The suit of Randall against Logerman was tried in county court last Thursday and decided in favor of the defendant. This case has attracted considerable attention because of the fact that Blessen, one of the original defendants in the case, was killed recently in a runaway accident. The facts in the case are as follows: About one year ago W. H. Randall was driving in a single buggy when a team and wagon owned by Blessen, smashed into his buggy, threw him out, breaking several of his ribs and otherwise disabling him. Logerman was riding with Blessen and was joined in the suit in which Randall asked for \$150 damages. About a month ago Blessen was killed in a runaway while driving the same team and wagon and the suit was continued against Logerman alone. R. W. Hobart was attorney for the defense and Judge Sullivan and C. J. Garlow attorneys for the plaintiff.
