HEARING ON TARIFF.

House Committee Will Begin Taking

Testimony Tuesday. Washington-With the first hearing on the proposed revision of the tariff, scheduled for Tuesday, the active work of the committee on ways and means of the house of representatives will begin in Washington, although it has been progressing during the recess of congress, at Auburn, N. Y., the home of Representative Sereno Payne, chairman of the committee. The hearings will be completed before the Sixtieth congress convenes for its last session, but the program for the revision does not provide for the presentation of the subject to congress until the sixty-first congress is convened next March in special session.

Judge Taft in his speech accepting the republican nomination for president outlined in these words the policy to be followed in revision:

"The republican doctrine of protection, as definitely announced by the republican convention of this year and by previous conventions, is that a tariff shall be imposed on all imported products, whether of the factory, farm or mine, sufficiently great to equal the difference between the cost of production abroad and at home, and that this difference should of course, include the difference between the higher wages paid in this country and the wages paid abroad and embrace a reasonable profit to the Amer-

ican producer." It is understood that President Taft will call together the new congress in Sherman forwarded to Albany for special session immediately after his filing with the secretary of state a inauguration and in his proclamation statement of his expenses in the camwill repeat his previously expressed paign just closed. It aggregates views on the tariff question.

(rep.) for land commissioner has secured a lead over Eastham (dem.) in these counties amounting to 1,772, which the five remaining counties that four years ago did not have a republican lead of over 500 together, are not likely to overcome.

This would make the roll of state officers as follows: Governor, A. C. Shallenberger (dem.); lieutenant governor, E. O. Garrett (dem.); secretary of state Dr. A. T. Gatewood (dem.); treasurer, Lawson G. Brian (rep.); auditor, Silas R. Barton (rep.); superintendent of schools, E. C. Bishop (rep.); attorney general, William T. Junkin is defeated by Gatewood, eighty-five counties showing a plurality of 1,782 for Gatewood. Cowles in the same counties practically reverses the vote, securing 1,772 majority over Eastham, who has been claiming election to the office of lan. commissioner.

Computations on railway commissioner were altered Sunday by the the Douglas county returns, which R. Marshall, democrat for governor; give Cowgill now a plurality of 1,808 Frank J.
