for the West, and her place as record keeper has been filled by the election of Mrs. Barclay Jones. Light refreshments were served.

Matt Thomas, the fellow who drives the express wagon from the U. P. depot was a victim of a most cruel trick yesterday, concocted and planned by the other employees in the office.

Thomas is a beginner for the express corporation and as customary in all trades an initiation is usually in order before a fellow becomes real handy to the work. A heavy box was packed and labeled "OD" directed to a certain party in the southwest part of town and \$30 was to be collected for same. Thomas delivered the goods, and not until he had been the victim of all kinds of nonsense did he realize that something was wrong in Denmark. He returned the supposed treasure to the depot and now is not feeling toward the other boys as he used to.

Mayor-elect Joseph H. McClelland of Fullerton was in the city last night and returned to his home this morning. Mr. McClelland was this spring elected mayor of his city by a handsome majority after as warm a battle as ever was fought in a city the size of Fullerton. McClelland was elected on a high license platform. That town has been for the past two years the home of a dozen bootleggers and at the same time been conducted by an anti-license administration. A half dozen of the lawless have been arrested the past year for the dispensation of booze without license but it seems that every action resulted in the cost of added to the taxes of the citizens.

The more enterprising people decided to change matters and today Fullerton with McClelland at head will in time get back to where she once was in business and improvement capacities. Mr. McClelland is also the leading light in school matters there and for the past dozen years has been instrumental in bringing Fullerton schools to their present high standard. Mr. McClelland is well known in Columbus and being a leading lawyer also ranks high in his profession in the state.

WILL Housington and Everett Carrick returned from Fremont the first of the week where they completed a large job of lathing. The boys are becoming skilled at their trade and are sought after not only here but in other towns.

Mark G. Perkins returned from Omaha today where he has been since Sunday working for the office of Grand Receiver of the A. O. U. W.
