Lake Tahoe
One of the most beautiful lakes in the world lies in the heart of the Sierras on "The Overland Route," 6,230 feet above the sea level, and is completely hemmed in by mountain walls, whose rugged peaks rise in many places to an additional height of from 2,000 to 4,000 feet. It is twenty-three miles wide and from 100 to 2,000 feet deep. The entire region surrounding the lake is picturesque almost beyond description, and a never ending delight to the eye. This region is reached only over the Union Pacific and its connections, the fast trains via this route reach California many hours ahead of all competitors. Inquire of W. H. Benham.

Asthma Sufferers Should Know This.
Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have saved years of suffering. Chas. H. Duck."

On Monday night **Miss Nell Evans** and **Miss Clara Segele** entertained in their honor about one hundred young people with a lawn party at the Evans home. **Mrs. E. H. Chambers** is giving a house party for them today. Tomorrow night a bowling party at the **Hegel** alleys will be given in their honor. The **Weed's** will return to **Joplin** tomorrow.

Louis Lightner, C. N. McElfresh and ladies thought to give the Fourth a special celebration and so went to Omaha. But before leaving Columbus some of their unsuspecting friends met them at the station and showered them with rice and sent them off with congratulations and best wishes. They returned to Columbus that night, but as yet have not decided to go to house-keeping.

"**Miss Mammie Elliott** very nearly lost her life in a gasoline explosion." This message reached the Journal just as we are ready to go to press. **Miss Elliott** was cooking something requiring vinegar and started to pour out some vinegar from what she thought to be the vinegar jug. But it turned out to be the gasoline jug and in a moment **Miss Elliott** was enveloped in flames and the whole interior of the kitchen was burning. **Luckily Mr. Elliott** and **Louis Lightner** were in the house and rushed to the rescue. The flames were smothered on **Miss Elliott's** clothing in the excitement the jug was thrown out of doors close to **Miss Elliott** and the flames caught her clothing and burned her legs so that a physician had to be called. The interior of the kitchen was badly damaged.
