The revelations regarding fraudulent paint materials which have been made by the Agricultural Experiment Station of Fargo, N. D., and published by Prof. E. F. Ladd, state commissioner, have occasioned almost as much of a sensation as the exposure of adulteration in food products did when the latter first began to appear. It has been shown that kegs marked "Pure White Lead" often contain other substances such as chalk, barytes, silica, etc., and that oil supposed to be linseed often contains petroleum adulterants, to say nothing of water in large proportions. Sometimes, so-called "White Leads" contain not an iota of genuine White Lead.

The farmer is a large user of paint. No one is more interested than he is, that the label should enable him to get what he supposes he is paying for. There should be a law in every state requiring that all paint packages be labeled exactly according to their contents. That would enable every paint-buyer to buy intelligently.

The "Thunderer."

Judge Rentoul's reference on the bench to the Times as the "Thunderer" reminds us how remarkably this nickname has persisted. The Morning Post is no longer "Jeames;" the Standard has not been "Mrs. Gamp" since the decease of the Morning Herald—the "Mrs. Harris" to whom it would allude as an independent authority, and the two represented the same proprietor. But the Times is still the "Thunderer." It owes that name to Captain Edward Sterling, who is said to have begun a Times article with the words: "We thundered forth the other day an article on the subject of social and political reform."—London Chronicle.

BABY TORTURED BY ITCHING.

Rash Covered Face and Feet—Would Cry Until Tired Out—Speedy Cure by Cuticura.

"My baby was about nine months old when she had rash on her face and feet. Her feet seemed to irritate her most, especially nights. They would cause her to be broken in her rest, and sometimes she would cry until she was tired out. I had always used Cuticura Soap myself, and had heard of so many cures by the Cuticura Remedies that I thought I would give them a trial. The improvement was noticeable in a few hours, and before I had used one box of the Cuticura Ointment her feet were well and have never troubled her since. I also used it to remove what is known as "cradle cap" from her head, and it worked like a charm, as it cleansed and healed the scalp at the same time. Now I keep Cuticura Ointment on hand in case of any little rash or insect bites, as it takes out the inflammation at once. Perhaps this may be the means of helping other suffering babies. Mrs. Hattie Currier, Thomaston, Me., June 9, 1906."

Phonograph Advertisement.

An enterprising German has patented a device for fitting phonographs to doors. As the customer enters the door of a shop, a voice will call out: "Flour is cheaper to-day," "New consignment of special quality mincemeat just received; try some," and similar invitations.

Laundry work at home would be much more satisfactory if the right Starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Defiance Starch, as it can be applied much more thinly because of its greater strength than other makes.

Dr. Williams' Pink Pills a Specific For Anaemia and a Safe Family Medicine.

When the body becomes run down, either as a result of overwork, worry or a severe illness, an examination of the blood would show it to be weak and watery. This condition is called anaemic, which is the medical term for "bloodless." The common symptoms are paleness of the lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and loss of appetite.

Mr. Louis L. Clark, a painter, of 19 Lincoln Place, Plainfield, N. J., says: "Last May I was obliged to undergo an operation for appendicitis and while the operation in itself was successful, I did not recover my strength and health. I was confined to my bed for over a month and was under the doctor's care. When I was able to get up my legs were so weak and unsteady that I could only walk with a cane with difficulty.

"I was getting no better and could not think of going back to work. I was discouraged, when a neighbor told me that Dr. Williams' Pink Pills had cured her and advised me to try them. I began taking them about the middle of June and soon felt so much better that I kept on and was cured.

Dr. Williams' Pink Pills have cured rheumatism, chlorosis, after-effects of the grip and fevers, and, as the health of the nerves depends upon the purity of the blood, they are invaluable in neuralgia, nervous debility, sleeplessness, dizziness and even locomotor ataxia and paralysis.

Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50 cents per box, six boxes $2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

READERS of this paper desiring to buy anything advertised in its columns should insist upon having what they ask for, refusing all substitutes or imitations.

PROPER SERVING MEANS MUCH.

Dishes Are More Palatable When Made Attractive.

A plain lettuce salad assumes a different aspect when served in ruddy tomato cup or shining green pepper cases, and a rosy ring of tomato jelly may inclose a plain celery or endive salad. Salads can be decorated with chopped green herbs, hard boiled eggs, radishes, cut to represent little tulips, olives and nasturtium leaves and blossoms.

Potatoes can be most decorative. Mashed potatoes are pressed in the form of tiny pyramids with flat tops. These are dipped in the white of an egg, then in fine minced parsley, giving the effect of small green pyramids, through which the white of the potatoes gleams temptingly. These may be used with small pyramids cut from stale bread and fried a delicate brown in hot butter. They are arranged about a dish alternately with stars or cubes of lemon between.

Curries, ragouts or fricassees are more ornamental if served in a border of rice or mashed potatoes. These are molded in pretty fluted forms and decorated by brushing the rims and raised points with the white of a raw egg, and then sprinkling with chopped parsley. Small baskets about the size of a teacup are made of mashed potatoes to hold creamed chicken, fish or oysters. The potato is forced in a rotary motion through a pastry bag, brushed over with egg white, and placed in a cool oven to dry. Handles are emulated by sprigs of parsley arched to meet above, and green rims are given with chopped parsley.

FOR A SIMPLE MENU.

Best Dishes to Serve at Ordinary Afternoon Affair.

When a menu is limited to three articles, and it is for an afternoon affair it should include one substantial article, one sweet, and sandwiches. A salad like green peppers scooped out and filled with all kinds of vegetables cut up and dressed with mayonnaise is popular, and with this sardine sandwiches. As a sweet, fruit jelly with whipped cream.

A pretty idea for the jelly is to use orange, apple, and banana skins and serve the jelly in these, having the dish when passed look like a dish of fruit. Have the whipped cream sauce passed with the jelly.

If you do not wish the salad you could have a hot dish, like scalloped crab or lobster, served in individual dishes; or you could have jellied chicken sandwiches. The chicken is pretty if made in individual molds, using hard boiled eggs in the molds so that the slices of egg are on top when the mold is turned out.

When entertaining eight guests in the evening a good repast would be bouillon or consomme served in cups; creamed sweetbreads in little individual dishes; salad, and jellied chicken or thin slices of ham; dessert, ice cream or ices or a rich chocolate cake with chocolate sauce and whipped cream. If you have trouble in procuring fish you can use canned lobster with success.

Danish Dumplings.

One cupful of suet, chopped fine, one cupful bread crumbs, one cupful flour, one-half cupful sugar, one-half teaspoonful baking powder, little nutmeg, pinch of salt, two eggs and one pint of milk. Sift together powder and flour, add the beaten eggs, grated crumbs, sugar, suet and milk. Make into a smooth batter and drop by spoonfuls into a pint of boiling milk, three or four at a time. When cooked pour over them the milk they were cooked in.

Here is one more recipe: Beat until light the yolks of three eggs and one teaspoonful of sugar; add one-half cupful of suet, chopped fine, one-half cupful of currants, one cupful sifted flour, into which has been sifted one heaping teaspoonful baking powder and a little nutmeg and salt, and, lastly, the egg whites, well beaten. Flour the hands and make into balls the size of an egg. Boil in separate cloths for an hour or so and serve with a rich sauce. Wine sauce is great.

Two Table Suggestions.

Aspic jelly is a valuable aid in garnishing salads, cold meats, game pies and so on. It is refreshing to the eye always, and may be made to assume any form or color. Cubes of pale aspic laid in rings or green peppers have an exceedingly pretty effect; or the aspic is chopped to present a rough surface.

Slices of bread cut in fancy shapes, rings, stars, diamonds and so on, browned in butter, make a simple and pretty decoration. They can be tipped with parsley or decorated alternately with chopped parsley and grated egg yolk.

To "Try" a Cake.

One of the best plans for ascertaining whether a cake has been cooked enough is to very lightly insert in the center one of the common wooden skewers that butchers use for meat. If this comes out clean and dry the cake is done; if the skewer is sticky the cake needs a little more cooking. This is a much better test than the common one of inserting a broom straw, as the latter is so small it is not always easy to judge properly of its condition.

Orange Sponge Pudding.

Cut five oranges in small pieces and place in pudding dish. Pour over them one cup of sugar, then make a boiled custard of one pint of milk, yolks of two eggs, one-half cup sugar, one large teaspoon corn starch. Pour this over the oranges. Make a meringue of the beaten whites of the eggs with two tablespoons of powdered sugar, and put over the top of the pudding and brown it slightly in the oven.

Coffee Caramels.

Take one pound of brown sugar, one cupful of strong coffee, one-half cupful of cream and a tablespoonful of butter. Cook until brittle when dropped in cold water, then pour into buttered tins, and when nearly cold mark into squares.

For Stains on Marble.

Rub with a piece of cut lemon, or scour with a crystal soap.

PINE TREE BREAD.

KAMSCHATKANS USE THE INNER BARK OF PINE TREES.

Macerate It in Water and Bake Good, Wholesome Bread—The Pine Keeps the Blood Pure and The Body Healthy.

In Kamschatka the people live in earth-covered pits. Mr. Kennan compares the sound of their language to that of water running out of a narrow-mouth jug. Their bread is made from the inner bark of the Pine Tree, macerated in water and baked without flour. They are a hardy race, the Pine keeping the blood pure and the various organs of the body in a healthy condition. Consumption is unknown among them.

A noted specialist in throat and lung trouble, who established a camp for consumptives in the Pine Woods of Maine, and whose remarkable cures there have attracted great attention from the medical world, says that one-half ounce of the Pure Virgin Oil of Pine, mixed with two ounces of Glycerine and one-half pint of good Whisky and used in teaspoonful doses, will heal and strengthen the lungs, break up a cold in twenty-four hours, and cure any cough that is curable. The ingredients can be secured from any prescription druggist at small cost.

Inquiry at the prescription department of a leading local druggist elicited the information that the Pure Virgin Oil of Pine is put up only in half-ounce vials for dispensing. Each vial is securely sealed in a round wooden case, with engraved wrapper, showing the name—Virgin Oil of Pine (Pure) guaranteed under the Food and Drug act, June 30, 1906. Prepared only by the Leach Chemical Co., Cincinnati, O. —plainly printed thereon. There are many rank imitations of Virgin Oil of Pine (Pure), which are being put out under various names, such as Concentrated Oil of Pine, Pine Balsam, etc. Never accept these as a substitute for the Pure Virgin Oil of Pine, as they will invariably produce nausea and never effect the desired results.

ONE WAY OUT OF DIFFICULTY.

Match Twins with Twins, Was the Fond Mother's Idea.

A little woman entered a drug store and asked the proprietor if he had "another picture."

"What kind of a picture do you mean?" the druggist asked.

"One like this," said the woman, holding up an attractive advertising print.

"I may have one or two of them left," the proprietor said, "but I haven't many of them."

The woman said she only wanted one, and her tone indicated that she was anxious for that one. She explained that the one she had with her had been given to one of her children. Another child, she stated, was sick, and was crying for a picture such as his brother had.

"That's a bad way to bring up your children," ventured a woman customer in the store. "Do you try to give a child everything he cries for just because his brother is more fortunate?"

"But," said the mother of the children, "you don't know. The children are twins and what one has the other wants."

"Suppose," objected the moralist, "when your children get older, they fall in love with the same girl, what will they do?"

But the mother was ready. She promptly replied:

"Find twins and fall in love with them."

DREADED TO EAT.

A Quaker Couple's Experience.

How many persons dread to eat their meals, although actually hungry nearly all the time!

Nature never intended this should be so, for we are given a thing called appetite that should guide us as to what the system needs at any time and can digest.

But we get in a hurry, swallow our food very much as we shovel coal into the furnace, and our sense of appetite becomes unnatural and perverted. Then we eat the wrong kind of food or eat too much, and there you are—indigestion and its accompanying miseries.

A Phila. lady said, the other day:

"My husband and I have been sick and nervous for 15 or 20 years from drinking coffee—feverish, indigestion, totally unfit, a good part of the time, for work or pleasure. We actually dreaded to eat our meals.

"We tried doctors and patent medicines that counted up into hundreds of dollars, with little if any benefit.

"Accidentlly, a small package of Postum came into my hands. I made some according to directions, with surprising results. We both liked it and have not used any coffee since.

"The dull feeling after meals has left us and we feel better every way. We are so well satisfied with Postum that we recommend it to our friends who have been made sick and nervous and miserable by coffee." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

DON'T DESPAIR.

Read the Experience of a Minnesota Woman and Take Heart.

If your back aches, and you feel sick, languid, weak and miserable day after day—don't worry. Doan's Kidney Pills have cured thousands of women in the same condition.

Mrs. A. Heiman of Stillwater, Minn., says: "But for Doan's Kidney Pills I would not be living now. They cured me in 1899 and I've been well since. I used to have such pain in my back that once I fainted. The kidney secretions were much disordered, and I was so far gone that I was thought to be at death's door. Since Doan's Kidney Pills cured me I feel as if I had been pulled back from the tomb."

SOME NEW FRENCH KNIGHTS.

Queen of Holland Has Agreed to Recognize Vatican Titles.

Among the lucrative sources of revenue of the pope before the separation of church and state in France was the toll or tax on titles of nobility and decorations. Since the rupture the French government no longer recognizes the ennobling titles and decorations of the holy father. To have the right to wear the Vatican ribbon, or to be called count, it was necessary to obtain a confirmation of title. This gave much perplexity to the candidates.

The question has just been settled. Queen Wilhelmina has consented to validate such titles and distinctions. The result has been an amusing pilgrimage to The Hague—and also in an increase in the price of these pontifical favors.

In the last few weeks the French Knights of the Golden Spur, of the Holy Sepulcher, of Christ, of Gregory the Great, of Pius IX. have greatly increased.

HOME-MADE CATARRH CURE.

Sufferers Should Make This Up and Try It Anyway.

Any one can mix right at home the best remedy of its kind known. The name "Cyclone" is given to the following prescription, it is supposed, because of its promptness in driving from the blood and system every vestige of catarrhal poison, relieving this foul and dread disease, no matter where located. To prepare the mixture: Get from any good pharmacy one half-ounce Fluid Extract Dandelion, one ounce Compound Kargon and three ounces Compound Syrup Sarsaparilla. Shake well and use in teaspoonful doses after each meal and at bedtime.

This is a harmless, inexpensive mixture, which has a peculiar action upon the eliminative tissues of the Kidneys, assisting them to filter and strain from the blood and system all catarrhal poisons, which, if not eradicated, are absorbed by the mucous membrane, and an open sore or catarrh is the result.

Prepare some and try it, as it is the prescription of an eminent catarrh specialist of national reputation.

Two Rules for Good Carriage.

If you are walking along the street and wake up to the fact that you are carrying yourself poorly take the mental attitude of standing straight, as well as the physical one. Look at the men you meet and imagine that each of them owes you a dollar. Put even a suggestion of arrogance into your position. Hold your head well back; look people squarely in the face. This will not only give the impression to others that you possess the power you want, but it will actually tend to bring that power. Keep the neck against the collar.—World's Work.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
