Treating Wrong Disease.

2 7 7 1

Many Emes women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the tice until large bills are made. The suffering nationagets no better but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Lr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease. thereby dispelling all those distressing symptoms, and instituting comfort inof prolonged misery. It has been well said, that "a disease known is half

The Worm Turned.

At a Michigan hotel noted for its baths for the cure of rheumatism came a woman from New York,, who at once made the acquaintance of every person, apparently for the sole purpose of telling them her imaginary ailments, hearing them tell about their own, and discussing at great length

the curative properties of the springs. She made a particular victim of an old gentleman, who, being of a somewhat retiring, silent temperament, was extremely annoyed by her questions and offrepeated tales of woe.

Finally, one morning, when he was taking a sun bath on the piazza, surrounded by a few congenial acquaintances, the woman approached inflicted upon him a renewal of her tiresome conversation and exhausted his patience. His opportunity for revenge

DID A WORLD OF COOR

Dr. Williams' Pink Pills Cure Heart Pains, Dizzy Spells and Weakness.

Easy to get, hard to get rid of; that is State Senator John Ford told the what most sufferers think of dyspepsia. following: They are astonished when their stomach begins to trouble them seriously. They had been eating hurriedly and

irregularly for a long time, to be sure, but they supposed their stomachs quite used to that.

Some people know that the strength which the weak stomach needs, and for the lack of which the whole body is suffering, can be found surely and quickly in Dr. Williams' Pink Pills. In hun dreds of instances these pills have succooled where other remedies failed.

"My indigestion." said Mr. J. R. Miller, of Dayton, Va., "came in the first place from the fact that a few years ago worked a great deal at night, and ate at any old hour whenever the chance came, and always very hurriedly. One lay I found myself a victim of terrible tyspedsin. It kept me miserable all the

I always had a great deal of distress after eating, and when I got up from my sleep my stomach would be so weak that s would hardly take any food. I had very uncomfortable feelings about my heart, and was dizzy and whehever I stooped over and then straightened up, my eyes would be badly blurred.

I read the statements of several persons who had got rid of obstinate stomtroubles by using Dr. Williams' Pink Pills. I bought some and they did me a world of good. They acted promptly and did just what was claimed I have no more distress after meals; the bad feeling has gone from the region of my heart; the alarming dizzy spells have disappeared, and I am strong again.

Dr. Williams' Pink Pills are sold by Medicine Co., Schenectady, N. Y.

DEFIANCE STARCH for starehin

HIGH CLASS DRUGGISTS AND - OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or officinal names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company-California Fig Syrup Co.-printed on the front of every package. They know that in cases of colds and headaches attended by billiousness and constitution and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Firs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name-" Syrup of Figs"-or "Fig Syrup" and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company-California Fig Syrup Co.-printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company-California Fig Syrup Co .- printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.
