## To the Voters of Platte County.

Gentlemen.—I do not wish to disappear from the political stage without expressing to you my appreciation of your kind treatment during the campaign and your hearty support at the polls. I came among you with the plea that the office of county superintendent should not be political and asked your support on the grounds of fitness for the position, and of meritorious service. I tried to conduct my part of the campaign in a way becoming the head of the schools of the county. You know how well I succeeded. I was received with kind consideration by all, regardless of political affiliations. I am confident that my support was composed largely of those who are directly interested in the public schools of the county.

I submit gratefully to the will of the majority, and shall give Mr. Leavy my hearty support in his efforts to improve the conditions of our schools.

I am perfectly satisfied with the treatment received at the hands of those who conducted the campaign. I believe Mr. Hoare was loyal to every man on the ticket, and that he did all he could to secure their election. The republican papers made a sacrifice in their support of the ticket and should be kindly remembered, not only by the candidates but by all who are interested in the success of the party in the county.

With best wishes for the public schools of Platte county, I am with you.

O. H. SMITH.

## Fans Happy.

Columbus fans are happy. "Jack" Corbett, who with his brother Jim bought Warden's pool hall last week will be on deck next summer to preside behind the bat and "Kelly" Welch, the Omaha league pitcher who is working for "Jack" will also be here if business keeps up as it has started out for the boys.

With "Jack" Corbett and "Kelly" Welch Columbus will have the fastest "bench" in Nebraska outside of the league. And the boys will see to it that "Jack" and "Kelly" will be too busy next spring to sign any contracts away from Columbus.

"Jimmie" Corbett, who won 58 out of 63 games when he was pitching for the Nebraska Indians against the strongest teams in the United States outside of the leagues, is "itching" to go into the box again and his arm has recovered until it has its old time strength.

With "Kelly" Welch and "Jimmie" Corbett to change off with the old reliable, "Dad" Lohr and "Kid" Dolan in the box, Columbus will have a good strong prescription to administer to every visiting team.

## A Promotion.

Ed Fitzpatrick, the efficient assistant postmaster of this city received a telegram last Thursday notifying him of his appointment to a position in the Postoffice department on the Panama Canal zone. The telegram contained no particulars but it is known that the appointment is a promotion which will add materially to Ed's salary and it is believed that the position is either that of assistant postmaster, or postal clerk. Last Saturday Ed received a second telegram asking him to report at New York for further instruction and in response thereto, Ed left Tuesday morning.

Ed Fitzpatrick has been six years in the Columbus postoffice where he has done proficient service and has mastered the details of his work so as to give him excellent preparation for the promotion.

Ed will be missed in Columbus social circles, where he has always been a prominent figure.

## District Court.

The court house is crowded today by spectators eager to hear every word of the testimony in the sensational kidnapping case in which Fred A. Bruenhaber went to the home of Mr. and Mrs. Henry Wiseman last Saturday afternoon and forcibly took away his three year old daughter Lula Marie.

It was an interesting but pathetic spectacle to see Mrs. Wiseman on the witness stand with the sweet little girl not her own, clinging to her neck and refusing to recognize the real mother and father sitting near, to whom the child has been a stranger from infancy, but whose parental instincts have led them to seek by force, the child of their blood after three years of separation. The story as briefly told by witnesses is as follows:

Three years ago Bruenhaber was night engineer at the city waterworks here and lived with his wife and four children the youngest a babe at its mother's breast. Estranged from his wife he left her and the children without means of support and Mrs. Bruenhaber took the babe to Mrs. Wiseman, her husband's sister. The conditions upon which the child was given up are in dispute, but at any rate the mother seldom saw the little girl who has come to look upon Mr. and Mrs. Wiseman as father and mother. Finally Fred Bruenhaber wrote from Denver for his wife and family and they went to him. Recently they returned to Columbus and Mr. Bruenhaber went to his sister's home for his baby, and being refused, the testimony is that he choked Mrs. Wiseman and took the child by force. Taking a team and buggy he drove to David City with the child where he was apprehended by Sheriff Carrig Saturday night and brought into district court to answer the charge of kidnapping. The testimony of the defense is not in as the Journal goes to press.

Since last Saturday the court has disposed of the case of Oscar Nelson against Strand, the eluder case from the Looking Glass in which the defendant is said to have accused the plaintiff of stealing a whip, the verdict being for the defendant.

In the case of Dr. J. C. McKinley against Gustav Teske for a doctor's bill the jury found for the defendant.

A case has been filed in district court from Burrows township, Oleska vs Oleska, the wife seeking to enjoin the husband from selling real estate and other property.

## Route 3.

A magic lantern show was given at the Nick Adams school house last Friday by an amateur who is showing at the country school houses.

John Kamm is serving on the jury.

Corn husking will be completed on this route by Thanksgiving.

## Route 5.

Mrs. Libbie Coffey visited friends in Monroe last week.

Ed. Hahn and Chas. Redding have finished husking.

Bert Bryan has gone to the table lands to husk corn the rest of the fall.

Word was received today from Fullerton announcing the birth of an eleven pound girl to Mr. and Mrs. A. P. Mattson of that place.

H. P. H. Oehrich shipped nine car loads of fat cattle to Chicago Saturday. If he doesn't get right markets he will ship to Europe.

Wm. Mattson and daughter, Miss Anna, of South Omaha are guests at the home of Mr. and Mrs. G. M. Hall this week. Miss Anna will remain two weeks longer to visit friends at Monroe and St. Edward.

Mr. Dahlberg of St. Edward was excused from the jury last Saturday morning to witness a very delicate operation undergone by his son Elmer in which a part of the skull was removed. The boy is doing finely.

The engine pulling the Albion branch train jumped the track at St. Edward yesterday and delayed traffic from Spalding six hours. No damage to speak of resulted. A number of Columbus citizens were caught by the accident and detained for several hours, their wives however were greatly pleased when they met home with no bones broken.

The Spalding passenger instead of arriving at 1 o'clock, pulled to the depot at 6:10 and 6:15 minutes later made up its train and returned to Spalding.

Mrs. M. McGowan, living in west Columbus, was the victim of a complete and happy surprise Saturday evening. That day happened to be her 45th birthday and her neighbors and friends to the number of about 50 quietly planned a program and when least expecting an occasion of the kind the party swarmed into her home and made the evening one of joy and merriment. Everything that was good to eat was in abundance and on leaving at a late hour the friends wished Mrs. McGowan many more years of happiness.

Columbus society has been active during the past week in honoring Mrs. G. D. Brown of Papillion, guest of Mrs. Edgar Howard. Last Friday Mrs. Thos. Dack gave an elaborate six o'clock dinner in her honor. On the following afternoon Mrs. Howard and Mrs. Hansen gave a Kensington to twenty-five guests. Tuesday night Mrs. C. E. Pollock and Mrs. C. J. Evans entertained nine tables at four-hand euchre, Mrs. Arthur Gray receiving the prize for games. A beautiful guest prize was presented to Mrs. Brown.

## K. K. K.'s Entertained.

Harold Kramer entertained the K. K. K.'s at a six o'clock dinner Saturday evening. Afterward at a game of guessing advertisements, Arthur Wilson won the prize, a Katzenjammer Kids book. The club resumed its regular meetings this fall. Melvin Bruger as the only new member.

The members were so regular in their attendance last year, that not enough fines were collected to give the theatre box party as had been planned. But these youthful promoters now have a loftier aim. It is their ambition to use their dues and fines, together with the proceeds from work done during vacation to erect a small club house, which shall be their own. Should they succeed in this enterprise, no doubt their lady friends young and old, will be besieged with pleas for sofa pillows, pennants, rugs, and all those feminine touches dear to bachelor hearts.

At a recent business meeting Clifford Galley was elected chairman and Harold Kramer treasurer. The other officers will be elected later. The next meeting will be with Melvin Phillips next Friday evening.

## HOT WATER BOTTLES

Perhaps your old hot water bottle did not last as long as it should. There might have been better rubber in it. Our bottles are made of pure Para rubber from Brazil, one of the very best in the whole world. Our hot bottles will not disappoint you.

## District 44 and Vicinity.

Corn husking is in full blast. A few have finished and larger cars were never grown in this vicinity.

The fruit trees are going into winter quarters in better shape than for three years past. The autumn thus far being very favorable for the ripening of the upper wood.

Dan Sheedy, about twenty-one years old a son of Michael Sheedy of this place was taken quite ill Thursday evening just after finishing up their corn husking. He took to his room where he remained until Saturday p. m. when he was conveyed to the hospital at Columbus, where he could receive better care. Dan is an industrious and a hardworking boy, and has the sympathy of this neighborhood. His reasoning power seemed to be affected.

With a slight knowledge of the shrink in new corn from the first of December to the first of June, following we are of the opinion that those who are going to sell would do well to dispose of that article now, at present prices.

M. Sheedy has had new chimney tops put upon his buildings and 44 has caused a new chimney top to be placed upon the schoolhouse. The farmers are getting ready to receive Old Boreas and a long winter.

J. H. Drinnin has been looking in the mail for a valuable farmers pocket knife, which he drew as a premium for work done for the St. Louis Semi-Weekly Star, when last Friday the mail carrier showed him the package with the proper address and post marks, but the package had been broken open and was empty. Postmaster Kramer was informed of that fact, and is now investigating.

The town board of Columbus township will be in session on the first Saturday in December at 9 o'clock a. m.

Nearly every farmer in this neighborhood has become happy and contented with his lot. On meeting one you are greeted with a pleasant word, when you can see evidence of the above in his countenance and we are inclined at this time of year to give credit to pumpkin pie and other good things served as our mothers use to serve them, but then maybe we are partial to pumpkin pie.

Bruce Webb was in the city a few hours today enroute to Omaha on business.

Rev. Munro announces his subjects for next Sunday at the Congregational church as follows: Morning "The New Commandment;" evening, "An English Seer and Defender of the Faith."

There is located in the Barber building over Mrs. Kelso's, a school for the instruction of ladies in dress making and ladies' tailoring. Watch for advertisement next week.

Saturday evening Earl and George, the two youngest children of H. E. Babcock, were playing at the residence of A. Anderson with the two little Anderson boys, when they got some rat biscuits that the maid had carelessly thrown in the coal hod. As there were only three, not enough to go around, George Babcock got none, but all of the other children became sick. With the Anderson children the poison acted as an emetic and probably saved their lives, but little Earl Babcock was very sick, and all Saturday night his life was despaired of.

By Sunday night, however, the physicians in attendance pronounced him out of danger, but still very sick and weak.

William Terrell and George W. Turner left the city Tuesday for several days' visit in Sherman county with the McKinnie brothers, Carl and Bart.

Mrs. A. B. Tomson entertained at a three course dinner at six o'clock Sunday night for Mr. and Mrs. Lewis, Mr. Nair and her daughter Phoea McAllister, who are members of the East Lynne company.

Judge and Mrs. A. M. Post and Mr. and Mrs. Howard Clarke and little son Junior, took an automobile trip to York Saturday afternoon to visit Mr. Post's brother G. W. Post. They returned Sunday night.

Born, to Mr. and Mrs. Carl Ewert, jr., residing eight miles northeast of Columbus, last Friday an eleven pound daughter. This is the first grandchild of Mr. and Mrs. Henry Hake, who are accordingly proud.

M. B. Kart, who recently purchased this property at the corner of Fifteenth and Olive streets, has a force of men at work on a new brick barn 30x30 feet which is expected to be finished before the severe freezing weather of winter sets in.

"The Trident" a musical paper published for the tri cities—Davenport, Rock Island and Moline, Ill., has on the title page a fine portrait of Mr. Poole. In speaking of a concert recently given it says: "Prof. Alvin E. Poole rendered most artistically a violin solo and responded also to an enthusiastic encore." A half column of the same musician from which we call the following: "Mr. Alvin E. Poole the young violinist recently located in Davenport is meeting with splendid success as a teacher and soloist. Mr. Poole was for a number of years a favorite pupil of Jan Van Ordt who with Oscar Thompson is at the head of the violin department of the Brussels conservatory, Belgium, and is therefore an able exponent of the Belgian school of violin playing. Mr. Poole has opened a studio in Hibernian hall, and will devote his time to teaching and concert work. He will also direct a pupile amateur orchestra. Public concerts and recitals will be given throughout the coming season, and Mr. Poole will be pleased to meet all those who contemplate the study of this king of all instruments—the violin."

The balance of the cast was unusually even and harmonious, each appearing to the best advantage. Mr. Darcy as Sir Francis Levin made a handsome appearance, and gave a genteel and true impersonation of the second part in the play. Mr. Lewis' Dill and Miss Lewis' Corney Carlyle, were managed in a skillful manner repeating on their great credit. Master Jack Lemon made his appearance first as a sweet little girl and afterward as Lady Isabel's son Willie, capturing the audience with the cuteness and ease of his style and manner. And last but not least in either their importance in the play or the ability with which they rendered their respective parts, were Miss Phoea McAllister, O. E. Nair and Ward Osborne. Miss McAllister as Barbara Hare was as sweet and capable as the pretty country girl may be made. This young lady displays an ease and grace of appearance that border a successful career for her in the dramatic world. Mr. Nair's Archibald Carlyle was a neat and acceptable impersonation of that character, while Ward Osborne appeared to better advantage as Lord Mount Servens, than anything in which he has heretofore been seen. All in all, the East Lynne engagement was a very successful one. The company went west from here.

Marriage license was granted last week to Ferdinand H. Wechter of Norfolk and Emma Arndt of Platte Center.
