Lincoln Letter

Current Gossip from the STATE CAPITAL Legislative and Otherwise

The thirtieth measion of the Nebras ka legislature has practically gone into history, as at this writing the hour of final adjournment is near at hand. The last day was spent in listening to the reports of conference committees and a general jollification and goodbye service which began and ended as the mood of any certain member dictated. A great many of the members of both houses left Thursday evening, but a quorum was present all day Friday and faithfully voted on the conference committee reports, and toward evening it was only a waiting game-waiting for the enrolling clerks to get bills enrolled. Late in the evening it became apparent the enrolling clerks could not finish their work before morning, and as there was no business to transact until their labors were completed, both houses took a recess until Saturday morning. Friday was spent mostly on the appropriation bills and the conference committee reports which were adopted cut out the \$20,000 appropriation for the new orthopedic hospital at Lincoln, cut out the salary for a chief clerk in the office of the labor commissioner and added and subtracted some minor amounts, leaving a grand total of all appropriations against the general fund of \$3,589,217, not counting the 1 mill levy for the university. This amount caps the appropriations of past legislatures, but members of the finance committee of both houses justify the increase by the increased needs of the state. The 1 mill levy for the university, of which \$100,000 goes to the state farm for new buildings, will add not less than \$617.613 to the amount the taxpayers will have to contribute during the next two years, providing, of course, Governor Sheldon does not get busy with his pruning knife, which it is freely predicted he will do. The total of all appropriations two years ago, including the university appropriation, amounted to \$3,621,604.05, adding the estimated amount which will go to the university will make the increase this biennium approximately \$617.613. The Lancaster delegation made a hard fight to save the new building for the orthopedic hospital, but the legislature could not see the need of it just at this time.

A feature of the legislature in its closing hours was the presentation by the members of the senate to Lieutenant Governor Hopewell of a beautiful gold-headed cane. In accepting the same he said: "I-shall not endeavor to express my feelings at this time, because I could not if I should try. I can only say I sincerely thank you from the bottom of my heart, not for the cane, but for the sentiments that the speaker has expressed in presenting it. This session has been very pleasant. We have made many acquaintances and friends that we will remember as long as we live. I think I can say this is a memorable body. a good deal above the average, if we take the word of those who have been acquainted with legislatures for years past. I believe this is the finest body of men I have come in contact with. There may be a better body somewhere, but if so I have never seen nor heard of it."

The state university won \$50,000 from the Nebraska legislature in the closing hours. However, this will afford little relief, according to the report of the university authorities. The conference agreement commands that \$100,000 be diverted from the 1 mill levy proceeds and be expended on the state farm. In return the general fund of the state is to furnish \$50,000 to be expended as the regents direct. This sum is insufficient, it is stated, to make any progress on the civil engineering building so badly needed by the university. On the other hand, it is feared that the expenditures at the state farm will necessitate the use of the \$50,000 for the maintenance of the university proper.

poned in committee of the whole. The bill sought to penalize teachers when they broke their contracts. Senator railroads" are concerned. King opposed the bill. He declared that the school teachers of the state were honorable and honest. They deserved the utmost consideration. If was an action at law.

The conference committee on the general salaries bill eliminated his salary of \$1,200 a year from the list of perquisites. In the nouse -- resentative McMullen had the item struck out, alleging that Despain returned no service therefor.

A romance was one of the features of the closing day of the senate. It leaked out that Senator H. B. Glover, one of the bachelor members of the senate, and Miss Cordelia Johnson of Lincoln were to be married in the tion 8, over which the big fight ocevening. Their acquaintance began at curred, to make it practically the same one of the receptions held by Governor as it was when the bill left the sen-Sheldon. They met frequently at the ate. It requires the names of ingresame function and were together much dients, but not the quantities, to be the young and for the aged; in sickof the time during the session. by members of the house from Douglas county, but by a powerful lobby, but the sentiment always favored the private brands. bill, and there had never been a questiontien of its final approval by the and reagily went through.

The conference committee report on the pure food bill was adopted by the house and senate, making the bill cuits as stringent as when it left the senate. The committee was at work over the measure a good portion of a whole day and the reports were submitted in each house just before adjournment, being accepted without discussion Many of the provisions objected to by the druggists were placed in effect, but the provision which the jobbers object ed to with regard to labels on cannot goods were changed to meet their requirements in a business way. In brief, the conference committee cut out the provision for meat inspection and left this to state inspectors. The provision that packages must bear the net weight and measure of their contents was put back in the bill, as was also the provision that packages must bear the ingredients stamped on the outside under certain conditions. The dairy provisions of the bill were little changed as they were altered by the house, with the exception that instead of leaving the dairy commissioner to decide upon the proper test, the Bab-

The Gibson bill to prohibit breweries from engaging in the saloon business passed the house. Its passage was foreshadowed by the indorsement it received. Introduced by its author for the alleged purpose of revenge and, according to common report in the legislature, disowned and disapproved by him the bill was taken up by others and nushed with a vigor such as that given terminal taxation and some of the other big bills of the session. One feature of the bill which was approved of by many who voted against it is that which forbids breweries or their agents to own or aid in securing liquor licenses. The other feature which was denounced by a number who voted for it is the provision prohibiting breweries or their agents from renting property for saloon purposes.

The Hamer bill amending a bill which passed both houses early in the session and became a law, was passed by the senate after an ineffective fight to kill it by Epperson of Clay. The legislature passed H. R. 21 early in the session, taking away from cities, villages and precincts the power to vote bonds in ald of railroads. Until after it became a law very few persons knew the importance of it. At the request of members from the northwestern part of the state, another bill correcting the "joker" was introduced, the new bill allowing bonds to be voted for steam railroads only. Senator Epperson, who backed the first bill, fought the second one, but was unable to kill it.

Redmond of Nemaha got through a title to eight acres of land belonging to T. J. Majors, by allowing the colonel to sue the state. When the state bought sixty acres of land for the State Normal school at Peru it was in two tracts. By a mistake the eight-acre tract was not properly described and instead of getting what the state bought the deed reads eight acres belonging to Colonel Majors. However, the state has been using what it bought for forty years and the resolution is only for the purpose of allowing Colonel Majors to get his title cleared up.

Senators Ashton and Aldrich fought a two hours' oratorical battle in regard to the Milford and Grand Island homes for old soldiers. Ashton won his fight. He pulled house roll No. 491 through, this measure apropriating \$25,000 in state funds for a building at Grand Island. Milford was allowed \$15,000 and then Grand Island came in for \$9,000 for repairs.

Through the provisions of a bill which was passed in the house, and which had already passed in the senate, the sheriff of Douglas county will receive a salary of \$4,000 a year after January 1, 1908. Until that time he will draw his present salary and will receive 39 cents a day for feeding prisoners. After that date the feeding of county prisoners will be done by

House roll No. 328, to allow bonds to be voted for railroads, slipped through the senate by a vote of 25 to 7. Hamer introduced the bill in the house. Senators Hanna and Phillips worked for the bill, claiming the North Platte country needed railroads. House roll 269 was indefinitely post- The legislature has repealed a similar law at the present session. The bill restores the statute as far as "steam

GRIT SAVED HIS LEG.

Ranchman Rode Far After Most Serious Injury.

Jack Farland, a ranchman living at post office is Midland, in this county, vesterday suffered a broken leg by being caught between a horse which he was riding and a timber wagon which he was attempting to pass while en route to this city, says the Cripple Creek Times. Farland displayed the greatest of pluck by riding on to Victor after suffering the injury. although he said upon arriving here give up. Knowing, however, what certain cure for aweating feet. Sold difficulty would attend any attempt to by all Druggists, 25c. Accept no subdismount, and how well nigh impossible it would be for him to remount in the event that he succeeded in getting safely off his horse, the ranchman gritted his teeth and kept on. After having his leg set by a surgeon of this city, Farland collapsed and it was late in the afternoon before he was able to proceed homeward in a carriage, the accident having happened early in the morning.

SARSAPARILLA TIME. Make Your Own Sarsaparilla or Spring **Blood Medicine.**

Mix one-half ounce Fluid Extract Dandelion, one ounce Compound Karcon, three ounces Compound Syrup Sarsaparilla. Shake well in a bottle and take one teaspoonful after meals and again at bedtime. Any good druggist can supply these ingredients.

This is said to be a splendid Spring Blood Tonic and system renovator because of its gentle action in restoring the Kidneys to normal activity, forcing them to filter from the blood all impure matter and acids, destroying micro-organisms which produce ill health and sour blood.

Everyone should take something to cleanse the blood at this time of year, and the above simple prescription is the most highly indorsed of the hundreds of home remedies generally used. Mix this yourself, then you will know what you are taking.

Sheep Raising in Australia. The greatest industry of Australia is sheep raising, mainly for the sake of the wool, but also in part, of course, for the meat. Australia now ranks second among the great sheep-raising countries, Argentina being first with 92,000,000 sheep, Australia second with 72,000,000, and Russia third with 70,-000,000. Only a few years ago Australia was first, possessing no less than 106,260,000 head of sheep. That was in 1891. Prolonged droughts were the cause of the destruction of many millions of Australian sheep, but since 1902 there has been an annual gain Yet these sheep were not indigenous to Australia. They were first intro-

duced in 1797, being of the Spanish

merino species.

Queer Idea of Chinese. The following is a quite modern Chinese conception of the foreigners' treatment of infectious cases: "If an epidemic broke out two foreigners took the sick away and put them is a little room, washed them with lime water and then locked them up, so that no one could see them, on purpose that the might soon die and not propagate the disease. Wives and children might cry and weep, but the foreigner would but drive them away with sticks, for until dead no one must see those faces again. Better for all of us to jump into the sea than submit to this."-South China Post.

Read Slowly. The New York Medical Journal wisely remarks: "The colon bacillus is usually ranked in the saprophytic group of bacteria rather than placed among the organisms distinctly pathogenic for man; but we know that it is far from being devoid of virulence, conditions of gaining increased powers of invading the organism and of manifesting very definite pathogonie effects."

FIND OUT

The Kind of Food That Will Keep

The true way is to find out what is best to eat and drink, and then cultivate a taste for these things instead of poisoning ourselves with improper, indigestible food, etc.

Women Avoid Operations

When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her.

The very thought of the hospital, the operating table and the knife strikes terrer to her heart.

It is quite true that there troubles may reach a single where an operation is the only measures, but a great many women have been cured by Lydie E. Pinkham's Vegetable Compound after an operation has been decided upon as the only cure. The strongest and most grateful statements possible to make come from

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs, have escaped serious operations, as evidenced by Miss Rose Moore's case, of 307 W. 20th St., N.Y. She writes:

Dear Mrs. Pinkham: "Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family. I dectored and dectored with only temporary relief and constantly objecting to an operation which I was advised to undergo. I decided to try Lydia E. Pinkham's Venetable Compound it moved as of the textible trankle. E. Pinkham's Vegetable Compound; it cured me of the terrible tro and I am now in better health than I have been for many years."

This and other such cases should encourage every woman to try Lydia E. Pinkham's Vegetable Compound before she submits to an operation.

Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited to romptly communicate with Mrs. Pinkham, at Lynn, Mass. From the ymptoms given, the trouble may be located and the quickest and surest way of recovery advised.
