Hardware Dep't.

If you are going to need a stove or range it will pay you to buy good Round Oaks. They save fuel, do their work perfectly, cost no more than imitations and outlast them all. It don't pay to experiment—Round Oaks are time tried and tested, and have a good character.

Be sure and look them up. They are by far the cheapest in the long run.

The Genuine ROUND OAK Stove.

This is the stove you have always heard about—the famous Round Oak. It is the most popular and has the largest sale of any stove in the world.

It burns any kind of fuel. It holds the fire all night, and all day too, if you wish.

It is right in principle; thorough, honest workmanship and best materials. There are hundreds of imitations; be on your guard, see the name on the leg and door. Don't experiment, you can just as well have the genuine—it will cost you no more. Remember, it is nearer to being a perfect heating stove than any other on earth. There is but one Round Oak and it is sold only by us.

The ROUND OAK CHIEF Steel Range

IN ALL STYLES AND SIZES

Without a question the finest steel range, in every respect, made in this country.

Round Oak quality from top to bottom.

A marvel of tight fitting and fine workmanship.

Holds the fire, saves the fuel. A quick worker and baker.

Made of Wood's Wellsville polished steel—highest quality known.

Treble-thick asbestos insulation.

"It will save and suit you every day it runs."

Furnished with oven thermometer.

The Biggest Thing of The Year

"The Larger the Cheese the Finer the Flavor"

That's an old saying. The enormous cheese now on exhibition at our store is the famous Crawford make, so the many good qualities of the Crawford of ordinary weight are to be found in this unusually large one, together with the added quality that comes from its great size. Come and see the big prize winner.

So much labor and expense are involved in making a cheese like this Colossal Crawford, that it can not be sold for the same price as the smaller ones, but it is well worth the difference. Like the regular Crawfords, it is soft, smooth, rich full cream cheese, with the most appetizing flavor that comes with right making and right curing.

The Big Blue Ribbon Cheese will be cut Tuesday, November 28th, and delivered to our trade for Thanksgiving Day.

No other table delicacy is in greater demand or harder to obtain than good cheese, so we feel certain that you will want a piece of this Colossal Crawford. Leave your order today. We are selling it at 20c a pound.

The big scenic melodrama "Old Arkansas" will be the attraction at the North Opera house, Tuesday October 31st.

P. E. McKillip and F. J. Pratt of Humphrey were in Columbus Friday night. Politics had something to do with the errand.

WANTED:—500 new subscribers to the Journal during the next sixty days to make our list 2000. Send in your name or your friend's name now.

"Old Arkansas" with a strong cast, a world of mechanical effects and a carload of scenery will be seen at the North Opera house, Tuesday October 31st.

The ladies of the Congregational church will serve supper Wednesday evening, November 1st in the vacant building just west of Pollock's drug store. A hearty invitation is extended to all.

One of the features of Fred Raymond's "Old Arkansas" is a country quartette which offers various tunes, popular among the people of the Ozark mountains. The quartette never puts less than a half dozen encores, and is one of the many popular and pleasing features of "Old Arkansas" which will be at the North Opera house, Tuesday, October 31st.

FARMERS:—Remember that the Journal goes to more Platte county farmers than any other paper in the county. When you have a horse or a hay stack or a machine to sell or buy remember that a want ad in the Journal can do it cheaper than you can. Write out what you want. For every seven words send 10 cents either in cash or stamps (25 cents is the least that will be received) and we will do the rest. Try it once if you have not tried it.

George Stewart a young man who has been boarding at the Lindell Hotel for some time, and who has acted "queer," was adjudged insane Saturday and taken to the Norfolk sanitarium by Deputy Lachnit. Stewart recently received a bunch of money from an estate and was spending it as fast as he could. It is related that one day last week he dropped a roll of bills amounting to \$75 on the sidewalk and then stood off and addressed the roll in the following language: "I don't know whether I'll pick you up or not."

WAY UP is used by all who desire a fine quality of patent flour. The Columbus roller mills makes it.

Ladies' and gent's clothing cleaned, pressed, dyed and repaired.—R. S. Palmer, The Tailor.

It is the most gorgeous set of scenery ever carried by a road company, at the North Opera house, Tuesday, October 31st.

The advertising season is here, the time when the farmers buy their winter supplies from the merchants and when they clean up the odds and ends of stock and machinery on the farm. The most successful business men have learned that a newspaper circulating among the people who buy can do them cheaper and better service than a salesman hired to solicit trade from each individual buyer. And buyers have learned that the man who economizes in his business by using the newspaper as an advertising medium is in a position to sell cheaper, other things being equal, than the man who relies entirely upon the more expensive method of keeping a high salaried man in his store to wait for buyers to "drop in." Likewise progressive newspapers have learned that the good business man looks upon advertising as a cold business proposition, placing the money he expends for advertising in the same column with salesmen's salaries, and that the one thing demanded by that business man of an advertising medium, is a newspaper that circulates widely among his possible customers. The Journal, confident of the correctness of that reasoning has labored incessantly and spent much money to build up the widest possible circulation. Not less than \$500 in cash within the last year has been expended on circulation building, with the result that the Journal's circulation among the prosperous farmers of Platte county has much more than doubled. It has been the Journal's policy to make people want it by printing the important news and to speak with scrupulous accuracy on public questions which touch the pocket books of all the people. The best testimony to the correctness of our reasoning is the constant addition of voluntary subscriptions to our list. But we are still not satisfied. We have set our mark for 2,000 bona fide subscribers by January 1 and we need only 500 more to make it. If just one out of every three of our present subscribers will send us the name of a friend our mark is reached. If you like the Journal and its policy help us to boost, and do it now. Speak to just one friend for us and send in his name. We are determined to have 2000 by January 1. If you do not believe that the Journal is already the favorite advertising medium for Columbus' best business men, take a moment to note the large number of local and display ads carried by them. "Boost" is the word for the next sixty days.

TOURIST CARS POPULAR.

The idea that an inferior class of people patronize the tourist sleepers is an error. On many trips only the best class of travelers are found. They are merely men and women of good sense who would rather travel to California in this manner and save a snug sum of money to use elsewhere. It is beginning to be understood that it is by no means necessary for the traveler to spend a large sum of money in order to enjoy a trip to the Pacific Coast.

If you cross the continent in one of the tourist sleepers of the Union Pacific you will enjoy your trip and save considerable money. Inquire of
