CITY TAKES REST BEFORE COM ING OF THE DELEGATES.

Most of Those Who Have Thus Far Arrived Go Into the Mountains for Sight Seeing.

Denver, Colo.-This city took its last political slumber for at least a fortnight to come. The democratic politicians of prominence who have already arrived for the national convention left for a pleasure trip into the mountains. They will straggle back, from day to day. By the time they are all back once more the advance guards of the state delegations will be here or on their way, and there will be an over-increasing activity until the red fire has flickered out and the curtain has been rung down on the final scene of the democraite national convention.

There were more departures of politicians Sunday than there were arrivals and consequently there was dear h of happenings in the political sense. The out-and-out Bryan men were highly pleased over the easy manner, in which Theodore A. Bell of California was named temporary chairman. There were reports before Mr. Bell had been selected that a fight was to be made on him by Thomas Taggart, chairman of the national committee, and Roger C. Sullivan, the national committeeman from Illinois, but the promised struggle did not materialize and the wishes of Mr. Bryan regarding Mr. Bell were carried out without a sign or sound of dissent. This fact was taken by the Bryan men to mean that all opposition to the wishes of their leader had disappeared, ar at least will be of only comparatively slight influence throughout the convention. They are now counting confidently on the selection of Henry D. Clayton of Alabama for permanent chairman, asserting that it will be brought about as easily and with no more opposition than was that of Mr. Bell at the meet-

ing Saturday. No particular opposition has been made to Mr. Clayton and there is no Eighty-five persons are believed to present signs of any fight against tioned, but none from the south save Iowa Democrats in convention at that of Senator Joseph W. It is said that Mr. Bryan desires a permanent chairman from the south, and the Bryan men believe that with Senator Bailey eliminated, no man other than Clayton will be con-

sidered. Very little talk has so far been heard concerning the platform, but it is generally believed among the recognized leaders here that the fight over the "injunction" plank in the republican resolutions committee may find a parallel when the democratic platform builders are fairly at work. It is generally understood that in the event of the Bryan people securing control of the resolutions committee, the declaration of principles will fol-

low closely the "Lincoln platform." Events of political importance so far have been few. Not a single headquarters has been opened as yet, and it will probably be Thursday of this week before events are in full

## STORM WRECKS TOWN.

Pukwana, S. D., Almost Wiped Out of Existence by Tornado.

Mitchell, S. D.—The little town of Pukwana, in Brule county, about fifty miles west of Mitchell on the Milwaukee road, was nearly wiped out of existence by the visitation of a tornado, which covered an extent of about a quarter of a mile wide.

The storm struck the place about 11 o'clock, when the people were sound asleep, and it came with terrific force, lasting about five minutes, but the damage was awful. The tornado came from the northwest, leveling houses in its pathway. Between twelve and fifteen business places and residences were absolutely destroyed, while there is not a house in the town but what was wrecked to some extent. People were driven from their homes by the fear of danger that threatened, but they had no place to go, and with the darkness that enshrouded them made the scene all the worse.
