From Portland Miss Hensley and Miss Brown proceeded to California, visiting in Frisco, Sacramento and Los Angeles. On the way home they visited in Salt Lake City, Denver, Colorado Springs and other places of interest. Altogether Miss Hensley reports a delightful trip, and one not soon to be forgotten.

## SEEK TO END WIRE STRIKE

**Farmers' and Merchants' Associations Move for Settlement.**  
St. Paul, Aug. 3.—Commercial clubs and merchants and farmers' organizations along the lines of the Great Northern and Northern Pacific railways in Minnesota are asked to take action to end the present telegraphers' strike, and the governor of Minnesota has been appealed to use his good offices in bringing about harmony in order that business interests may suffer no further injury. The wheat harvest throughout Minnesota and the Dakotas has begun and the work of moving a big crop will, it is said, test the capacity of the roads, even under normal conditions. The telegraphers at strike headquarters seem to attach great importance to the expected arrival of President J. J. Hill.

A wreck on the Northern Pacific at Bradner tied up that branch for several hours. A switch engine was on the main line and a head-on collision occurred, in which both engines were wrecked and the conductor and several passengers bruised, but no one seriously hurt. The strikers claim the wreck was caused by a lack of telegraphic communication.

## DISOBEYS MOTHER; SAVES LIFE

**Six Year Old Girl Rescues Lineman From Peril.**  
Omaha, Aug. 3.—While playing on the roof of a hotel building, contrary to her mother's instructions, six-year-old Mamie Wilson saved the life of Harvey Donald, a lineman working on a swinging scaffold, six stories above the street.  
Donald, hearing the child's footsteps on the gravel roof, looked up and in doing so discovered that the iron hook which connected his swing with the pulley block had slipped almost out of the ring.  
A puff of wind to sway the rope the fraction of an inch meant death. Afraid to move, Donald waited until he again heard the child's footsteps, and after several attempts succeeded in attracting her attention to his peril. Acting under his instructions, the little girl got a broomhandle and struck the hook, driving it back into the anchor ring.  
Inspector Braun Resigns.  
New York, Aug. 3.—Marcus Braun, who became embroiled with the Hungarian authorities at Budapest several months ago while there in his capacity as United States immigration inspector, has resigned his office. Mr. Braun has since his return to this country been assigned to duty at Ellis Island and was ordered by Commissioner Seeger to don the regulation uniform. This Mr. Braun refused to do and, after an ineffectual appeal to President Roosevelt, he tendered his resignation.

**Shaw's Visit to Oyster Bay.**  
Oyster Bay, Aug. 3.—It can be said by authority of the president that the visit of Secretary Shaw of the treasury to Sagamore Hill had no relation to the secretary's retirement from the cabinet. The matter upon which the secretary talked to the president was personal entirely to them. The secretary's resignation in the future was not mentioned. Secretary Shaw has let it be known that he expects to resign from the cabinet some time next winter, but no date has been set. It is accepted in political circles that the secretary expects to become a candidate for the presidential nomination in 1908 and that his relinquishment of cabinet duties is to free him from any embarrassment in his campaign for the nomination.

**New York Church Burns.**  
New York, Aug. 3.—St. Thomas' Episcopal church, at Fifth avenue and Fifty-third street, one of the most richly furnished religious edifices in America, was wrecked by fire. Within a block of the ruined church are the homes of half a score of the country's wealthiest men.

**HUMPHREY.**  
The latter part of last week Mrs. Charles Jens came up from Columbus packed and shipped their household goods to Fremont, where they intend making their future home. Humphrey will sadly miss the company of Captain Jens and family.

Bianche Cookingham and Nettie Drake spent a pleasant time at the farm home of R. N. Leach, 3 miles north of town Saturday and Sunday. Jake Steffels started Sunday for a week's visit with his brother, Henry at Scotts Bluff.

Mr. Gallagers are moving into the house formerly occupied by Charles Jens. The advertised game of ball between Humphrey and Monroe at Cornlea Sunday did not come off because the Monroe boys failed to appear.

Miss Segelke of Columbus is visiting Myrtle Leach this week. Mr. F. M. Cookingham was calling on Creston friends Friday. It is reported that many of our farmers, who expect to better themselves financially by selling and trading their valuable farm lands here for farm lands in Boone county, were visited and badly damaged by hail last week. Had they followed Mark Hanna's slogan—"let well enough alone," they would have been better off by staying in a safe and good country.

Professor Green, who takes the place of Professor Campbell in our school (the latter going to West Point) was viewing the situation and getting acquainted last week. Bruce Webb of Elm Street was in town Sunday. The Humphrey Democrat was the successful bidder for printing the ordinance for the village of Tarnov, over several bidders.

It is about time for some good citizen to arise to his feet and say to the village board "cut the weeds, grade the street." Attorney Cookingham, who is the village attorney for the following Lindsey, Cornlea and Tarnov reports

that each are getting along nicely at present. Mr. Jayhawk of Iowa is visiting her father, Mr. Matthes and other relatives here. Mr. and Mrs. John Oshen are contemplating a trip to Colorado Springs next week. Mr. F. J. Wiesner of West Point spent the first part of the week with his daughter, Mrs. Langer. A. J. Langer, formerly president of the First National Bank of Humphrey is in Washington on business. Many Humphrey people spent Sunday afternoon in Cornlea attracted there by the ball game and shooting contest. Generous rains this week are making millions of bushels of grain in Platte county.

**In the District Court of Platte County, Nebraska.**  
In the matter of the Estate of George L. Dorr, deceased.  
This cause came on for hearing upon the petition of Arthur B. Dorr, administrator of the estate of George L. Dorr, deceased, praying for license to sell the north half of the southeast quarter of section nine, township eight north, range three west of the Sixth Principal Meridian in Platte county, Nebraska, or a sufficient amount of the same to bring the sum of \$1,700.00 for the payment of the indebtedness against the estate and the costs of administration, there not being sufficient personal property to pay the said debts and expenses. It is therefore ordered that the persons interested in said estate appear before me, or some other judge of said court, at the court-house in the city of Columbus in the said county, on the 7th day of September, 1905, at one o'clock p. m., to show cause why license should not be granted to said administrator to sell so much of the above described real estate of said deceased as shall be necessary to pay said debts and expenses. It is further ordered that a copy hereof be published in the Columbus Journal, a weekly newspaper printed and published in said county, four consecutive weeks prior to September 4th, 1905.
