## WORLD CONGRESS AT BRUSSELS

Practically Every Nation in the Civilized World Represented.

Brussels, Aug. 28.—An unusually large and representative delegation from the United States congress is here to attend the interparliamentary commission, which will open in the Palais de la Nation today. The parliaments of Europe are also numerously represented.

The situation at Portsmouth was the chief subject of discussion among the delegates, the sentiment being divided between commendation of President Roosevelt's persistency and hope that the plenipotentiaries might reach a compromise.

Mr. Bartholdi, chairman of the American group, reported to the executive council of the congress, which met under the presidency of M. Bernart, the Belgian minister of state. Mr. Bartholdi presented a draft of a model arbitration treaty and plan for a permanent international parliament. The plans were referred to a special commission for final action prior to the reassembling of The Hague conference. The discussion showed opposition to arbitration by the Italian and German delegates. Assurances were given by other delegates that President Roosevelt's proposed reassembling at The Hague would be carried out at the conclusion of the Russo-Japanese war, and this was fortified by a letter from President Roosevelt showing the positiveness of the president's intentions.

## TOKIO EDITORS IMPLACABLE

Jap Papers Demand All of Sakhalin and Big Indemnity.

Tokio, Aug. 28.—The proposal that Sakhalin be divided between Russia and Japan is exciting strong popular opposition here and it is freely predicted that acceptance of it will result in demonstrations against the government. The Nichi Nichi declares:

"Peace under such circumstances would be imperfect. Peace must be conclusive. Since the island was recovered at the point of the sword there is no room to entertain a proposal for a partial surrender of it. Should our government try to conclude peace in the presence of so many obstacles to effecting a lasting peace, the result would only be a temporary cessation of hostilities, for which we would hold our authorities responsible and unhesitatingly blame them. Japan shall adhere to her demands with reference to the payment of indemnity and the cession of territory."

The Mainichi says: "If the reported proposal to divide Sakhalin is true, it is a most grave and serious danger to our country. It will be impossible to entertain it, as it would only serve to sow the seeds of further dangers and complications. Let us stop the peace negotiations if the proposal is seriously made."

## THEATER OF WAR MUCH CHANGED

During Lull in Operations Both Sides Receive Reinforcements.

Gunshu Pass, Manchuria, Aug. 28.—Intelligence of the constitutional grants by the government has been received by the army and general information relating to Portsmouth affairs continue to reach here from three to ten days late. Since the Japanese reconnoitered the Russian center about twenty-five or thirty miles on Aug. 10, which resulted in retaliatory skirmishing, as well as the checkmating of a wide movement of considerable bodies of troops throughout three days, nothing important has occurred. During the long quiet valuable reinforcements have reached both sides, giving the theater of war a much changed appearance. The front has been greatly extended, made possible by the use of the wireless telegraph, and because of the unexpected size of the armies, the character of the third stage of the war, whether it be active hostilities, demobilization or the garrisoning of contested territory, will be complicated.

## Agrarian Disorders in Russia.

St. Petersburg, Aug. 28.—There is a great increase in the agrarian disturbances in various parts of the country. In the Gort district the peasants are forcing the nobles to announce to the newspapers that they are handing over their holdings to the peasants freely or are accepting one-tenth instead of one-quarter of the crop yield. The refusal of the peasants in the village of Incheleshan to pay Prince Inukrasky the proportion of the crop to which he was entitled led to a serious conflict between the peasants and the Cossacks. The Cossacks fired on the peasants, killing and wounding according to an official account nineteen and according to an unofficial account seventy. Peasants came from the mountains to the assistance of the villagers, resulting in fresh disturbances, in which one Cossack was killed. Prince Inukrasky himself had a narrow escape from shots fired at him.

## Japanese Cabinet in Session.

Tokio, Aug. 28.—A specially summoned council of the cabinet and elder statesmen is now in session, discussing the latest final phases of the peace conference at Portsmouth.

## Fatal Quarrel at Buxton, Ia.

Oskaloosa, Ia., Aug. 28.—Frank Pruet of Chicago was shot to death by John Quodo at Buxton, during a quarrel. The slayer escaped.

## Visitors Return

(Monday's Daily)

Yesterday's trains brought home three of Columbus citizens prominent in business, who have been enjoying several weeks vacation. And they all have interesting stories to tell.

Mr. and Mrs. Dickinson returned from a two months visit to California and Washington. They saw the Portland exposition and ran across many Columbus people during their travels.

They visited the Pickett's and the Reed's at Riverside and called on the Geers at Los Angeles. At Portland they met Mrs. J. C. Fillman. In Washington they visited the family of Horace Fobes and also the family of Charlie Morris at Wenatchee. Mr. Dickinson this morning was displaying to his friends some large apples and pears grown on Mr. Morris' trees. The apples are as large as small pumpkins and perfect in shape and color. He says that Mr. Morris' pear crop is so abundant that it is breaking down the trees. Our popular Mayor expressed himself as glad to get back to Columbus and ready to take up the reins which have been so ably held by Councilman Galley in his absence.

T. Friedhof returned from his three weeks vacation on the same train that brought Mr. and Mrs. Dickinson home. He also visited in California, spending considerable time in San Francisco. He saw the Geers at Los Angeles and visited a day at the Gondering home at San Jose. He was delighted with the beautiful Santa Clara valley in which San Jose is situated. From San Francisco he went to Portland where he helped three hundred other Nebraskans to celebrate Nebraska Day.

He speaks highly of the exercises in which Governor Mickey, the Governor of Oregon and the Lieutenant Governor of New York participated. At Seattle Mr. Friedhof met Dan Schram and his brother John Schram who is one of the leading business men in that growing young metropolis. He has been honored by an election to the responsible position of president of the Chamber of Commerce. He says that Dan Schram will visit a sister in Minneapolis before returning home. At Butte he fell in with the Dickinsons. Mr. Friedhof shows improvement in his physical appearance and says that he believes in the vacation idea of a business man.

Martin Bloedorn returned yesterday from his European trip where he has spent the summer in the interest of the International Harvesting Machine Company, selling the Deering binder. Mr. Bloedorn lost twenty-five pounds during his absence. This is due to his strenuous work, he thinks. He worked out of Hamburg and Dresden most of his time, instructing dealers on the points of the Deering and insisting them in the sale of it. He says that competition is keener there than it is here. The American binder there has to compete with Canada, England and the German made machines. And he makes the emphatic statement that it is not true that the American machine is sold cheaper there than America. The machine that sells here for \$125 is sold there for 900 marks which is over \$200 of our money. The American machine sells for more than the foreign machine because it is stronger and stands wear better. Mr. Bloedorn says that while his trip was a business one still he enjoyed it. He will take a vacation of one month before resuming work for the International people.

## GENOA.

(From the Leader.)

Miss Leta Adams came up from Lincoln the last of the week and has been guests of her Genoa relatives.

Mr. and Mrs. E. M. Spear and son Fred departed the last of the week for Chicago where Ed will spend his time buying goods and Mrs. Spear will enjoy the breezes of the lake side.

As chief of police Ressler was making his rounds last Friday afternoon he ran up against a three cornered scrap. It seems from the evidence brought out in a trial before Justice Cross that Simpson and E. Howard, who lives on the Skedee, got into trouble over a horse trade and went into the alley to settle the matter a la Corbett. After the regular amount of chin music the battle began. Howard knocked Simpson down and was kicking when Charles Leflingwell and Peterson interfered. Howard then turned on Leflingwell and they were boxing it out with Simpson as referee when the Chief collared them and took them before Judge Cross. While Village Attorney Rose was preparing complaints Howard insisted in pleading guilty of assault and was fined \$5 and costs. But he was soon re-arrested for being intoxicated and although five witnesses testified that he was under the influence of bug juice at the time of the scrap he was discharged. Simpson was then tried and fined \$10 and cost for being intoxicated.

Mrs. C. W. Landers accompanied by her niece, Miss Fannie Norton of Norfolk, departed the first of the week to visit relatives at Salt Lake City.
