A Mix Up

Cuestor's Darly

A mix-up occurred on the sidewalk in front of the new State Bank building between two of Columbus young men, Frank Kersenbrock and Ed Gluck this afternoon

Frank was walking down the street to the post-office when Ed Gluck who was wheeling brick for the new building ran against him. Frank thought the action was intentional and in a moment there was a rapid exchange of blows. Little injury was done to either of the boys, August Schack separating them. No arrests were made as the affair was looked upon as an accidental misunderstanding Witham Huston will take notice, and as both young men are highly some disposition.
