WHEN YOU NEED MONEY

have your checks or drafts cashed at the First National Bank. If you wish a loan, bring it to our bank and we will change it for you. We pass no money over our counter but what is practically new. Money that is bright, free and clean. Bank notes that are crisp and unsoiled are some too good for our customers.

The First National Bank

Death of Mrs. Lockhart

Mrs. Mary Lockhart died at her home on North street this morning about 2 o'clock, after a short illness from pneumonia. About two weeks ago Mrs. Lockhart was taken ill from a cold, which became worse and finally developed into the disease which proved fatal. She has been in good health during the winter and her death comes as a shock to her many friends.

She was 74 years old. The funeral services will be held at the late residence Sunday afternoon at 2 o'clock. The interment will be in the Monongahela cemetery.

Mrs. Lockhart belongs to one of the oldest families known in Monongahela. Her parents, Ebenezer and Marian K. Smith came to this city from Armstrong county soon after their marriage and lived here the remainder of their lives. To them were born three children: Mary, the subject of this sketch, and Alexander and William. Mrs. Lockhart was born on September 24, 1831. Mrs. Mary was married to James W. Lockhart, who lived only six years after the marriage. To them were born three children. One of these died in infancy. Miss Anna Lockhart died at the home on Ninth street December 26, 1903. William E. Lockhart, who lived only six years after the marriage, died at the home on Ninth street December 26, 1903. William E. Lockhart, who lived only six years after the marriage, died at the home on Ninth street December 26, 1903.

A kindly life, gentle in its daily ministry came to a sudden close in the death of the beloved Christian woman, who was a devoted mother, a loyal friend and a kind and helpful neighbor. In her long life, spent mostly in this locality, she has won countless friends and extended her sympathy to the bereaved and afflicted.

Mrs. Lockhart was born in Monongahela, Pa. Her father, Ebenezer K. Smith, was a prominent citizen of that place.

Still Under Quarantine.

Oreston, Neb., Feb. 19. (Special to Journal.)—The diphtheria quarantine was raised yesterday from the homes of Stark Ingram and Mrs. Anson. The homes of Mrs. Ray Jackson and Frank Bellamy are still under quarantine, though the sufferers all seem to be on the road to recovery.

Oreston has had no trains for three days. The snow and cold weather have stopped everything in this part of the country except the increase of population. A baby boy is reported at the home of Mr. and Mrs. Jean Eggleston and a girl at the home of Mr. and Mrs. John Johnson, of Leigh. Both families resided formerly at Oreston. The arrival of a boy at the home of Mr. and Mrs. Pleasant Ingram is also announced.

Dr. More from North Carolina has decided to locate here.

No Coal Famine at Our Yards.

Weaver & Newman can sell you the following coal today. Price at yards: Rock Springs lump and nut \$8.04; Kemmerer nut \$8.00; Kemmerer slack \$7.00; Maternal lump \$7.00; Maternal nut \$7.00; Trenton lump \$6.00; Blount \$5.50; Sheridan, Wyo., lump \$6.00; Sheridan, Wyo., nut \$5.50; West City or Cherokee nut \$5.50.

Your orders will be cheerfully received and promptly delivered. Both telephones.

Weaver & Newman. 121 W.

Contract Closed.

At the city council meeting Friday, the contract which was drawn by the city attorney and signed by Dr. Heintz of the electric light plant was accepted by the council.

The new contract is for five years and provides for 4000 night incandescent lights and 1000 day lights, all to be furnished for \$2,000 per year. The arc are to be swung from the middle of the street intersections in the business section and the incandescents to be at corners in the residence portion of the city on poles from eight to ten feet high, depending on the surroundings, trees, etc.

Speaking of the settlement of the long vexed question, Mr. Galley, president of the council, said that the members of the council regretted that the gas plant could not be installed, as it would be a valuable business interest for the city and would furnish a great convenience in the way of gas for fuel. But the promoters could not arrange for a service which would be at once satisfactory to the city and profitable to the proprietors.

Citizens of Columbus will be glad that the question was undertaken sensibly and deliberately by the council and brought to a satisfactory settlement. Gas for street lights has not generally been satisfactory in cities where it has been tried.

The contract with Dr. Heintz contains a provision to the effect that the price will be reduced in case power facilities are secured for Columbus before expiration of the contract, whereby the cost of production may be lessened.

A Hard Winter.

From all parts of the U.S. come reports of severe winter weather and Platte county people may feel thankful that we have not been treated as badly as some of the places around us. Mrs. C. W. Speicher of McComb, Miss., a sister of Mrs. F. N. Stevenson and remembered here by many of our readers sends a clipping from a New Orleans paper giving the condition of affairs in the south, which is interesting and part of which we quote as follows: "Storm has followed on top of storm with a combination of all the disagreeable incidents of winter, ice, sleet and snow following each other in rapid succession, supplemented by thaws and heavy rainfalls. The cold wave extends almost to the Gulf and it is in the south that the greatest trouble has been caused, not so much because of the severity of the weather as because of a combination of untoward circumstances. At Jackson, Miss., a heavy fall of sleet there had killed the houses with several inches of ice, strained roofs and filled up the drains, so that when a rain storm came the roofs of stores and residences leaked like sieves. In Louisiana the damage from a freeze is reduced to a minimum by the warnings we now receive. Our winters are growing more severe, probably due to our reckless destruction of forests and the other changes we have been making."

Columbus Has Candidate for Workman Honors.

Mare G. Perkins of Columbus has announced his candidacy for the office of Grand Receiver of the Nebraska A. O. U. W., at the election to be held in South Omaha next May. Mr. Perkins' long service with the American Press Association in Omaha has given him a wide acquaintance with the press of the state and his candidacy will no doubt be favorably received.

At a meeting of the Columbus lodge last evening Mr. Perkins was endorsed for the office and committee composed of G. C. Phillips, Louis Held and Richard Ramsey was appointed to further the interests of the Columbus candidate.

If Mr. Perkins is elected the duties of the office will not take him away from Columbus, the office of Grand Receiver being simply that of state treasurer of the order. He estimates that it would require only a few days of his time each month, the position being one of trust more than of executive responsibility.

To a Journal reporter Mr. Perkins said that he had been induced by his Columbus friends to become a candidate for the office. He thinks there will be no lack of candidates, but as yet the only one to declare himself besides Mr. Perkins is the present incumbent, who is filling by appointment the unexpired term of Grand Receiver Morgan, lately deceased.

The position would be one of high trust and would bring honors to Mr. Perkins and to Columbus.

The Boston Store will Move.

L. Cohen, proprietor of the Boston Store on Eleventh street is packing up his entire stock, preparatory to moving to Herman, Nebraska.

Mr. Cohen is moving to a place that in his judgment offers better opportunities for the dry goods business. When asked if he intended to have a closing out sale, Mr. Cohen said, "No, I do not want to do anything to interfere with the other business men. I will simply take my entire stock."

Mr. Cohen has had a good reputation in Columbus, and his manner of leaving strengthens that reputation. Mr. Cohen's friends will wish him abundant success in his new location. With the departure of Mr. Cohen, Columbus has five less dry goods stores than it had six months ago.

Rev. Carson of Kearney will deliver an address in the Baptist church tomorrow evening on a subject connected with the missionary service. Rev. Carson has been a missionary in India and will again engage in that work in the near future. He has been here before and his address was very pleasing to his audience. The public is invited to hear him Thursday evening.

RUSSIA READY TO YIELD

CONDITIONS ON WHICH CZAR WOULD MAKE PEACE.

CONCESSIONS TO THE VICTORS

Port Arthur to Be Ceded to Japan and Manchuria as Far North as Harbin to Be Returned to China. Principal Difficulty is Indemnity.

London, Feb. 22.—The rumors that peace between Russia and Japan is near are accepted by the press of London as having strong inherent probability. It is pointed out as perhaps significant that Count Benckendorff, the Russian ambassador, has had several audiences recently with King Edward and that the king on Sunday received in audience Mr. Spring-Rice, counselor of the British embassy at St. Petersburg, who has just returned from Washington, where he was received by Secretary Hay and President Roosevelt. According to confidential reports the emperor of Austria has used his efforts to persuade Emperor Nicholas to seek peace.

Outline of Peace Terms. A dispatch to Reuters Telegram company from St. Petersburg containing advice to the effect that peace was under consideration, adds: "The question of peace has not only been formally discussed, but the conditions on which Russia is prepared to make peace have practically been agreed upon. These are as follows: Korea to be placed under Japanese suzerainty. Port Arthur and the Liaodung peninsula to be ceded to Japan. Vladivostok to be declared a neutral port with an open door; the Chinese eastern railroad to be placed under neutral international administration; Manchuria as far north as Harbin to be restored as an integral part of the Chinese empire. The difficulty lies in settling the question of indemnity, upon which it is known that Japan has worked continuously since Mr. Gish is said to have made the first offer in the matter."

It is quite possible that Russia will risk another battle before a decision is reached.

BAKU IS PANIC STRICKEN

Fighting Has Occurred in Many Parts of the Town.

St. Petersburg, Feb. 22.—Telegrams from Baku report that the disturbances there are increasing. Fighting has occurred in many parts of the town; shops have been pillaged and houses burned, and that the inhabitants are panic stricken. Serious disturbances are also reported at Bakhmany, eight miles north of Baku, and troops have been summoned to that place.

The railroad strike situation is reported to be growing worse in the southwest and private advices are said to show the existence of a reign of terror in this and the Caucasus generally. Many murders by Tartars and Armenians are reported. Communication has been almost cut off, even the telegraphers striking the few who still at their keys being kept there with pistols at their heads. The railroad employees at Dorpat struck. The situation in Poland, along the Austrian border, is also causing great uneasiness.

Great precautions are being observed in the arrangements for the obsequies of Grand Duke Sergius at Moscow tomorrow and in connection with the service in the chapel of the Alexander palace at Tsarskoe Selo at the same hour. The attendance at Moscow will be limited and the body of the grand duke will be interred in one of the several chapels of the monastery, where it now lies.

Constant reports declare that Emperor Nicholas not only has decided to convene a representative body, but that he is also bent on making peace. He is reported to have taken this decision chiefly on the advice of Emperor William. The conditions of peace which Russia can accept are freely discussed here. The only obstacle to peace is said to be the question of indemnity, which Russia will refuse to pay.

While peace reports are circulating in official and other quarters in St. Petersburg, the information reaches the Associated Press that General Kouroupatkin is industriously preparing to try final conclusions with Field Marshal von Rennenkampf and that a battle may be expected within a fortnight.

Agent at Hickman Suicides.

Lincoln, Feb. 22.—Homer Seybold, Missouri Pacific agent at Hickman, near here, committed suicide by shooting himself. His act followed an examination of his books by the auditor of the road, who, it is alleged, discovered a shortage in the agent's accounts. He left letters intimating that he would take his life. Seybold was thirty-two years old and leaves a wife and child.

Fire Boys Parade.

The Columbus Hook and Ladder Company led by the Columbus band and a band of colored boys of maskers brought every man, woman and child in Columbus to the streets today to see their parade. And every body who came out and saw, resolved on the spot to attend the boys' Mask Ball tonight. The Hookies never do things by halves and their parade was no exception to the rule. The music tonight is of the kind that charms stones and makes water run up hill. And every dollar that goes to the boys tonight will be used to build up the organization that more than once has made water run up hill to save Columbus property. Help the boys along.

Card of Thanks.

We wish to express our sincere thanks to all friends for their expressions of sympathy and for their assistance at the death of our dear daughter and sister.

S. S. Rickly and Family.

Martha, the four year old daughter of Henry Cartan, who resides eight miles north of Columbus, died last Sunday of scarlet fever after an illness of one week. The funeral was held last Monday and interment made in the Shell Creek cemetery.

MISS HELEN GRANTLY. Presenting "Her Lord and Master."

It's a Little Early

To talk about Wall Paper, but our New Spring Stock is now in and the patterns are so new and fine we can't help telling you about them. All grades and prices. Come and look them over.

Chas. H. Dack, Druggist.

Christian Gist.

Christian Gist, one of the earliest settlers in Columbus and one of the most widely and most favorably known characters in Columbus' early history, died at his home in the south east part of the city, at seven o'clock last night. His death was caused by dropsy, from which he has suffered for a long time.

Mr. Gist, who was sixty-four years old, was born in Allington, County of Basel Switzerland. He came with Henry Gass to Rochelle, Ill. in the spring of '36 and they came together to Columbus, reaching here February 2, 1870 where they engaged in the furniture business together.

Mr. Gist, who was a cooper by trade, soon after his arrival here withdrew from the partnership with Mr. Gist and entered the employ of the Columbus brewery company where he was working continuously since. Mr. Gist is said to have made the first coffin ever made in Columbus. The funeral will be held at 2 o'clock tomorrow at the German Reform Church and interment will be made in the Columbus cemetery.

Speaks a Good Word.

A. R. Miller, who has been here in the interests of the gas plant left this morning for Chicago. Mr. Miller is an expert in his subject and it is to be regretted that he could not interest sufficient local capital to establish a fuel and lighting plant independent of the street lighting contract.

Mr. Miller expresses himself as highly pleased with the courteous treatment he has received at the hands of the city council. And he says that there would be so little profit in a street lighting contract at prices made the council, that the fact that the gas people did not secure it argues little if any against the practicability of establishing the plant.

Considerable money has been spent for supplies which are here on the grounds. It has been suggested that Mr. Miller might yet interest foreign capital in the establishment of a plant in the city which supplies might be used. At an early date Mr. Miller has gained the confidence of Columbus business men, who would like to see him, at least, make good the losses incurred here which amounts to several hundred dollars.

Fire Boys Parade.

The Columbus Hook and Ladder Company led by the Columbus band and a band of colored boys of maskers brought every man, woman and child in Columbus to the streets today to see their parade. And every body who came out and saw, resolved on the spot to attend the boys' Mask Ball tonight. The Hookies never do things by halves and their parade was no exception to the rule. The music tonight is of the kind that charms stones and makes water run up hill. And every dollar that goes to the boys tonight will be used to build up the organization that more than once has made water run up hill to save Columbus property. Help the boys along.

Card of Thanks.

We wish to express our sincere thanks to all friends for their expressions of sympathy and for their assistance at the death of our dear daughter and sister.

S. S. Rickly and Family.

Martha, the four year old daughter of Henry Cartan, who resides eight miles north of Columbus, died last Sunday of scarlet fever after an illness of one week. The funeral was held last Monday and interment made in the Shell Creek cemetery.

GOES AFTER MEAT TRUST

FEDERAL GRAND JURY TO INVESTIGATE COMBINE.

WITNESSES FROM MANY CITIES

Nearly Two Hundred Summoned to Appear at Chicago March 20—United States Officials Begin Exhaustive Search for Evidence.

Chicago, Feb. 22.—United States officials commenced one of the most exhaustive inquiries ever started under the Sherman anti-trust act by issuing subpoenas for 185 witnesses, calling for a federal grand jury, to sit March 20, and making full arrangements for producing complete evidence regarding the operations of the packers in Chicago and other packing centers in the country. One hundred and thirty witnesses are to be from the Chicago packing houses and offices, and fifty-five are heads of departments and agents in fifteen other large cities of the country. Nearly all the subpoenas directed to residents of Chicago have been served. The eight deputies assigned in the service have visited all the principal offices of the big packing companies.

The first subpoenas were served on branch house managers and office men in New York city and Jersey City, commanding them to appear in Chicago March 20.

In every outside city where witnesses were subpoenaed, excepting New York, the deputies were dispatched from the office of the clerk of the court located there. The cities in which such witnesses were notified were as follows: Washington, Philadelphia, New York, Boston, Pittsburgh, Omaha, Kansas City, St. Louis, Buffalo, Cincinnati, Sioux City, St. Paul, Fort Worth, Jersey City and Milwaukee.

KANSAS AFTER OTHER TRUSTS

Resolution Introduced in Senate Providing for Investigation.

Topeka, Kan., Feb. 22.—The sentiment in favor of restricting all repressive corporations in Kansas is growing. A resolution was introduced in the senate providing for an investigation of the following alleged combines: Beef, grain, implement, milling and lumber. The evidence gained in the investigation will be presented to the governor and attorney general for action. The Standard Oil company will be closely watched in the meantime. The oil producers' association announces that the fight against the Standard will not be relaxed, no matter what may be the outcome of the legislation. H. E. West, president of the association, announces that Frank E. Monnet, formerly attorney general of Ohio, has been retained to assist in gathering evidence. During his term as attorney general of Ohio Mr. Monnet brought suit against the Standard Oil company to revoke its charter for alleged violation of the anti-trust laws. He made a desperate, but unsuccessful, effort to drive the company out of the state and gained much evidence that will be of use in the Kansas fight.

C. A. Walsh of Ottumwa, Ia., a former secretary of the Democratic national committee, announces that Mr. Shearn, the lawyer who prosecuted the anthracite coal trust cases for William R. Hearst, has been retained to assist in the Standard Oil investigation in Kansas. Hearst's plan is to bring proceedings against the Standard under the Sherman anti-trust law.

Matron Guilty of Manslaughter.

Elizabeth N. J. Feb. 22.—Mrs. Mary A. Hart, matron of the Elmwood day nursery was found guilty of manslaughter in causing the death of Elsie May Ernest, four years old, accompanying the verdict was a recommendation of mercy. The jury was out two hours. Prosecutor English, for the state, claimed that Mrs. Hart had placed the child, which was a mute, in a bath of hot mustard water and held her there until she was so badly scalded that death ensued. The head of the house committee of the nursery testified that Mrs. Hart struck the child while in the bath.

Platt-Elas Suit Dismissed.

New York, Feb. 22.—The suit of John H. Platt, the octogenarian millionaire, to compel Hannah Elias, a negro, to return to him \$385,000 which he alleges he gave to her in a period extending over twenty-five years, was dismissed by Justice O'Gorman in the supreme court. In dismissing the suit Justice O'Gorman said the case was absolutely without evidence to sustain Platt's allegation that the money was obtained from him by means of threats of bodily harm and exposure of their relations.

Siberian Railway Breaking Down.

London, Feb. 22.—According to the Daily Telegraph's St. Petersburg dispatch the Siberian railway is giving way under the tremendous strain to which it has been recently subjected. A general sagging of rails and other serious defects are revealing themselves and though the railway is only able to carry barely sufficient provisions for General Kouroupatkin's army, this is becoming increasingly difficult and the number of trains daily must soon be reduced.

Omaha to Be Headquarters.

Washington, Feb. 22.—Plans are under way for the creation of a new division of the rural free delivery system, with Omaha as the headquarters. The new division will include states immediately adjoining Nebraska and will be in charge of an inspector. Division headquarters for the west are now at Denver and St. Louis.

Admiral Dewey Is Better.

Washington, Feb. 22.—Admiral Dewey, who has been suffering from a cold for the past few days, is reported to be much better, but is not able to leave his house.

Maennerchor Anniversary.

Saturday night at their hall the Maennerchor society celebrated the 25th anniversary of the founding of the society. The event was to have been Monday of last week, but was postponed to Saturday on account of the bad weather.

Three hundred people were present and the celebration was a gala affair. Lunch was served and Prof. Sike's orchestra furnished music for the dance. The members of the society furnished entertainment with songs and recitations. The festival lasted until a late hour and was enjoyed by the Maennerchor members as all their meetings are. The annual celebration of the society's birthday in Columbus is an event which is always one of great enjoyment to the members and their families.

Singers Entertained

Meers Farrand and Echols treated the Methodist choir of which they are members, to a bob sled ride last Saturday night, after choir practice. And they gave further proof of their generous good will by unloading them at the home of Mr. and Mrs. Echols where they were treated to a good old-fashioned oyster supper.

The Lutheran choir, consisting of eighteen members were also treated to a bob sled ride. The choir met at the home of the Misses Kaufmann, where they practiced as usual till nine o'clock. Then Messrs. Korte and Pittman drove up with a large bob sled, built for eighteen people and kept the merry party "a-sleighing" till a late hour.

Another sleighing party of young people drove to the country home of the popular mail carrier, H. E. Reed, to surprise his daughter Mae.

District Court.

District court convened Monday afternoon at 2 o'clock with Judge Hollenbeck presiding, and Blake, Makler reporting.

The case of Smith against the First National bank of Columbus, charging false imprisonment, was settled out of court.

An information was filed in the case of the State against John C. Sprecher. This is the well known livery case brought by George W. Wertz, of Schuyler for alleged criminal libel.

The case of the Lincoln Drug Company against the Platte County Bank consumed the greater part of the afternoon. The case involves some nice questions of agency in the matter of the collection of an account. When the court adjourned at 4 o'clock it looked as if the case might never go to the jury but C. J. Garlow is attorney for the plaintiff, Judge Sullivan and W. A. McAllister appearing for the defendant.

Some interesting misdemeanor cases are docketed for this term of court.

In district court Lizzie Martin filed a petition asking to be divorced from her husband, Peter J. Martin. The plaintiff alleges that she was married to the defendant in 1890; that a daughter, now seven years old, was born to them; that the defendant deserted her in 1890 and for four years since that date has not only been absent but has failed to provide for her. She also alleges that he owns property worth \$2000 and asks that the court grant her a divorce and reasonable alimony and to grant her the custody of the child.

Judge Hollenbeck has been somewhat delayed to day in getting parties in court with their cases, but in spite of this necessary delay he has disposed of considerable business.

The case of Walter against Ricketts was continued.

The case of Duffy against Wagner was postponed on account of the death of the defendant's brother.

In the case of Ellick against Rosier, a motion for continuance was denied. Attorney F. M. Cookinjian withdrew from the case and trial went to the court. The court found that the defendant had special property in the goods at issue and that he had right to the possession of same. The judgment calls for a return of the goods or the value thereof.

In the case of the Lincoln Drug Company against the Platte County Bank, the jury under the direction of the court found for the defendant and judgment was entered on the verdict.

Louis Wagner Dead.

Louis Wagner, aged thirty years, died at St. Mary's Hospital Monday morning of tuberculosis.

Mr. Wagner has suffered six years from tuberculosis, which attacked the bones of the knee and elbow. For ten years he worked in the west, returning home last April.

His family have done everything within human power to restore this worthy and highly respected young man to health.

He has had two operations at St. Mary's hospital but the disease seemed to have too strong a hold to be more than temporarily checked.

The Wagner family are among the oldest settlers and they will have the sympathy of a host of friends.

The funeral will be held at the Catholic Church Wednesday morning at ten o'clock and interment made in the Catholic cemetery.

Another big treat is in store for the theatre goers. Manager Sailer has secured Miss Helen Grantly who will appear at the North opera house on Monday evening February 27th in a revival of her greatest success "Her Lord and Master." Miss Grantly's many friends and admirers will be more than pleased, this being her first appearance here since the opening of the North opera house four years ago. Secure your seats early as a very large attendance is assured.

TIME IS PRECIOUS.

Now is the time; when you get old and dependent it will be too late. Your dollars will be taken care of here and at the same time be earning something for you. Money works for you night and day in our bank.

The Old Reliable

Columbus State Bank

Honors for Columbus Man

At the state camp of Sons of Veterans which was held in Fremont, closing Thursday, Bert Galley of Columbus was elected commander. The office carries much hard work and responsibility with it as well as honors. Though there are not a great number of members in the state, there are a number of towns which have signified their intention of forming organizations, all of which will mean a great deal of work for Mr. Galley. All orders to the Sons in the state will be issued through Mr. Galley. The state commander has the appointment of four officers, namely, adjutant, quartermaster, division inspector and division chaplain. Mr. Galley speaks warmly of the manner in which the visitors were entertained while in Fremont.

A Terrific Explosion.

Last Sunday morning about eight o'clock, while Mrs. C. W. Derby and son Roy and wife were getting breakfast at the Derby hotel, the large range exploded, jarring the whole building, which arose from peaceful slumber those that were sleeping and causing them to get up in a hurry to see what had happened. The range was literally blown to pieces driving some of the pieces through a door and window about 10 and 12 feet from the stove, and also tearing holes in the ceiling above the stove. The explosion was caused by the pipes freezing and when the water in the water front of the large range got hot and as there was no outlet for the steam, caused the explosion.

It was a miracle to see the way the pieces of the stove were scattered around the room and no one was hurt.

Mr. Derby informed us that it will take about \$150 to cover the damage, but that he was thankful that no one was killed.—David City Banner.

The Platte Center.

E. O. Garrett of the American Book Company was in Columbus Friday on his return from Platte Center where he had been on business with the school board of that town. Describing the recent fire which totally destroyed the public school building in Platte Center, Mr. Garrett says that the brick walls are left standing erect with the large brick chimney in the center, built from the foundation up. The building cost \$8,000 and was insured for \$4,000. The insurance adjuster was in Platte Center yesterday and the district will recover the entire amount of insurance carried.

Not a thing was saved from the building, the fine library and all books and supplies going up in flames. The building was one of the best of its kind and size in the state, equipped with electric call bells and everything to make work convenient for teacher and pupil. The school board has made arrangements to begin school next Monday. The high school will be conducted by Prof. Leorne in the opera house building, the intermediate with Miss Hennessey as teacher will be in the Biocentr building, and the primary teacher, Miss Hughes, will hold school in the Methodist church. The board are making arrangements to start rebuilding early in the spring and will put up a building as good or better than the one burned.

Diphtheria at Oreston.

Oreston, Feb. 19. (Special to the Journal.) The nine year old son of Prof. Loomis is seriously ill with diphtheria. Dr. McBriney of Humphrey has been called in consultation with Dr. Jones of Oreston.

Gratitude.

It would be impossible for me to see all who helped me in the Journal plant contest. I take this way of expressing my thanks to you, one and all.

Mary Wilson.

I Would Advise.

Crown and Bridge work. It is the most beautiful, most substantial and most modern method of restoring broken teeth or roots and supplying the places of missing ones. Would heartily recommend it in all cases where it is adapted to your mouth.

Come in and talk the matter over. Consultation free. All work guaranteed. Over 13 years of continuous successful practice in Columbus.

12th Street, Phone 140.

Dr. H. E. Naumann.

Care of the Teeth

What is noticed more quickly and admired more than the teeth—if they are well cared for—and what so greatly lessens one's personal charm if they are neglected?

There was a time when carelessness in this particular was overlooked; now it is never excusable, for every well informed person appreciates the fact that well-kept teeth are not a luxury, but a positive necessity.

We use only the latest painless methods and guarantee satisfaction.

Dr. J. E. Paul, Dentist.
