While in Chicago the attorney general was apprised of the condition of Vice President Weil, and it is said agreed to the entry of a plea of guilty, with the understanding that the jail provision of the law under which the indictment was returnedt should be waived and merely a fine imposed. The same concession was made in the case of the other three defendants.

The four defendants were charged with unlawfully combining and agreeing to solicit rebates for the Schwarzchild & Sulzberger company from the Michigan Central Railroad company. the Chicago, Rock Island & Pacific, the Grand Trunk Western Railroad, the Lehigh Valley Railroad company, the Boston & Maine Railroad company and the Mobile & Ohio Railroad company. Bethea, who is hearing the cases of the interstate commerce commission against eighteen railroad companies on questions of alleged dis-

crimination of freight rates. "The rates on live stock from Mis souri river points to Chicago are more than just to the shipper and less than just to the carrier" declared the witness. "Most of this traffic is what we call pick-up and our company must provide at various stations at a great expense for the reception of the cattle. It costs us more to receive and care for the live stock than for the same service for passengers, if you will. We provide scales and scale houses, windmills to pump water, pave the yards with vitrified brick, and build buildings which withstand the cold and heat alike."

Conflict Between Politica Parties .at Cienfugos-Troops by Request Hurried t othe Conflict-More Trouble Feared at Elections.

HAVANA, Cuba-Official dispatches received from Ceinfuegos announced the killing of Congressman Enrique Villuendas, leader of the liberal party and the most able orator in the lower house and the chief of police of Ceinfuegos during a conflict between the two political parties, the liberals and moderates. The government advices say the police had information that within the hotel in which Villuendas resided a quantity of arms had been deposited and they went to the botel to investigate the matter. As the police ascended the stairs they were met by a party of liberals, who fired on them, killing Chief of Police Illance. The police returned the fire killing Villuendas and wounding several others. Intense excitement prevails at Cienfuegos and Havana.

The government authorities fear the result the affair may have on the election of members to the election board, which will be held Sunday. As the news spread throughout Havana the liberals and moderates are rapidly gathering in their respective clubs and it is feared that unless the leaders give wise counsel a clash may result tonight.

A dispatch to the Associated Press from Cienfuegos says that six persons were killed and twenty-five wounded during the conflict.

Dispatches to the government say that besides Congressman Villuendas and Chief of Police Illance, two policemen were killed and a number of policemen and civilians injured. Rural guards are around the entire block in which the Hotel Suiso, the scene of the affair, is situated. One telegram says that Villuendas fired the shot which killed the chief of police, while according to another telegram the shot was fired by Jose Fernandes, a liberal who has been arrested.

ciety's directors.

The "Turner loan." Mr. Morton's re port sets forth, was carrial in 1894 by the Western National b. which was controlled by the Equitable Life Assurance society. The collateral for the loans was objected to by a bank examiner, and Henry B. Hyde then agreed to transfer the loan and collateral to the Mercantile Trust company. At that time apparently the loans amounted to \$661,491.

George V. Turner, in whose name the loan stood, was secretary to Louis Fitzgerald, then president of the Mercantilee Trust company and a close business associate of Henry B. Hyde. The loan was guaranteed by Marcellus Hartley, John E. Searles, Louis Fitzgerald, W. N. Coler, Jr., and H. B. Hydee. On March 21, 1895, the same guarantors renewed their guaranty, the loan having grown to \$1,276,478, the increase being due to attempts to develop the property on which the collateral for the loan was made. Part of this collateral was given by John W. Young and consisted of Salt Lake & Eastern railway stock and other Salt Lake stocks. This collateral proved to be of little value. Other collateral consisted of contracts of the Kentucky Mineral and Timber company and the Amity Land and Irrigation company of Colorado. Attempts were made to develop the Kentucky property and the Colorado property, and large sums were expended for that purpose and by July 1, 1905, the cost of the Kentucky property stood at \$619,067, and the Colorado property at \$2,809,653. The Equitable Life Assurance society paid the Mercantile Trust company \$218,264 on these loans on January 23, 1900, and \$500,000 on February 4, 1904.

"The records of the society," said Mr. Morton, "disclose no authority whatever for these payments, and the cash entries in respect to them were very obscure."

GOT BOTH SKULL AND BONES

Colored Man Amply Proved He Had

Sense of Fear. Not many years ago Col. Prescott of Portland, Me., had a negro servant who, he claimed, did not know what fear was. One evening while the colonel was with friends a bet was

made that a number of those present could scare the negro. About 12 o'clock on the night appointed for the attempt Col. Prescott called his servant to his study, and in a harsh voice ordered him to go to tomb 12 in a nearby cemetery

and bring him a skull. With a jolly "All right, massa," the servant set off.

In the mean time the other parties to the bet had secreted themselves in the tomb and awaited the arrival

of the negro. As soon as the servant entered he groped around and picked up a skull. "Put that down; that's mine," came another voice out of the darkness.

Nothing daunted, the negro laid it down and picked up another. "Put that down; that's mine," came

another voice out of the darkness. He laid that down, and exclaimed: "Golly, somebody owns all these skulls, but I'm going to have this one. anyway," and, picking up another

skull, he ran out of the tomb. The men in the tomb were pretty much frightened themselves by this time, and started after the negro, who, without turning around, ran straight for his master's house. Rushing into the study, he laid down the skull, exclaiming: "Massa, here's the skull; the bones are coming after."
