

RHEUMATISM STAYS CURED

Mrs. Cota, Confined to Bed and in Constant Pain, Cured by Dr. Williams' Pink Pills.

Rheumatism can be inherited and that fact proves it to be a disease of the blood. It is necessary, therefore, to treat it through the blood if a permanent cure is expected. External applications may give temporary relief from pain but as long as the poisonous acid is in the blood the pain will return, perhaps in a new place, but it will surely return. Dr. Williams' Pink Pills cure rheumatism because they go directly to the seat of the disorder, purifying and enriching the blood.

Mrs. Henry Cota, of West Cheshire, Conn., is the wife of the village mechanic. "Several years ago," she says, "I was laid up with rheumatism in my feet, ankles and knees. I was in constant pain and sometimes the affected parts would swell so badly that I could not get about at all to attend to my household duties. There was one period of three weeks during which I was confined to the bed. My sufferings were awful and the doctor's medicine did not help me.

"One day a neighbor told me about Dr. Williams' Pink Pills and I decided to try them. After I had taken them a short time I was decidedly better and a few more boxes cured me. What is better, the cure was permanent."

Remember Dr. Williams' Pink Pills do not act on the bowels. They make new blood and restore shattered nerves. They tone up the stomach and restore impaired digestion, bring healthful, refreshing sleep, give strength to the weak and make miserable, complaining people strong, hungry and energetic. They are sold by all druggists, or will be sent postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams Medicine Co., Schenectady, N.Y.

THE BEST COUGH CURE

In buying a cough medicine, remember the best cough cure,

Kemp's Balsam

costs no more than any other kind. Remember, too, the kind that cures is the only kind worth anything.

Every year thousands are saved from a consumptive's grave by taking Kemp's Balsam in time. Is it worth while to experiment with anything else?

Sold by all dealers at 25c. and 50c.

WANTED AT GOOD SALARY

SALESMEN HURST CO., Le Mars, Iowa.

Records of Wagers.

Betting is neither so general nor so promiscuous as it was 150 years ago, when books for recording wagers were always kept on the tables in the much frequented coffee houses of London. Some of these books are still to be found among collections of antiques, and they make interesting reading. All manner of bets are entered there, on marriages, births and deaths, on the duration of a ministry, on the length of the lives of prominent personages, on the possibility of earthquakes, and even on hangings.

The Scotsman's Diet.

For centuries the chief diet of the Scotch people has been oats in some form or other. As a result they are to-day the strongest, both mentally and physically, of any nation in the world. The best rolled oats made is Quaker Oats, and our readers can now get a large family package for 25c, and with each package, free, a beautiful piece of imported china. Ask your grocer to-day for a family package of Quaker Oats.

He who comes up to his own idea of greatness must always have had a very low standard of it in his mind.—Hazlitt.

Few men will admit they are wrong as long as there is a chance to make others believe they are right.

CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Miss Emma Cole

A mother should come to her child's aid at this critical time and remember that Lydia E. Pinkham's Vegetable Compound will prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tallahassee, Tenn., writes:

Dear Mrs. Pinkham:

"I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When four years ago I suffered almost constant pain, and for two or three years I had nervous and pain in my side, headache and was dizzy and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think I saved my life. I sincerely hope my experience will be a help to other girls who are suffering from girlhood to womanhood, for I know your Compound will do as much for them."

If you know of any young girl who is sick and needs motherly advice, ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to a strong, healthy and happy womanhood. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and the twenty-five years has been advising sick women free of charge.

NOTES FROM MEADOWBROOK FARM

Carrying chickens by the legs is a barbarous practice.

Meat scraps should be fed two or three times a week.

Exercise is necessary for the health in breeding stock in hogs.

Ewes' milk is thicker than cows' milk, but otherwise closely resembles it.

Catch the hogs by one of the fore legs. It's easy and saves bruising them.

In breeding sheep, select uniform animals and breed for a definite purpose.

Cows easily contract colds that develop into catarrh by needless exposure.

Sell when things are high. Buy when they are low. Good rules to apply to all business operations on the farm.

Beets or beet tops will not favor the milk unpleasantly if fed to the cow at least four or five hours before milking.

The currycomb should not hurt, but should stimulate the hide, and it be welcomed rather than feared by the horse.

Woolen manufacturers were obliged to import last year 250,000,000 pounds of wool. Is there not a suggestion in this why you ought to keep a few sheep?

There's money in the cow if she is the right kind of an animal, but it takes the right kind of a man and the right kind of treatment to get it out of her.

David Fairchild declares that there are millions of acres of land now every year with the wrong crops, causing millions of unnecessary crop failures.

The old-time practice of raising oxen and getting a pair ready for market each year was a thrifty one. A good plan is to buy a lean young team not broken and making it do all the work while becoming sleek, fat and civilized.

The Ohio experiment station has found that planted groves of catalpa and locust may give returns exceeding \$10 per acre annually, which will prove a handsome return from five-dollar land.

What kind of a bed has your horse to lie upon? Is there a mass of reeking wet straw underlying the thin upper coating of fresh straw which has been scattered about? You cannot expect healthy animals, fitted for work, if you do not keep the stables clean.

According to statistics there were 17,570,000 milch cows in the United States in 1905. The dairy products were valued at \$665,000,000. Divide the one by the other and we find that the average cow produces \$37.85 of milk and cream in a year. Too low. Is your cow only an average cow. Get rid of her and get a better.

A common meadow mouse requires from 24 to 36 pounds of green vegetation per year, and as this vegetation consists of green vegetation, union seeds of grain and grasses in summer and the bark of various trees, grains and bulbous and other roots in the winter, the farmer can easily figure that these little animals are unprofitable tenants of any farm. Then, too, it must be remembered that a pair of mice will produce from four to six litters of about six each per year. Get rid of the mice. Time spent in their extermination is well spent.

A special irrigation plow has been devised in Europe, where irrigation is being extensively practiced. The government in a report describes it as follows: "Directly behind the plow is attached an oval-shaped ditch in the furrow made by the plow. This roller is provided with scrapers to prevent its clogging. Attached to the moldboard are two blades extending backward at an angle of about 45 degrees. The dirt spread out by the plow is thrown out both sides of the ditch by means of these blades, which smooth the surface next to the ditch. At the outer end of the blades are attached a few narrow teeth, which spread whatever dirt reaches this point."

A recent bulletin of the South Carolina experiment station calls attention to the fact that while sweet potatoes may be produced in abundance at small cost and furnish a cheap, nutritious and palatable food, not only for man, but for domestic animals, they have fallen far short of the full measure of success as a market crop because, first, they are too bulky to pay for extended transportation, and second, they cannot stand rough handling and exposure to freezing weather. The station, therefore, undertook to find a method by which the potatoes might be dried, with an improvement of the keeping quality and no loss of edible quality. After numerous experiments it believes that these results may be obtained by boiling the potatoes in an open kettle and drying in a fruit evaporator.

THE MARRYING SQUIRE.

Justice Geo. E. Law, of Brazil, Ind., has married 1,400 couples.

Justice Geo. E. Law, of Brazil, Ind., has married the title of "The Marrying Squire," by which he is known far and wide, having already married some 1,400 couples.

Ten years ago he was deputy county treasurer. "At that time," said Justice Law, "I was suffering from an annoying kidney trouble. My back ached, my rest was broken at night, and the passages of the kidney secretions were too frequent and contained sediment. Three boxes of Doan's Kidney Pills cured me in 1897, and for the past nine years I have been free from kidney complaint and backache."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

"The deepest love is that which professes least."

Smokers have to call for Lewis' Single Binder cigar to get it. Your dealer or Lewis' Factory, Peoria, Ill.

Favor the Red in School.

The St. Paul board of education has approved the suggestion of Superintendent Heeter, in favor of corporal punishment, to be administered only by the principal of the school, after permission in writing from parent or guardian.

Picquart Shows Generosity.

Gen. Picquart, the defender of Dreyfus and now the French minister of war, has defined his attitude toward his old prosecutors in the army. When an officer who was involved in the conspiracy that banished Picquart to the border of the Sahara, entered the minister's office and began to stammer out a statement on the subject Picquart stopped him, saying: "I only know one thing and that is that you have always been an excellent officer. You may be sure that I shall not forget that."

Laundry work at home would be much more satisfactory if the right starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a mass of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Dufrance Starch, as it can be applied much more thinly because of its greater strength than other makes.

GAVE DRUMMER A SCARE.

Delayed Telegram Suggested Awful Possibilities.

"There was a traveling man," said the night operator, "whose wife presented him with a son while he was out drumming up trade. The doctor got the man's address, and, since his wife was doing none too well, wrote out a message giving him the news and telling him to return."

"The doctor gave the message to the cook, who couldn't read. She forgot to send it, and the next day the drummer came home of his own accord."

"He stayed a day or two, found his wife doing all right, and set out on his rounds again. Nothing, as it happened, was said about the forgotten telegram."

"And at the end of the week the telegram was remembered by the cook. With an exclamation of horror—you know she couldn't read—she hurried to the office and sent to the drummer that delayed message. When he got it that night he was terrified. What he read was this:

"Another addition—a son; your wife very ill; return at once."

"He took the midnight train for home. He was like a man in a trance. 'Another' he kept muttering in a dazed voice. 'Impossible!'"

"On getting home he was so relieved when everything was explained to him that he decided not to fire the cook, after all."

A DOCTOR'S TRIALS.

He Sometimes Gets Sick Like Other People.

Even doing good to people is hard work if you have too much of it to do. No one knows this better than the hard-working, conscientious family doctor. He has troubles of his own—often gets caught in the rain or snow, or loses so much sleep he sometimes gets out of sorts. An overworked Ohio doctor tells his experience:

"About three years ago as the result of doing two men's work, attending a large practice and looking after the details of another business, my health broke down completely, and I was little better than a physical wreck."

"I suffered from indigestion and constipation, loss of weight and appetite, bloating and pain after meals, loss of memory and lack of nerve force for continued mental application."

"I became irritable, easily angered and despondent without cause. The heart's action became irregular and weak, with frequent attacks of palpitation during the first hour of two after retiring."

"Some Grape-Nuts and oat bananas came for my lunch one day and pleased me particularly with the result. I got more satisfaction from it than from anything I had eaten for months, and on further investigation and use, adopted Grape-Nuts for my morning and evening meals, served usually with cream and a sprinkle of salt or sugar."

"My improvement was rapid and permanent in weight as well as in physical and mental endurance. In a word, I am filled with the joy of living again, and continue the daily use of Grape-Nuts for breakfast and often for the evening meal."

"The little pamphlet, 'The Road to Wellville,' found in bins, is invariably saved and handed to some needy patient along with the indicated remedy." Name given by Postum Co., Battle Creek, Mich. "There's a reason."

WORST CASE OF ECZEMA.

Spread Rapidly Over Body—Limbs and Arms Had to Be Bandaged—Marvelous Cure by Cuticura.

"My son, who is now twenty-two years of age, when he was four months old began to have eczema on his face, spreading quite rapidly until he was nearly covered. We had all the doctors around us, and some from larger places, but no one helped him a particle. The eczema was something terrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I had to bandage his limbs and arms; his hands were just dreadful. A friend told me to try Cuticura, and I began to use all three of the Cuticura Remedies. He was better in two months; and in six months he was well. Mrs. R. L. Risley, Piermont, N. H., Oct. 24, 1905."

Vanderbilt Popular with Commodore.

Cornelius Vanderbilt is slowly but surely earning his way to the front in the national guard of New York. In 1891 he was elected a second lieutenant in the Twelfth regiment and is now senior first lieutenant in the organization. He has been detailed to the captaincy of one of the companies and will soon become a regular captain. The members of the regiment show no jealousy over this promotion, as they say it was earned by good work as a soldier.

The Original Porous Plaster.

It's Allcock's, first introduced to the people sixty years ago, and to-day undoubtedly has the largest sale of any external remedy—millions being sold annually all over the world. There have been imitations, to be sure, but never has there been one to even compare with Allcock's—the world's standard external remedy.

For a weak back, cold on the chest or any local pain, the result of taking cold or over-exertion, nothing we know of compares with this famous plaster.

Artists Dislike Solitude.

Mme. Bernhardt and Signora Duse have mutual horror of being alone while traveling. Caruso, the tenor, is of the same temperament, always avoiding solitude. He is always accompanied by some friend, who arranges traveling and other details for him, gives the singer advice and takes all similar responsibility from the artist's shoulders.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHERRY & CO., Toledo, O., for the last twenty years, and believe him perfectly honorable in all business transactions, and fully able to carry out any obligations made by his firm.

WALDEN, RUTLAND & HAYDEN, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 25 cents per bottle. Sold by all druggists.

How Weeds Multiply.

To give some idea of how weeds multiply it may be stated that a single plant of pepper grass will produce 18,000 seeds; dandelion, 12,000; shepherd's purse, 37,000; wheat thief, 7,000; common whitefish, 65,000; chamomile, 16,000; ragweed, 5,000; purslane, 375,000; plantain, 47,000, and burdock, 43,000.

Important to Mothers.

THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without gripping, irritating or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that SYRUP OF FIGS is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists, and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.

CALIFORNIA FIG SYRUP CO.
