"The home grown, hand-spanked, bare footed, hard-fisted country boy," remarked the Tecumseh Oklahoma Chieftain, "makes a better fight in the battle of life than the pampered, high colored, creased trousered youth of our cities whose clothes have been dusted with a whisk broom instead of a shingle. Let the town boy out of a try a year on the farm. Plowing behind a mule will take the kinks out of his throat and the weakness out of his legs and will give him an appetite, an honest living and a sight of heaven."

The death of Narka Lander yesterday morning cast a shadow of gloom over the entire community. The deceased was the only daughter of Mr. and Mrs. C. W. Lander of this city and would have been 15 years old August next. The cause of her death was kidney trouble following an attack of grippe. All the medical science could do was done to ward off the grim monster, and Tuesday hopes of her recovery were entertained, but she began to fail rapidly Tuesday night and died at six o'clock Wednesday morning. The heartfelt sympathy of the entire community goes out to the sorrowing parents and relatives in this their hour of affliction. The funeral was held Friday at the residence at 3:30 p. m. and the remains interred in the Genoa cemetery.

He says: "Two years ago had kidney trouble, which caused me great pain, suffering and anxiety but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." Chas. H. Dack, druggist, guarantees them at 50 cents.

TRIAL OF NEN PATTERSON

Former Show Girl on the Verge of Collapsing.
New York, April 25.—The third trial of Nen Patterson, accused of the murder of Chester Young, began in earnest before Recorder Goddard in the court of general sessions. The former show girl became faint at the close of the session, necessitating a hurried adjournment of the court. The feature of the day's proceedings was the opening address of Assistant District Attorney Rand, in which he outlined what the prosecution intended to prove. He declared that Young never carried a pistol and that the state would prove that the revolver that killed Young was bought by Joseph Morgan Smith, the brother-in-law of Nen Patterson. Mr. Rand announced that he would prove by sworn evidence that during the year Young maintained Nen Patterson he spent \$2,000 on the purchase of the revolver and the Smiths entered into the alleged conspiracy to prevent Young from leaving this country, and to avoid cutting off their enjoyment of his money. Young, he continued, acted as one marked for slaughter from the time he received the alleged threatening letter, in which, it is stated, Julia Smith, Nen Patterson's sister, wrote that unless you do see Nen I cannot answer for the consequences. Mr. Rand said that the prisoner's character would have an important bearing in showing the motive for the crime. The Smiths were present during part of the proceedings. The petition filed by their counsel to compel District Attorney Jerome to give up letters taken from the files of the case were arrested in Cincinnati was denied by Justice Gaynor in the New York supreme court.

PACKERS EMPLOYEES TESTIFY
Federal Grand Jury Begins Examination of Agents.
Chicago, April 24.—The federal grand jury which is investigating the business transactions of the beef industry completed its examination, for a time, into the operations of the Aetna Trading company and the remaining witnesses subpoenaed to testify in this case were called up and examined. The present list of witnesses who are employed by the packers. One of the most important of these witnesses will be Mrs. Mary E. Marcey, author and stenographer, who was subpoenaed from Kansas City. She will, it is said, produce documentary evidence which she secured while gathering material to write stories concerning the packing industry. Mrs. Marcey was formerly employed as a stenographer by one of the concerns in Kansas City.

District Attorney Morrison said that the jury will continue its investigation of the beef industry until April 29, when the matter will be dropped until May 2 in order to investigate some other matter. After these cases are cleared up the grand inquiry will again be taken up and completed. No verdicts on the main issue will be voted until after May 2, according to Mr. Morrison.

Storm in Colorado.
Trinidad, Colo., April 25.—Two feet of wet, heavy snow covers this section and the indications are that the storm is not yet over, as the weather is still threatening. The Paratore river, which overflowed its banks last fall and caused damage to the Santa Fe railroad estimated at \$200,000, is rising rapidly and grave fears are entertained that the river will be reported. Some sections of railroad recently repaired were damaged by the overflowing of the river. A small bridge on the Colorado and Southern railroad was washed out, delaying traffic several hours. Owing to the destruction of the water mains supplying Trinidad, the business section of the city is entirely without water. The main canals repaired until the river recedes. Many had rock slides are reported to have blocked traffic on the Colorado and Wyoming railroad. Telegraph and telephone lines have suffered considerably.
