This was decided at a conference of republican members of the house.

The following resolution, setting forth

this position, was adopted, 112 to 33, after three hours of debate. 'Resolved, That it is the sense of this conference that the action and policy of the republican caucus, held April 15, 1904 touching the admission of Oklahoma and Indian Territory as one state and New Mexico and Arizona as one state, as provided in the bill of the house. No. 14749, which bill has been amended by the senate and is now pending in the house committee on territories, be insisted upon. and that we insist on such parliamentary proceedings as can be had by a majority of the house, or a special order as can be made and adopted by

a majority of the house, under which

the aforesaid policy of the republicans

of the house will be worked out." Speaker Cannon is the author of this resolution. When the conference convened three proposals were laid before it, none of which were adopted. The first was a resolution offered by Mr. Dalzell, reciting the history of the statehood legislation in the house national land laws, has completed its and reaffirming the caucus action taken at that time. Another was a resolution by Mr. Sibley (Pa.) providing that the statehood bill be made the subject of conference between the two houses. The third was an amendment to this resolution, offered by Mr. Tawney, adding that in such conference the house conferees be instructed to insist on the house provi-

Speaker Cannon occupied the floor at length on two different occarecommendations designed to prevent sions. Other speakers were Representatives Hepburn, Tawney, Burkett, Needham. Brick and Gains. The debate was keyed to a high

pitch at all times. The ground was taken by those who favored the house provisions or nothing that the republicans of the body would be sacrificing their position taken heretofore to a few republican senators who had seen fit to unite with the minority of the senate, if the bill, as amended, was accepted.

RHEUMATISM IN TWO SEVERE CASES MASTERED IN FEW WEEKS.

The Remedy Used by Mr. Schroeppel and by Captain Lalfour in Great Demand in

Vicinity of Their Homes, In the winter of 1902-3 Mr. Schroeppel was confined to his bed by a severe attack of rheumatism. His doctor's treatment proved unsuccessful, but he subsequently regained his health by means which he describes with great enthu-

"After five or six weeks of helplessness and pain," said he, "during which I was receiving regular visits from the doctor, I felt as bad as ever. Just then my mother a woman eighty years of age, paid me a visit. She had received great benefit from Dr. Williams' Pink Pills, and she was confident they would help me. At her solicitation I gave up the doctor's treatment and took the pills in its place."

"And were you cured as the result of taking her advice?"

"Yes, quickly and thoroughly. Before the second box was finished I felt very manifest improvement, and within two weeks I was able to leave my bed and take up my neglected farm work. I continued to use the pills, however, until eight boxes had been taken, although long before that I felt that every vestige of the disease had been eradicated. "Are there no traces left?"

"Absolutely none. For a year and three months there has never been the ages sustained by reason of such violaslightest return of the old trouble. For this happy result I and my family freely praise Dr. Williams' Pink Pills."

Within the bounds of China township, St. Clair county, Mich., there is no better known farmer than Mr. Henry Schroeppel. His cure has therefore naturafly attracted a great deal of attention. One of Mr. Schroeppel's neighbors, Captain George Balfour, after hearing of the salutary results in Mr. Schroeppel's case, social evil. The amendment provides decided to try Dr. Williams' Pink Pills for an attack of rheumatism from which he was himself suffering. He took eight or ten boxes and now declares himself free from the painful ailment." It is little wonder that Dr. Williams'

Pink Pills are much in favor in the community where Mr. Schroeppel and Captain Balfour are so well and favorably known. They are sold be all druggists and are equally successful in curing neuralgia, sciatica and partial paralysis.
