

# Have You Tried For That \$500.00 Prize?

You might be able to think of the very name we want for this new delicious bottled beer of ours and just for putting that idea down on the coupon below and mailing it to us, you may get \$500.00 in cold cash. An investment of a postage stamp might bring you this little fortune and think what that could do for you.

We want to break away from the brewers' habit of naming their beers "Bavarian," "Pilsener," "Wiener," "Bohemian," "Muenchner" and the like because this new beer of ours is different—it is better than other beers. The names like the ones we mention are meant to indicate the kind of foreign beer they imitate.

We want a name appropriate for our beer which contains the best qualities of all these beers without their heavy, sticky substance.

We have carefully studied the taste of the public during all the fifty years we have been brewing beer in Omaha and now offer a beer to please the public—not a beer that merely pleases us.

## You Owe It To Yourself To Try.

We have put over 50 years of brewing experience into this beer, using nothing but the finest Bohemian hops—the best barley grown in Wisconsin, the finest rice India produces and our pure, sparkling artesian spring water that gives this beer an individual flavor and tonic effect that no other brewer can imitate.

It is light in color, light in weight and full of nutrition.

We want a really good name—one that will "hit the nail on the head." We make

## A Ranch Broken up and the Hog and Alfalfa Land thrown on the Market in Tracts of from 160 to 1280 acres.

Having Removed my fences from Government Land, I have decided to sell my Ranch, breaking it up into tracts to suit the purchaser. I have Deeded Hay and Alfalfa land which I will sell at from \$10 to \$25 and will locate purchasers on a free Cinkaid homestead of 640 acres adjoining. A section of Grazing land with a quarter of Hay and Alfalfa land to raise Winter Feed makes an ideal Dairy Ranch of 800 acres which will keep from 80 to 150 head of cattle. My land is all from 4 to 9 miles from Lakeside, Nebr., on the main line of the Burlington, where there is an excellent market for cream, eggs and other produce.

I will sell on easy terms. A man who can raise from \$1000 to \$2500 can get a ranch of 800 acres which will produce larger returns than any quarter section in eastern Nebraska.
