SURE PAINT FACTS

1. Pure Mineral Oil is the foundation of all Paint Durability.
2. The general practice against Ready-Mixed Paints is based on the fact that many of them are adulterated with inferior oil.
3. All paint is first ground into a THICK PASTE, and the Ready-Mixed paint is then diluted every gallon of this paste with a gallon of kerosene to make it into a paint.
4. When you buy Ready-Mixed Paint, you pay the Ready-Mixed Paint price for this adulterated oil, or from 2 to 3 times the market price for the pure raw oil in your local dealer's barrel.
5. There is a point where matters STOP, when the paste is completed. Content with the profit on the paint alone and knowing that any 14 year old boy can mix this paste and the pure raw oil, both bought separately from the local dealer. Simply stir together, gallon for gallon, no more, no less, and nothing else, and YOU know you have an absolutely pure linseed oil paint that has cost you at least 25% less than any "High Grade" Ready-Mixed Paint. An honest price for both paint and oil and your own personal knowledge of its purity and durability.
6. This paint is KILN-DRIED Paint, which is made in a full line of standard, popular and DURABLE colors. It is not a patent paint. It's just the good old time-tested paint materials, ground together ready for you to thin down with the pure raw oil.

WHEREVER WE HAVE NO AGENT, YOUR OWN DEALER WILL GET "KINGLIGH" FOR YOU, IF SHOWN THIS AD., BY WRITING DIRECT TO KILN-DRIED PAINT COMPANY, ST. LOUIS, MO.

LOUIS SCHREIBER.

Wife - Beater Fined

(Thursday's Daily)
A traveling horse trader who gives his name as Louis Dugan indulged in the manly luxury of pounding his wife with the big end of a whip yesterday evening on the streets of Columbus.

It appears that Dugan was drunk and this may account for the fact that the operation was public. At any rate, it was open to the view of bystanders who did not approve of the custom and an officer was found who gave parent, accompanied by certain spectators who had witnessed the performance. Mr. Dugan was overhauled in the west end of town and was put under arrest on a charge of assault on complaint of G. B. Speice.

Today he was brought before County Judge Ratterman for trial, and as usual the woman who had been the victim of his brutality refused to testify against him. On the contrary, she had fixed up a story calculated to contradict the evidence which was given by disinterested eyewitnesses of the performance. In the face of this denial on the part of the victim, Judge Ratterman decided that he could not hold the man and discharged him.

This afternoon another charge of assault and battery. The first charge had been assault with intent to do great bodily injury. On the second charge the judge assessed a fine which amounted to about \$30 including costs.

\$25 And Costs.

(Thursday's Daily)
Yesterday Oricket Meyer and May Dillon were brought before County Judge Ratterman and fined \$25 each and costs for keeping houses of prostitution. They paid the fines. The maximum penalty fixed by law is \$100 fine and six months imprisonment. Complaints were also issued against four women as inmates, but they left on the early morning train before warrants were served.

Stolen Property Found.

(Thursday's Daily)
A part of the property which was stolen from the store of Carl Schubert last Thursday night has been found. Five revolvers were found east of the Burlington depot yesterday. They were rusty and had evidently been lying exposed for some time. No other articles were found and as yet no trace of the burglars has been found.

Misdemeanor

(Thursday's Daily)
The case of State vs Liley is being heard this afternoon in Justice O'Brien's court. The case comes from Loup township and the defendant is charged with tearing down a fence which enclosed a cultivated field, a misdemeanor under the statute.

GENOA.

(From the Leader.)
For the past two weeks the railway company has had a number of Austrian laborers at work on the Spalding and Albion lines repairing track. The men are a tough looking lot and fully as tough as they look. They make their home in a box car, where they board themselves—spending most of their earnings for booze. Last Friday afternoon the gang received a consignment of fighting whisky from Omaha. In the evening their car was pulled to Fullerton, near which they worked Saturday and proceeded to get full in the evening. Dimlich, the man who was killed, was considered a quarrelsome fellow. He had a grudge against Voso Bosovich, a fellow workman and after imbibing freely concluded the time had arrived for carving him. He attacked Bosovich with a knife, and the latter defended himself with a revolver, firing three bullets into the body of his assailant, killing him instantly. After shooting, Bosovich escaped but late Sunday afternoon returned and surrendered to the sheriff. In a preliminary hearing Wednesday, the defendant was discharged, on the ground that he was acting in self defense.

Last Thursday night thieves broke into a car on the side track near the depot and stole a crate of peaches. The same evening the panels of the front door of Wallbrandt's hardware store was smashed in, but the parties failed to gain an entrance.

A Bratt has announced his intention to leave Genoa and move to Norton, Kansas. He does not expect to make the change before next spring. Mr. Bratt owns considerable property in and around Norton. He recently left the contract for a brick store building in the heart of the business district of Norton. The contract provides for a structure 52x100 feet.

A large number of Genoa people celebrated the Fourth in neighboring towns and surrounding country this year. Half a dozen picnics were held near town, but Columbus got most of the crowd. When the excursion pulled in from Albion, every seat in the five coaches was filled and a caboose crowded, yet more than 100 Genoa people crowded into the coaches and filled the aisles and platforms. The only excitement in Genoa was the ball game at the park in the afternoon.

Pete Horton is minus the end of his finger. He slashed it off while whittling a stick.

The fascines placed in the Loup to prevent the river from cutting the banks proved a costly experiment. The members of the board of supervisors were in Genoa Friday inspecting what was left of the fascines near the Loup bridge. Fascines at other points along the Loup have also proved failures.

Ernest Fish is sick with appendicitis. A consultation of physicians held Saturday decided that an operation would be necessary as soon as the patient was strong enough.

John Elm returned from his western trip last Friday. While in Salt Lake City he met Harry Bratt who expected to leave in a day or two for Norton, Kansas, where he will make his home.

KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.

When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

FOLEY'S KIDNEY CURE

CURED OF BRIGHT'S DISEASE.

Mr. Robert O. Burke, Kinross, Saratoga Co., N. Y., writes: "I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 15 to 20 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One 5-cent bottle worked wonders, and before I had taken the third bottle the superfluous flesh had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefited."
