Sows Buckwheat in Potato Field.

The writer thinking to keep down the summer growth of weeds that usually spring up in the potato field after the potatoes are laid by, tried this plan on the 19th of June, when the potatoes were just beginning to blossom. We proceeded to lay them by. The ground being cleaned of weeds we proceeded the cultivators with buckwheat, sowing 1 bushels to the acre. At this writing the potato vines are drying up and the buckwheat is about six inches high, and ground quite free from weeds. The object is to mow the buckwheat when ripe and have nice clean ground to dig the potatoes from. Perhaps I may be disappointed. If I am I will not think less of my critical brother farmers if they grin when riding by.

J. H. Drinnan.
The subject for next Sunday morning at the Congregational church will be "Christ the Unifier." In the evening will be "The Friendship of Pilate and Herod."

R. W. Saley delivered a handsome piano in Schuyler one day last week. The instrument was of the very latest type, being one of the Kroll Auto-Grand pianos manufactured in New Castle, Ind., and played in the usual way or by the automatic device which enables anyone without the least knowledge of music to render the most difficult selections. Mr. E. W. Simons was the proud possessor of this fine piano and speaks of it in the highest terms. Mr. Saley delivered 16 pianos last month, selling them to parties in North Bend, Schuyler, David City, Humphrey, Platte Center, Fullerton and Monroe. This speaks very well for Columbus, and the people's faith in our Home dealer who has certainly sold a large number of instruments since engaging in the business.

Special Sunday Dinner Opening.

I have completed the repairing and remodeling of the "Old Home Restaurant" and am prepared in every way to meet the demand for a first class, modern up-to-date cafe in Columbus. I have not only private tables in the lunch room but have spent a lot of money in arranging a private dining room for the use of families and private parties.

Cleanliness and up-to-date catering are my specialties, and my kitchens are always open to inspection.

I shall give two fish dinners each week, on Wednesdays and Fridays. And shall make a specialty of family Sunday dinners.

Next Sunday I will have my first special Sunday dinner in the new private dining room and I wish to invite the best people in this city and vicinity to call and try my first "Sunday Special."
