

The Food Value of a Soda Cracker

You have heard that some foods furnish fat, other foods make muscle, and still others are tissue building and heat forming.

You know that most foods have one or more of these elements, but do you know that no food contains them all in such properly balanced proportions as a good soda cracker?

The United States Government report shows that soda crackers contain less water, are richer in the muscle and fat elements, and have a much higher per cent of the tissue building and heat forming properties than any article of food made from flour.

That is why **Uneda Biscuit** should form an important part of every meal. They represent the superlative of the soda cracker, all their goodness and nourishment being brought from the oven to you in a package that is proof against air, moisture and dust—the price being too small to mention.

Patterson, formerly a printer employed in the Journal office of this city more recently filling a position with the Rees Printing Co., of Omaha, has purchased the Lindsay Post and is now in full charge. "Pat", with the assistance of his wife, who is also a compositor, ought and no doubt will give the citizens of our neighboring village a newsy and well printed publication.

The ladies of the Presbyterian church will hold a bazaar Friday and Saturday of this week, in the Rincke building, west of Pollock's drug store. They will serve lunch from 12 till 2 o'clock, and in the evening ice cream cakes and chocolate. There will be aprons, dressed dolls and fancy articles for sale, as will be home made candies. A special attraction there will be a windmill, an old woman in the shoe and other features.

Mr. and Mrs. Thomas Dack went to Omaha last Friday for the purpose of attending the funeral of their nephew, William Basbee, the head cook on the Overland Limited dining car, who was killed in the wreck near Cheyenne last week. But the remains were not brought to Omaha, as they were so badly burned they could not be distinguished from one other victim. Mr. and Mrs. Dack then went to Shenandoah, where they remained till Monday with friends. Frank McKinil well known in railroad circles here was also a victim of the wreck.

The Journal was late one day last week. And it was all caused by the extra ordinary demands of the Columbus merchants. The Journal's cylinder press was called upon to make 15,000 impressions after Tuesday noon and the whole Journal force was compelled to work fourteen hours a day from Monday till Friday. The Journal's advertising last week was a record breaker, 700 inches of display and 225 lines of local. This was 25 per cent more than the entire business for April 1914, the first month of the Journal under the present management.

JIM'S PLACE

I carry the best of everything in my line. The drinking public is invited to come in and see for themselves.
