sunday of representatives on the mixed commission of masters and workmen.

### SITUATION AT LODZ

Lodz, Feb. 15.—Notwithstanding the fact that the strikers have returned to work in all the smaller factories, the situation is regarded as less satisfactory than last week. This is due to evidence that the agitation is now conducted on well defined lines. The large factories remain closed, but it has been discovered that the men who are not at work are receiving pay from a mysterious source at the rate of 5 cents per day for each member of the family, a sum sufficient for one substantial meal. The employers are holding daily conferences, but are unable to reach an agreement. They appear to be altogether disorganized.

### MEETING KNOCKED OUT BY STORM

Keeney, Neb., Feb. 15.—President B. D. Hayward of the state conference of charities and corrections announced that it had been found necessary to postpone for the present the annual conference which was to have been held in this city this week. This step was taken on account of the extremely severe weather and the delay and uncertainty in the train service.

### BEIGEL COAL STRIKE COLLAPSING

Beigels, Feb. 15.—The coal strike shows signs of collapsing, the resumption of work becoming more general in different districts. The minister of industries received a deputation of socialists from the colliery districts, asking that the government intervene to secure the men increased wages and lesser hours. The minister declined to interfere.

### JAPS WILL KNOW NO NEUTRALITY

Tokyo, Feb. 15.—In discussing a report that colliers had refused to accompany the second Russian Pacific squadron on its way north, a member of the Japanese naval staff said: "Our commanders will fire upon and sink any colliers found in company with the Russian warships, regardless of nationality."

### OWEN KELLY IN CUSTODY

Los Angeles, Cal., Feb. 15.—Owen Kelly, a former wealthy grocer of Philadelphia, now wanted there for the alleged embezzlement of a sum said to exceed \$50,000, is under arrest in this city. Kelly was arrested on one of the main streets by Chief of Police Hammill, who recognized him from printed descriptions sent out at the time of his disappearance. Kelly left Boston last summer by steamer for Europe. He was followed across the Atlantic, thence across Europe, where trace of him was lost. He finally returned to this country, landing at San Francisco.

### DIES ON SON'S GRAVE

Bellefonte, Ill., Feb. 15.—The dead and frozen body of Mrs. Margaret Koehr, aged fifty-five years, an inmate of St. Vincent's hospital, was found in the Walnut Hill cemetery, near her son's grave. A cup still containing some carbolic acid and burns on her lips and tongue showed the cause of her death. Mrs. Koehr had been missing since last Thursday. Three years ago her son's body was found in a cistern, where he had mysteriously met his death, and ever since then the mother had mourned for him.

### TWO DIE IN BLIZZARD

Guthrie, Okla., Feb. 14.—Henry Ball of Ponca City, a wealthy cattleman, was frozen to death near that place while driving. Charles Williams, colored, was found south of here, frozen stiff. Hundreds of cattle in western Oklahoma were frozen to death.

### ADAMS RESTS HIS CASE

PEABODY BEGINS PRESENTATION OF EVIDENCE IN REBUTTAL.

CASE TO BE DECIDED MARCH 2

County Clerk Montez of Huerfano Produces Much-Wanted Ballot Box Before Legislative Committee and When Opened it is Found Empty.

Denver, Feb. 15.—Governor Alva Adams closed his defense in the contest for the office of governor last night and today the contest, former Governor James H. Peabody, began the presentation of evidence in rebuttal, for five days are allowed under the rules governing the contest. The legislative committee hearing the case is required to report its findings to the legislature March 1, and on March 2 the contest will be decided. The attorneys were instructed by Chairman William H. Griffith to hand their briefs to the committee at the conclusion of the hearing of testimony, and these will be considered by the committee in arriving at its conclusions.

Should the assembly agree to throw out all the precincts in which the experts, both Republican and Democrat, discovered evidence of fraud, Governor Adams would retain his seat by a plurality of 909 votes.

County Clerk Montez of Huerfano county, who it was reported, had escaped from the custody of the sheriff, at the time of the election, was being taken to Walsenburg to get the ballot box from precinct twenty-three of the county, appeared before the committee. Mr. Montez produced the much-wanted box and when it was opened it was empty. Mr. Montez swore that the box was received from his predecessor in office in its present condition, and he could not account for the absence of the ballots.

### BRYAN SIDES WITH SENATE

Thinks President Takes Wrong Position Regarding Treaties.

St. Paul, Feb. 15.—William J. Bryan was in St. Paul and called on Governor Johnson at the capitol. While here he gave out an interview on the recent controversy between the president and the senate with regard to the treaty-making power. Mr. Bryan said: "I believe the senate is right in refusing to surrender its right to a voice in making treaties and I think the president in error in making the action of the senate a basis of criticism. The very fact that he refuses to recognize the right of an opinion so overwhelmingly expressed is in itself evidence of the danger of delegating to him the power which he asks. There is, however, a basis upon which he and the senate might reach an agreement, and I hope that a reconciliation may take place upon this or some other basis. The basis to which I refer is that the president be authorized to submit to the Hague court for investigation any and every question involving an international dispute, the parties to the dispute reserving the right to take such action as they deem proper after the facts are ascertained. This would be a broader power in one

### HOGCH MAY BE "JAKE" HOFFMAN

Police Inclined to Believe He Was Janitor of the Holmes Building.

Chicago, Feb. 15.—The police put more faith in a theory that Johann Hoch is identical with "Jake" Hoffman, janitor of the flat building owned by the wholesale murderer, H. H. Holmes, in 1893. There are persons who now positively identify Hoch as Hoffman. Police Inspector Shippy obtained the names of several others who knew Hoffman and who will be asked to say whether Hoffman and Hoch are one.

Hitherto doubt has been cast upon the assertions that Hoch and Hoffman were identical because of a belief that Hoch did not arrive in this country until 1895. Seemingly, however, Hoch's own statement is all the more convincing. They have to the contrary the statement of a furniture dealer here who declares he sold Hoch furniture in 1891-1892.

### HARLAN FOR MAYOR OF CHICAGO

Chicago, Feb. 15.—John Maynard Harlan will be named for mayor of Chicago by the Republican city convention, which meets today. In all except two wards of the city, delegates selected at the primaries have been instructed to vote for Harlan.

### WARMER WEATHER UP NORTH

Gold Wave's Grasp on West Is Loosening Gradually.

Chicago, Feb. 14.—Not during the last six years has the equal of the present cold weather been experienced in the west, and in many places no such low temperatures have been recorded since the establishment of the weather bureau. A general warming up is noticeable in the northwest.

The area of the cold was extended from Canada to the Gulf of Mexico, and from the Rocky mountains to the Atlantic. The line of zero weather is about in the latitude of Memphis, but all through the south freezing weather is reported. In the north the mercury has registered anywhere from zero to 45 degrees below, the latter mark being scored at Richland Center, Wis. Trains everywhere in the west and northwest are from two to twelve hours late, and because of the pack of the fine snow in the cuts, it is expected that it will be several days before the roads are able to restore the schedule time. Although details are lacking, it is estimated that about a score of people have lost their lives, the majority of the fatalities being in the southwest.

The loss of cattle on the ranges, particularly on those lying in the northern part of the southern states, will be very heavy. W. E. Bolton, secretary of the Oklahoma Live Stock association, declared that the live stock losses in the present cold weather will be the greatest since the great blizzard of 1896. He places the number of head lost on the range in western Kansas, western Oklahoma and the Panhandle of Texas at 50,000 head. Farther north, in Nebraska and the Dakotas and Montana, the stockmen are better prepared to shelter their stock, and it is not expected the losses will be anywhere so heavy as those on the ranges farther to the south.

### SULLIVAN MAKES REPLY

EXPLAINS INCIDENT REFERRED TO BY HEARST.

CONVICTED OF MANSLAUGHTER

Charge Against Massachusetts Congressman Claimed to Be Strictly Technical and He Was Not Punished in Any Manner.

Washington, Feb. 15.—The second chapter of the episode between Sullivan (Mass.) and Hearst (N. Y.) occurred in the house when Sullivan again took the floor on a question of privilege, and related the circumstances leading up to the indictment and conviction of his father and himself for manslaughter. In decided contrast with the remarks of the previous day, when the two men heaped upon each other epithets and charges of a serious nature, Sullivan's statement was devoid of any further attack on his colleague and was a straight recitation of the occurrence referred to by Hearst. Sullivan admitted the charge, but said that he himself had been technically guilty and was permitted to leave the court a free man without serving a day's imprisonment or being subjected to a fine. His father had been imprisoned a year and a half, but on the introduction of new evidence, which proved a grave doubt of guilt, his father had been pardoned.

### MURDERESS FACES HER DOOM

Mrs. Edwards Is More Composed, but Negro Associate is Dumbfounded.

Reading, Pa., Feb. 15.—Mrs. Kate Edwards is more composed than at any time in two weeks and it is believed she is nursing herself for her execution tomorrow.
