The chain is not broken, it is dry. Monroe, Genoa, St. Edward and Albion. Some day we will count it the other way taking Columbus in out of the west.

On Monday Charles Dack was up with his automobile, a load of hay was in the road. Mrs. Potter with a horse and buggy turned out from the hay from one direction and the automobile turned out the same time from the other direction, the two rigs collided, the horse turned round so short that it upset the buggy throwing Mrs. Potter and her daughter out. At first it was supposed she was dangerously hurt but later she seems to suffer no serious injury.

The deal was closed Tuesday afternoon whereby Messrs. Greve & Johnson became the owners of the stock of goods of Anderson's Co's general merchandise store, and are now ready for business. Greve & Johnson are hunting their business in Lindsay.

A. J. Edmiston, the new deputy agent, is not at all contented with his job here. He says he is willing to do a day's work every day, but never before expected to do the work of two men in that length of time and keep it up. He says that if he continues here without a helper he will demand that the company give him a day off once a month to get acquainted with his family. It's no dream; the company should certainly furnish a helper at this point.

Frank VanAllen and wife of Monroe passed through here Wednesday on a prairie schooner, on their way to the Rosebud reservation, where Mr. Van Allen was one of the lucky ones to secure one of the first numbers in the drawing. Attorney Cornelius came up from Columbus Monday morning and after a consultation with J. M. Specht, proprietor of the "Third Parlor," the doors of the parlor were locked and the curtains pulled down. A little sign was displayed in a front window, which read, "Saloon closed; property in building listed in petition in bankruptcy," told the story. We have no official figures of the liabilities and assets but from parties who know pretty near the indebtedness is placed in the neighborhood of seven thousand dollars, while he lists about six hundred dollars, which includes the stock of liquors and cigars and the book accounts. The building which he occupied is owned by his wife. Specht moved here about a year ago, but did not take out license until August, thus paying a full year's license for about nine months' time. It is under-

stood that much of this indebtedness was hanging over him when he came here, and that it was these creditors that caused him to take the step he did. It is generally understood that he has purchased a property in California and will run a saloon there—in his wife's name.

BILIOUSNESS AND CONSTIPATION CURED BY THEDFORD'S BLACK-DRAGHT

Because the liver is neglected people suffer with constipation, biliousness, headaches and fevers. Colds attack the lungs and contagious diseases take hold of the system. It is safe to say that if the liver were always kept in proper working order, illness would be almost unknown. The healthful action on the liver cures biliousness. It has an invigorating effect on the kidneys. Because the liver and kidneys do not work regularly, the poisonous acids along with the waste from the bowels get back into the blood and violent contagion results. Timely treatment with Theodor's Black-Draught removes the dangers which lurk in constipation, liver and kidney troubles, and will positively forestall the invasions of bright disease, for which disease in advanced stages there is no cure. Ask your dealer for a 25c. package of Theodor's Black-Draught.
