MEBRASKA MATTERS OVER THE STATE

MISCELLANEOUS NEWS AND NOTES HERE AND THERE.

Governor Issues Proclamation Designating the 23d of This Month as Arbor Day.

Governor Mickey has issued the foltowing Arbor day proclamation:

"By virtue of the authority of legiswith the custom which has been es downtown store building. tablished in nearly every state in the union, I, John H. Mickey, governor of the state of Nebraska, do hereby issue this my proclamation appointing Monday, April 23, 1906, to be observed as Arbor day.

"Nebrasska owes a debt of gratitude to the 'tree planters' of pioneer days which it can never repay. These pilgrims of a generation ago not only demonstrated that trees could be successfully grown upon our then bleak prairies, but they realized the importance of such growth upon climatic conditions and they inspired the settlers with a zeal for forestry which has doted the state with groves, makpoint of humidity and substantially adding to the beauty of nature and the enjoyment of man. Statisticians tell us that the natural forests are being rapidly depleted and that it is a question of a comparatively short time when the demand for lumber of her husband, William Pollock. will have to be supplied from artificial groves. Let us anticipate that time and get ready in the present for the necessities of the future. I regard the planting of trees as a patriotic duty and I call upon all citizens, in every walk of life, to devote at least a portion of the day to practical forestry. Let the minds of the school children be especially directed in this lum. channel and let their instructors, by precept and example, teach them not only how to plant trees, but teach them also the important place which the forest occupies in the economy of nature, and let us all, both old and young, plant at least one tree for our own pleasure and for the benefit of posterity."

UNION PACIFIC VALUATIONS.

Company Files Statement of Property and Earnings With State Board.

LINCOLN.-The report of the Union Pacific Railroad company of its a basis of assessment by the state board of assessment was filed with the secretary of the board and shows the road did a business amounting to only \$37.551.654.46 during the year. This is an increase of something over \$4,000,000 over the year previous. After deducting all expenses, which includes the taxes paid in Nebraska, the road comes out with the small sum of \$16,556,398.87 to show for its year's work. This is an increase of more than \$2,000,000 over the year before.

The road also filed a statement to show what it earned in Nebraska. The following explanation is attached to this statement:

"The earnings here shown include all earnings on both local and interstate traffic, the gross earnings on local freight and passenger traffic are about 17.2 per cent of the toal gross earnings on all such traffic in through and over the state. The net earnings shown are found by deducting expenses of operation and taxes from gross receipts. They cannot be taken to represent the actual net profits from the business."

Earnings of Union Pacific.

LINCOLN-In its report filed with the state auditor, the Union Pacific Railroad company has a statement showing in detail the money its lines earned in Nebraska during the last year as well as the amount of money spent in operating the road. In this latter sum is included the amount of taxes paid in the state, though no mention is made of the amount of taxes not paid but levied. The average amount of money earned above expenses on all the Union Pacific lines in the state during the year was \$7,-314.30.

MT. VESUVIUS IS ON THE RAMPAGE

CINDERS AND ASHES WORKING GREAT DESTRUCTION.

One Town Entirely Destroyed and People of Others Said to Be Fleeing for Their Lives.

NAPLES-The whole of the Vesuvius district as far as Naples, Caserta and Castellamare is one vast desert. Reports tonight from all sides state that the fall of ashes is not so heavy as it has been for the last few days and that the ashes are much finer, and from this it is argued that the pros-

pects are much brighter. The blockade of local traffic continues, but service on the main lines of railway has been re-established, although greatly disarranged by the indescribable confusion in the stations, where foreigners, not fully understanding the situation, inveigh against the delays and discomforts to which they have been subjected. It is estimated that 50,000 people have been driven from their homes and property daamged will exceed \$20,000,000.

This has been a disquieting day in Naples. The people, alarmed by what has happened, have deserted their shops and the manufactories are nearly all closed. The crowds are in a temper for any excess. It would only require a spark to start a conflagration.

The arrival of King Victor Emmanuel and Queen Helena has done much to restore calm. They have been received with great joy, especially when the sovereigns left a hospital after a visit to the wounded there. One poor woman exclaimed: "I would consent to be wounded for the sake of being kissed by the queen."

Others cannot find words in which to express their gratitude. Both the royal palaces of Cappodimonti and San Fernando have been given up to refugees. Reports of the destruction of two towns- Sarno and San Generro-the fomer having a population of more than 8,000, have proved to be without foundation. At Sarno 5,000 persons from nearby villages and farms have found refuge. Ottajano, where many lives were lost on Monday, is now practically buried.

Conditions tonight in the section affected by the eruption of Mount Vesuvius are greatly ameliorated. The fall of volcanic ash has diminished, and scientists express the opinion that the volcano has spent itself. All the papers tonight advise the public to Appointment Urged by the Coloraco be calm, pointing out the improved eulogize Director Matteucci fcr his courage in returning to the ruined observatory on Mount Vesuvius and sending from that place messages of encouragement and expressions of con-

THE FUNERAL OF E. C. SWIFT.

Representatives of Many Industries

Attend. BEVERLY, Mass.-The funeral of Edwin C. Swift, of the firm of Swift & Co., the Chicago meat packers, who died at the Quincy house in Boston from pneumonia, was held at Beverly Farms. The honorary pall bearers were fifty in number, representing the various industries with which Mr. Smith was connected, while the acting pall bearers were from St. Johns' church. The body was taken to Forest Hill cemetery and placed in a receiving vault to await the arrival of Mrs. Swift from Europe.

IOWA CROP BULLETIN.

Farm Work is Ten to Fourteen Days Behind Normal.

DES MOINES, la.—The winter of 1905-1906 was phenomenally mild, but March was unusually cold and stormy, except the last week, with conditions unfaborable for farm operations in all parts of the state. The first week in April was above normal in temperature, with frequent showers and excessive rainfall except in portions of the northern section. The season for farming operations is ten to fourteen days later than the average. The showers of the latter part of the past week will cause still further detay in seeding and spring plowing.

In well drained portions of the state a little seeding of spring wheat and oats has been done, but generally field work has been impracticable, except plowing grass lands. All reports indicate that fall wheat and rye came through the winter in good condition. There are no reports of material infury to fruit buds. One of the most favorable features of the crop situation is that an unusually large amount of plowing was done last fall, preparatory for spring seeding and planting.

Prominent Choctaw Dead.

ARDMORE, I. T .- Jefferson Gardner, ex-governor of Indian territory, and a highly respected member of the was s'xty years of age.

Bailey, the Showman, Dead. NEW YORK-James A. Bailey, died at his home in Mount Vernon Wednesday from erysipelas. He was 59 years of age. Mr. Bailey's name is familiar throughout America and Europe as a showman, and in his later years he was managing director of the Barnum & Bailey show. Practically his whole life was spent in the circus business as employe and proprietor. He joined P. T. Barnum in 1881 solidated, with him as director.

Clark Must Hang. OMAHA-For the second time within a month a criminal court jury has decreed the severest penalty known to arrival there on his return from the law in passing upon Harrison Clark, Canary islands, with a basket containone of the trio of negro outlaws who ing 10,000 red and yellow flowers, the teenth Illinois district. DIE IN THE LAVA.

Several Hundred People Reporte

Killed. NAPLES-Reports of fatalities consequent upon the eruption of Mount Vesuvius are coming in. According to information received late tonight more than 50 perished in the disaster of San Guiseppe, while in the ruins of a church which collapsed owing to the Main Feature of the House Expected weight of ashes on the roof, 200 dead are buried, and it is asserted that at Sorrento thirty-seven persons were killed by falling houses.

A railway train from San Guiseppe for Naples was derailed owing to showers of stones from the crater.

Cavalry, proceeding to the succor of inhabitants of the devastated section, have been unable to make progress, the rain falling on the ashes a foot deep, having made it impossible for the horses to travel.

The sea is greatly agitated. The sky has cleared, but heavy clouds hang over the east, threatening a further downpour.

The streams of lava are almost stationary. Troops are erecting barriers in the direction of Pompeii to prevent further danger in that quarter.

Almost equally with the devastation wrought by the lava is the damage done by cinders and ashes, which in incredible quantities have been carried great distances. This has caused the practical destruction of San Guiseppe, a place of 6,000 inhabitants. All but 20 of the people had fled from San Guiseppe and these 200 assembled in a church to attend mass. While the priest was performing his sacred office the roof fell in and about sixty persons were bady injured. These unfortunates were for hours without surgical or medical assistance. The only thing left standing in the church was a statue of St. Anne, the preservation of which the poor, homeless people accepted as a miracle and promise of deliverance from their peru.

At Ottajano five churches and ten houses fell under the weight of ashes and cinders, which lie four feet deep on the ground. In the fall of the buildings about twelve persons were killed and many were injured. The village is completely deserted by its people. After the evacuation of the place the barracks and prisons fell in.

Reports from coast and inland towns depict terrible devastation. San Giorgio, Cremona, Portici, Resina and Torre del Greco have been almost completely abandoned.

LEWIS TO SUCCEED HALLETT.

Delegation.

WASHINGTON - Judge Moses Hallett of the United State court of Colorado, has tendered his resignation to the president, and it has been accepted. After a spirited contest, conducted principally before fidence that Vesuvius will soon quiet Judge Hallett's resignation was received, but with a knowledge that it was coming the president has appointed Robert E. Lewis, formerly a judge of the El Paso county court, Colorado, to succeed Judge Hallett. Several members of the Colorado congressional delegation discussed the appointment with the president today.

DEATH OF BISHOP MORRIS.

Head of Oregon Episcopal Church Passes Away.

PORTLAND, Ore.—Benjamin Wislar Morris, bishop of the Protestant Episcopal church for the diocese of Oregon

Bishop Morris was born at Wellsborough, Pa., May 30, 1819, and was pastor and rector of churches at Sunbury, Pa.; Manauk, Pa., and Germantown, Pa., from 1847 to 1868, when he was consecrated missionary bishop of Oregon and Washington. Later when the diocese of Oregon was established he became its bishop. He is said to have been the oldest bishop in the United States.

INDIANS CAN PARTICIPATE.

May Have a Part and Parcel in Drainage Lands.

WASHINGTON-In the senate Senator Burkett passed the Richardson county bill introduced by him a few weeks ago. The object of the bill is to make it possible for certain Indians in the southeastern portion of Nebraska to participate in a drainage plan of their lands. The state of Nebraska has a law authorizing land owners to organize for the purpose of draining and reclaiming their lands. The law provides in general for the machinery of assessment and the collection of taxes for the payment of such drainage and reclamation services. A drainage district has been formed by the land owners in Richardson county to reclaim the land along the Nehama river. In this drainage district there are several Indian allotments and certain other Sac and Fox tribal lands. Owing to the fact that the Indians are not able to enter into the assessment and charge their lands with the cost of drainage, it interferes with the entire drainage project because the lands are Choctaw tribe of Indians, died of in the drainage district and the Nepneumonia at Idabel. The deceased braska law provides that all lands to from the field though, as there are be benefitted must be assessed.
