

THE DINING TABLE

CENTERPIECE OF SOME SORT IMPERATIVE.

Flowers, Fruit or Bon-bons Needed to Set Off the Board—Many Pretty Things Not at All Expensive.

To be well set a dining table needs a centerpiece of some sort, whether it be flowers, fruit or simply a dish of bonbons.

As a matter of fact it is not such an expensive matter to have a centerpiece for the table even in winter, for even then there is usually fruit, and it is most effective to have a basket or fancy dish of apples and oranges on the table.

Where the party at table is small it is never well to have a centerpiece of flowers. Conversation around the corner of a large bunch of flowers is stifled and uncomfortable.

White lilies are perhaps the most delicately beautiful flowers of the advance season for table decorations.

BEAD BAGS IN FAVOR.

Many Pretty Designs Shown in This Season's Offerings.

Bead bags, elaborate in design and having fancy rims, are no less in favor than a season ago, when they were introduced for evening use.

Floral designs are exquisitely done in natural colors and further embellished with tiny gold bead fringe.

Little Watteau patterns and pompadour roses are found in abundance. A capacious bag made of beads is in the shape of two hearts and looks more like a dainty bit of fancy work than an opera bag.

The top closes with a drawing string. The satin pouch may be made of a color contrasting with the gown or wrap.

These bags are now being used for the carriage and are much liked by the matinee girl.

Care of Umbrellas.

It is at the joints that umbrellas break first, and it is scarcely surprising, for they are never oiled, and yet are expected to work smoothly and respond easily to the most sudden act of opening.

Most people after using an umbrella on a wet day, even if they do carefully dry it, regard any further process as needless; but there are other means of lengthening their term of usefulness.

To preserve an umbrella and obtain the best possible use out of it, the joints should be carefully oiled with paraffin or kerosene oil, to clean off any possible rust, just as in the case of a bicycle, and then be "touched" with lubricating oil to make them work easily.

Cream of Celery Soup.

Do not use the green, outermost stalks of celery, but those partially blanched. Wash and scrape, and when you have the equivalent of two heads cut in inch pieces, using a few of the leaves, cover with a quart of water or water and white stock, and cook slowly for three-quarters of an hour.

Deimonico Potatoes.

Wash and pare one-half a dozen medium-sized potatoes, and chop them in a meat chopper, using the coarse cutter. Season well with salt and pepper. Put a layer in a baking dish and dot with pieces of butter. Then put in another layer and more butter, continuing the layers until the dish is nearly full.

To Clean Japanned Ware.

Stains on japanned ware can be successfully removed by means of a little salad oil rubbed over the surface with a piece of flannel.

Tone Up With Good Paint

It is good business to keep property "toned up."

A coat of Pure White Lead Paint not only looks better and gives them a higher selling value, but it makes things wear better and gives them a higher value for long wear.

Prospective buyers of Pure White Lead have heretofore been subject to much attempted fraud in adulteration and substitution.

Matrimonial Infelicity. Divorces are, happily, rare in sixty circles.

GENERAL BREAKDOWN A Condition Which Dr. Williams' Pink Pills, the Great Blood Tonic, Have Been Curing for Years.

There is no more perplexing trouble for a physician to treat than debility caused by general weakness in which there is no acute disease but in which the patient every day sinks lower and lower despite changes of medicine and similar experiments.

That Dr. Williams' Pink Pills will restore health under these conditions is an assertion that the fact has been proved in hundreds of cases similar to that of Mrs. Sarah Ramsey, of 1008 St. John St., Littlefield, Ill. She says "I never felt well after my first child was born. I had a gnawing pain in my stomach and could not hold any food down."

Do not use the green, outermost stalks of celery, but those partially blanched. Wash and scrape, and when you have the equivalent of two heads cut in inch pieces, using a few of the leaves, cover with a quart of water or water and white stock, and cook slowly for three-quarters of an hour.

WELL-KNOWN AUTHORITY CLAIMS IT IS MOST EFFECTIVE.

Says it Will Break Up a Cold in 24 Hours and Cure Any Cough That is Curable—Inexpensive.

A noted authority on diseases of the throat and lungs, who established a camp for consumptives in the Pine Woods of Maine, and whose remarkable cures there have attracted great attention from the medical world, says that his entire treatment consisted of fresh air, nourishing food and the Pure Virgin Oil of the White Pine Trees mixed with Whisky and Glycerine.

It is claimed that the above mixture will heal and strengthen the lungs, break up a cold in twenty-four hours, and cure any cough that is curable.

Suffered Three Years—Hands and Eye Most Affected—Now Well and is Grateful to Cuticura.

"My wife was taken badly with eczema for three years, and she employed a doctor with no effect at all until she employed Cuticura Soap and Ointment. One of her hands and her left eye were badly affected, and when she would stop using Cuticura Soap and Ointment the eczema came back, but very slightly; but it did her a sight of good. Then we complied with the instructions in using the entire set of Cuticura Remedies and my wife is entirely recovered. She thanks Cuticura very much and will recommend it highly in our locality and in every nook and corner of our parish. God bless you for the sake of suffering humanity. I. M.
