The "Gang" Wins. (Monday's Daily)

It was a great game of ball that was played yesterday between the court house gang and Dan Bray's sluggers. Five hundred people saw the game, the greater part of them being from the city. It was about 3 o'clock when Charlie Carrig, the last of the "gang" appeared on the diamond and he met a storm of applause. Immediately thereafter the usual preliminary stunts were gone through with when the umpire called "play ball." The court house boys went to bat first and after getting a couple of runners safely on the bases, Sheriff Carrig, who was once the terror for all pitchers, stepped up to the plate and swiped the ball square on the horn to deep center and scored two men. This seemed to take the ginger out of the country boys, but they soon settled down and allowed the "gang" but three scores during the remaining eight innings.

Bray's sluggers scored in the third, sixth and eighth innings, but Ed Kavanaugh's benders were so deceptive that fifteen or more of the sluggers fanned the air.

One feature of the game was a pretty slide to third by Jerry Carrig. Another, a running catch of a sky scrap or by Henry Laehnit, and the work on short by "Niek" Carter. The battery work of the sluggers was good and every player of the team played good ball. Score 4 to 5 in favor of the court house.

After the game a foot race or two were indulged in and the rest of the day was spent at Steven's.

Will Gregorius was the official scorer and Joe Mahaffey presided as umpire.

New Building (Monday's Daily)

T. Friedhof and G. W. Phillips will begin work in a few days on the building on the corner of Third and Nebraska streets.

The building is to be of brick, only 80 and two stories high. The lower floor on the corner will be occupied by Mr. Phillips bank and the floor east of the bank will be used for mercantile purposes. The second floor will be used for offices.

Chas. Wurdeman will superintend the construction of the building.

Never in the way, no trouble to carry, easy to take, pleasant and never failing in results are DeWitt's Little Early Risers. These famous little pills are a certain guarantee against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Sold by Charles H. Daek.

Jail Sanitation.

Our city physician Dr. C. H. Paltr calls attention to some matters of jail sanitation that are worthy of serious consideration. Speaking to a Journal reporter he said in substance, "the city jail, with its rapid succession of hobo occupants, hailing from all corners of the earth, and bearing all kinds of disease germs, is a most favorable starting place for serious epidemic diseases, if it is not fumigated from time to time. The government passed

stringent laws regulating the sanitary condition of cars and stock yards, but the city municipality permits human beings to sleep in the jail filth left by preceding diseased occupants, careless of their health and even their life, when a few dollars would pay for fumigation. I have called the attention of the Mayor and the city council to conditions and in the future shall strive to keep the city jail in sanitary condition."

Boone County Fair

The secretary of the Fair Association writes us that Boone county holds its twenty-first annual fair this year on September 19, 20, 21 and 22.

\$1,000 was spent on the grounds last year and 1,200 this year.

They believe they now have the best equipped fair grounds in the state outside of the state fair. On the big day last year 10,000 people passed through the gates. Their stock exhibit, both in quantity and quality, was not excelled by any fair in the state. They have contracted for several new features, the most expensive of which is the guided wonder mare "Cate" which has been secured by the state fair. She will be here Sept. 21st and 22nd. She trots a mile without a driver or a sulky and has a record of 2:04.

Accommodations will be provided for all visitors.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure headache, constipation, biliousness, jaundice, etc. Early Risers are small and easy to take and easy to act. Sold by Charles H. Daek.

Forcible Detainer Suit. (Monday's Daily)

Judge Ratterman to-day dismissed the forcible detainer suit in which Henry Duval was plaintiff and Al Hall defendant because he concluded there were no grounds for action.

Orpheus Picnic. (Monday's Daily)

The Orpheus Society held a picnic at their hall yesterday afternoon. About two hundred were present. During the afternoon they had races and sports in the yard and served an elaborate lunch for which the Orpheus Society is famous. In the evening the guests danced till midnight.

Labor Tax.

By amendment of Section 70 of chapter 14, article 1 of the compiled Statutes of Nebraska, all persons subject to Labor Tax must perform two days labor on streets or contribute the labor by payment of two dollars (\$2) in cash to the city Treasurer.

Chautauqua.

There is only one Chautauqua in the state this year that will be worthy of your attention and that will be the one at Fullerton the site of the famous Lover's Leap. There is where you will get your money's worth and some to spare and if you are looking for a vacation and a place to spend it you should write to the secretary for a copy of their handsome souvenir book giving full details of the program and dates. It is the handsomest thing of the sort ever put out in the west and you should have one whether you are going or not. Their dates are August 11 to 21th inclusive. Excursion rates on all railroads during the time of the meeting. See the big bills for further particulars or write the secretary.

The Union Pacific Railroad has just issued an illustrated booklet on the Lewis and Clark Centennial, which is a complete guide to Portland, the Exposition City, what is to be seen en route, and of the return trip through California.

Those who intend to visit the Great Western Fair will find in this publication a rare fund of information.

Send two-cent stamp in your request and the book will be mailed you promptly. Address W. H. Benham.

Shock vs. Stack Threshing.

It does not pay farmers to thresh in the shock. All millers and grain men agree on this point and yet many farmers persist in that habit and refuse to stack their grain. Mr. A. Jaeger has made an experiment this year on his farm the result of which every farmer should read. Here is Mr. Jaeger's experience in full:

Considerable discussion having been caused by the statement that the Agricultural Department of Lincoln places the annual loss to Nebraska farmers for deterioration of quality on wheat at from \$500,000 to \$1,000,000 mainly through neglect to stack may be of interest to farmers to get actual figures to prove this loss theory.

The writer had a 40-acre wheatfield, which was not stacked. At time of harvest the wheat was of splendid color, plump heavy berry of no less than 62 and closer to 63 test by careful investigation and comparison with other similar tracts threshed right after harvest. This wheat now only tests 59 pounds, a loss in weight of 3 pounds per bushel, or a round loss of 45 bushels to the field. The market value of the wheat, owing to loss of color and bleached berries is 3 cents below the price of No. 2 red Turkey, which was the grade the wheat had at harvest. As we threshed in round numbers 300 bushels actual weight, the total loss to the field and loss of price is \$68.50. Now this field was threshed under normal conditions and dry weather; had it been damp the loss would have been much heavier. A. Jaeger.

Mrs Macken Entertains (Thursday's Daily)

Mrs. Macken entertained twenty-eight ladies yesterday afternoon at four-hand-euchre in honor of her niece, Mrs. Miller. The prizes for the games, a beautiful cup and saucer, was won by Miss Minnie McMahon. The prize for lone hands was also won by Miss McMahon on a cut with Mrs. Gus Spitzer, but since she received the prize for games she very graciously gave Mrs. Spitzer the second. Mrs. Macken was assisted throughout the afternoon in serving waters and punch, and later the refreshments, by the Misses Eleanor Roche, Eva Walker, Mamie Macken and Margaret Hale. Mrs. Miller leaves today for Chicago where she will join her husband.

ALL OVER THE HOUSE.

To Remove Ink Spots, Iron Mold and Similar Stains.

While wet sprinkle powdered chalk or starch on the stain and moisten it with milk. Another method is to sprinkle with salt and rub with half a lemon. Wash off acid and rinse at once.

When the ink has been allowed to get dry place the stained part in a saucer containing a little boiling water, moisten the spots and cover with salts of lemon. Let it remain a few minutes, then pour boiling water on carefully to prevent the acid spreading, which would burn and rot the dry threads. It is advisable for this reason that the article should be well rinsed in warm water. No alarm need be felt if instead of taking it out clean the acid turns it out a pale green. Boiling will finish the process.

Iron mold can be treated in the same way, and it disappears at once. Muriatic acid is most useful in removing red ink stains. Ink must be removed at once from colored materials, as the dye is not proof against the method needed for dry stains. Steep the stained part in boiled, not boiling, milk, rub it lightly and change the milk as it becomesinky.

Cheese Straws.

Take two ounces of butter, two of extra good flour, two ounces of parmesan cheese and the usual seasoning of salt and cayenne. Rub the butter and cheese well into the flour, add the seasoning and sufficient yolk of egg to make the whole into a stiff paste. Roll out thin and cut in strips half an inch wide and about four or five inches long. Cut also some rings of the paste. Lay them on a sheet of paper and bake in the oven five or ten minutes until they become a nice golden color. When cold arrange in little bundles, sticking three or four straws through each ring.

Cure For Nail Biting.

A mother whose little daughter had the habit of biting her nails had tried numerous unsuccessful devices for curing her before she hit upon one which proved eminently effective. This was nothing less than the gift of a manicure set with permission to use it all she wanted to. As the child learned to polish and trim her nails her joy in them grew apace until pride had quite put to rout the ugly habit which no amount of coaxing or scolding had been able to break up.—Table Talk.

The Dishcloth.

When dishcloths are finished with they should be put in a pan of hot water in which a little soda is dissolved and boiled for a few minutes, then rinsed in cold water and hung up to dry. If you do not do this every day you should make it a point twice a week. Perhaps the best kind of dishcloth is that made by knitting very coarse cotton on large needles. These can be bought, but the making of them affords a nice occupation to those whose eyesight fails or to children.

Washing Embroidery.

Soap should never be rubbed directly on embroidery, but all centerpieces of this kind should be cleansed in a soap lather and squeezed with the hands, never rubbed. Where colors are used on them each piece ought to be laid separately on a towel. In this way if any of the colors chance to run there will be no danger of streaking other pieces.

Soap and Candies.

Candles burn better and more slowly if they have been stored in a dry place six or seven weeks before being used. Soap will get twice as far if well dried. It should be cut into small blocks and these arranged in tiers with spaces between to allow them to dry.

Pointer on Ironing.

Before ironing turn a bacon rind flesh side up on a board and place a large clean cloth near it. Every time an iron is taken from the fire rub the bottom and edges on it and then on the cloth and there will never be a smut on the most delicate garment.

Whooping Cough Remedy.

For whooping cough make a palatable sirup by slicing onions fine and after sprinkling plentifully with brown sugar allow the onions to stand between hot plates under a press until all the juice is forced out.

Lime In the Jam/Closet.

Lime sprinkled on the shelves will keep pickles and jams in the storeroom from becoming moldy. The lime must be renewed occasionally, as it loses its power.

Beef Soup For Invalids.

Take a pint of rich beef stock and stir into it while boiling the yolks of two eggs beaten with half a cupful of cream. Thicken with cooked pearl saro.
