Ambassador Porter cabled to Wash-

The circumstances leading to the final discovery of the body are particularly interesting. General Porter has conducted the search for the last five years and when congress recently took no action upon the president's recommendation for the expenses incident to the search the ambassador continued the extensive labors at his own expense. HOW HE GOT RID OF HIS OBSTINATE MUSCULAR RHEUMATISM.

Mr. Jones Tells of the Way by Which He

Treated Himseif Successfully When Doctors Failed. Six physicians, all of them good, one of them a specialist, had done their best for Mr. Jones at different times during

fully from the tortures of rheumatism.

The rheumatism that had been dormant in his system was suddenly brought to an acute stage by exposure while he was drawing ice in February, 1901. From that time on for a period of more than three years he was a constant sufferer. He tried many kinds of treatment, but the rheumatism wouldn't budge. When regular doctors failed, and one remedy after another proved aseless, many said: "I should think he

would give it up and save his money." Of his condition at this time, Mr. Jones says: "My rheumatism started in my right thigh, but in time it appeared in every muscle of my body. I lost the use of my left arm entirely and nearly lost the use of my right one. My feet were badly affected. especially the bottoms of the heels, When my right side was affected there was swelling, but the left side didn't swell when the disease settled there. The internal organs didn't seem to be involved at all. The trouble was all in the muscles and the nerves."

Among the few who still encouraged Mr. Jones to think that a cure might billed to Manila. Philippine islands. yet be found was a friend who had realiams' Pink Pills, and acting on her advice he bought a box of them in September, 1904. The story of what followed is brief, but nothing could be more satisfactory.

"When I was on the third box," says Mr. Jones, "I could realize a change for the better. I felt sure then that Dr. Williams' Pink Pills were the right medicine for my case. I kept on with them for several weeks longer and now I am entirely well, and everybody is asking what I took."

Mr. William Jones lives at Oxford, Mich. Dr. Williams' Pink Pills effect wonderful cures in rheumatism, because they work directly on the blood which is the seat of the disease. They are sold by every druggist.
