Telegram Marks up the Wrong Tree Again.

(Saturday's Daily) The city council met last evening for a special session of Monday evening.

In addition to this, the council passed the following resolution in relation to street numbers:

"Resolved, by the Mayor and Council of the city of Columbus, that all property owners within the prescribed district for the free delivery of mail, who have not complied with the ordinance in relation to the numbering of their business houses or residences, that if the same has not been complied with by April 15, 1905, the city will cause the proper numbers to be placed upon said houses of business or residences and the expense of same shall be charged up to said property."
