CONGRESS IS READY

SESSION TO OPEN PROMPTLY AT NOON MONDAY.

MESSAGE COMES AT ONCE

No Well Defined Program Arranged, Members Desiring First to Hear President's News.

Washington.—At noon Monday the first regular session of the Sixty-first congress will be convened. Vice President Sherman will preside in the senate and Speaker Cannon will wield the gavel in the house.

The beginning of the session is regarded always with interest, but there have been few sessions in recent years for which there has been so little planning among the members. Ordinarily Speaker Cannon and Senator Aldrich who speak for the majority of the senate, have a program at the beginning of a session, but this year they have none; or, if they have one, they are not talking about it. They are waiting upon the president. By common consent, apparently, all are holding back until the president recommendations can be received, as they will be on Tuesday, in his first annual message. That his suggestions will be acted upon is too much to say. But there is a disposition to accommodate him as far as can be done, and there is a determination to hear his intimations before entering upon any effort at legislation along the lines upon which he has intimated a desire to be heard.

Even the "insurgents" generally express a willingness to wait upon the White House before attempting to formulate a plan of action. This is true both in the senate and the house. They manifested much interest in the forthcoming message, but that until it is received they will be unable to form any plans. They proclaim no fight against the president, but some at least of them are avowedly irreconcilable in their attitude toward the speaker and Senator Aldrich, whom they hold responsible, the one for the house rules and the other for the tariff law. Unquestionably they will be heard from in some way before the session grows very old, and it is not hoped by the friends of the new tariff that they will escape criticism.

The principal interest in the outlook centers in the possibility of railroad legislation, and all hands are waiting with keen expectancy to see what may make up that subject.

Representative Mann has bills prepared on all these points and will present them as soon as the message is received. He is chairman of the committee which will have the measures in hand and will press them with vigor.

Much interest is felt in the Nicaragua situation, but the general disposition is to permit the executive branch to deal with it without legislative interference at least in the present stage. Congressmen generally express no apprehension as to the outcome.

While the corporation tax provision of the tariff bill was under consideration during the extra session, Senator Aldrich expressed the opinion that it might be of long life, but he probably will take no steps to abrogate it until the full effect of the tariff as a revenue producer can be ascertained.

All Land Men Included. Omaha.—There was some doubt as to whether all the big land men—Richards, Comstock, Jackson, Triplett, Huntington, Todd and Hoyt—were included, or just some of them, in the decision of the federal circuit court of appeals affirming the ruling of the federal district court fining and imprisoning these men, but there is no doubt now. They are all included.

Zelaya Ready to Flee? New Orleans, La.—According to private reports received here from Managua President Zelaya has made all arrangements to leave Nicaragua on the first steamer sailing from Corinto. The report is not confirmed.

Bishop Goodsell is Dead. New York.—Rev. Dr. Daniel Ayres Goodsell, retired bishop of the Methodist Episcopal church, died Sunday at his residence in this city. He had been ill several weeks and death followed an operation for a carbuncle.

PLEA FOR STATEHOOD. New Mexico Wants to Come into the Union. Washington.—Recalling the fact that the leading political parties during their last national conventions pledged themselves to statehood bills, George Curry, who recently resigned the governorship of New Mexico, in his annual report to Secretary Ballinger again urges his aid and influence toward obtaining statehood for the territory at the coming session of congress.

Bishop Stringer is Missing. Edmonton, Alberta.—According to advices brought down by northern Indians, Bishop Stringer and his wife, two of the best known missionaries of the north, have perished somewhere between here and Dawson City, for which place the couple started overland last June. Bishop and Mrs. Stringer expected to reach Dawson City in October, but nothing has been heard from them by trappers of voyagers for the last two months. Bishop Stringer and his wife have worked among the Indians for years.

HONOR OFFERED TO MANY. President Has Difficulty in Finding Man for Place. Washington.—The president has been desirous of finding for the post at Pekin some man combining both business and diplomatic qualifications. The place is regarded as one of the most important in the entire United States diplomatic service, and several prominent citizens have been implored to undertake the work of administering it. Many have thus far been considered, but no one chosen.

NEBRASKA NEWS AND NOTES

Rems of Interest Taken From Here and There Over the State.

Recent snowfalls and rains have put the roads of Nebraska in bade shape. York has a new industry, that of making cement posts.

The bank at Taylor has increased its capital from \$5,000 to \$10,000. John Featrowsky, a pioneer of Cuming county, having lived therein over forty years, died last week.

Amherst schools closed on account of scarlet fever. There is an epidemic of this malady in the north part of Buffalo county and within a radius of ten miles from the north boundary hardly a school is running.

The discovery of fire in the laboratory of the high school at Hastings by a group of high school girls, who promptly turned in the alarm, saved the \$30,000 school building from destruction.

H. C. Young, a prominent farmer homesteader, living near Kimball, was killed by his own way home running over him. He was on his way home with a load of coal and it is supposed his team ran away, throwing him under the wheels.

Judgment for \$48,000 was confessed in federal court by the North Platte Water Works company in the suit instituted against it by the American Water Works company. The amount was due on work and material furnished by the plaintiff.

Ira Bass, a young man about 24 years old, a former resident of Broken Bow, was brought there from Danvers suffering from a gunshot wound in the breast. He keeps a hardware store and was examining some firearms when the accident occurred.

Secretary Paine of the State Historical society has received word that James Mooney of the staff of the American bureau of ethnology will be present at the annual meeting of the society in Lincoln in January and will deliver one or more addresses. Mr. Mooney is one of the great authorities on the North American Indian.

Lt. A. M. Overstreet, a former York county boy, has been promoted from lieutenant to lieutenant commander and according to Washington dispatches will have charge or command of one of the new dreadnoughts. The promotion was earned by reason of the best record as an officer and best record at target practice.

Many farmers in Gage county have filed objections with County Attorney F. O. McGirr with reference to the assistant state veterinarian charging fees for inspecting dairy cattle or cattle shipped out of the county. Mr. McGirr received a letter from Attorney General Thompson stating that the charges were made according to law.

Ed Burke of Kansas was arrested in Wymore for being drunk and disorderly. He was arraigned in Judge Crawford's court on a charge of resisting an officer and placed under \$1,000 bonds awaiting his preliminary hearing. Before he could be brought to the county jail, however, Burke had picked the lock of his cell and made his escape.

James Brink, who leased what is known as "musk rat slough," lying north of Lyons, now astonishes the people when it comes to raking in the shekels for his leasehold. What to them appeared as a joke at the time he leased it is now bringing him in a good income from the investment. Already, this early in the season, he has taken over 600 musk rats from the slough, for which he was offered 27 cents by an Omaha man, and refused to take less than 30 cents.

There is a disease among horses in Antelope and adjoining counties that is puzzling the veterinary surgeons. The animals that have recently died in Antelope county have been considered valuable and a heavy loss is reported to the owners. Veterinary Surgeon Matthews was called to the farm of J. R. WORK OF EDUCATION

APPROVAL OF SCHOOLS FOR NORMAL TRAINING.

A LARGER NUMBER THIS YEAR

A Ruling Against the Bankers' Life Company—Other Matters From the State Capital.

State Superintendent Bishop has made an announcement concerning the approval of high schools for normal training. The list includes a total of 110 schools, of which 103 are high schools and seven academies.

The normal training law was enacted by the legislature of 1907. During the school year 1907-8 sixty-eight schools were approved for normal training, with an enrollment of 1,200 pupils in the normal training classes. During the year 1908-9 eighty-six high schools and eight academies were approved, representing a combined enrollment of 1,600 pupils taking the course. For this school year the 110 schools approved for the work have enrolled in their normal training classes a total of 1,850 pupils.

In May, 1909, there were graduated from the normal training high schools 775 pupils, who had completed the regular high school course of study and the course in normal training. Reports show that of this number 575 of them are teaching this fall. County superintendents are enthusiastic over the good work these young teachers are doing in the school room.

Insurance Agents Are Out. The state insurance board handed out a ruling revoking the licenses of the ten agents of the Bankers' Life Insurance company of Lincoln.

The following is the form of the letter sent out to the agents under investigation by Auditor Barton, head of the insurance board:

"By the authority vested in me by the laws of the state of Nebraska, and as I fully believe that your conduct as an insurance agent and the methods used by you in procuring business is in violation of law and contrary to the rulings of the insurance department and against public policy, I hereby revoke your license No. — as agent of the Bankers' Life Insurance company of Lincoln, Neb., dated —, 1909."

While the action taken is sweeping, the twenty-eight affidavits introduced in evidence before the board contained many suggestions of irregularities that the agents excluded under the order for the most part did little to refute.

Plans Issue of Stock. The application of the Chicago & Northwestern Railroad company for authority to issue \$30,502,300 worth of common stock has been granted by the Nebraska railway commission. The stock will be issued in the form of 305,928 shares of common stock of the par value of \$100 each. The stock is to be issued for the purpose of "constructing, improving and equipping its railway," otherwise the request filed with the commission contains no hint of how, when or in what one or more of the states the work is to be done.

Historical Society Wants Money. Notwithstanding the State Historical society gets an appropriation of \$15,000 biennially, it has its solicitors out asking for money. One was at the state house asking financial aid with which to print some report the society is to make and for which the solicitor said there was no money available to pay the bill.

Requisition for Wife Deserter. The governor's office issued requisition on the state of Iowa for the return to Nebraska of Albert Oliver. Oliver is charged with deserting his wife and minor child, now living in Lancaster county. He has been placed under arrest at Indianola, Ia.

A Raise in Wages. The Lincoln Traction company stockholders elected officers and increased the wages of the motormen and conductors. The 0-year men were raised 1 cent an hour, making 19 cents; the two, three, four and six-year men were raised 1/4 cents.

Cupid Gets Normal Teachers. Superintendent Thomas of the Kearney Normal school reported to the normal board that Mr. D. Cupid was playing havoc with his teaching force and he wanted an injunction issued or something done to head him off. A number have been lost and others have the fever.

Civil Service Examinations. The United States civil service commission announces the following examinations to be held at Lincoln and Omaha: January 25, stenographer and typewriter, all branches of the service; January 25, stenographer, departmental service; January 25, typewriter for men only.

An Unfounded Report. The story printed by an Omaha paper to the effect that W. J. Bryan and his brother, C. W. Bryan, have been asking Governor Shallenberger to call an extra session of the legislature in order to secure the passage of a resolution for the submission of the initiative and referendum constitutional amendment is not warranted. C. W. Bryan made a denial of the story when questioned in regard to the matter. "Neither W. J. Bryan nor myself has asked the governor to call a special session," he said.

Demurrer Overruled. The state railway commission overruled the demurrer filed by John L. Webster to the complaint of Lysie I. Abbott and others asking that the commission value the property of the Omaha & Council Bluffs Street Railway company. The demurrer was based on the contention of the street railway company that the complaint was not in proper form and that the commission has no jurisdiction. It will now be necessary for the street railway company to answer the complaint and set a date for the hearing.

They Didn't Have to Change. During the years in which our pure food laws have been put into effect there has been a great hurrying and scurrying on the part of the food manufacturers to change their methods to make them conform to the law. The Quaker Oats Company is a conspicuous exception. It was admitted that Quaker Oats was as pure and clean as possible and that it was an ideal food.

It is so cheap that any one can afford it and so nourishing that everyone needs it. The result of last year's experiments at Yale and other points where food values were tested is that Quaker Oats has been adopted by many persons as their food on which they rely for adding vigor and endurance of muscle and brain.

The Quaker Oats Company meets all demands in the way it packs Quaker Oats; regular size packages and the large size family package; the latter, both with and without china.

SKIN ROUGH AS BARK.

Baby Boy Had Intense Itching Humor—Scatched Till Blood Ran.

Found a Cure in Cuticura.

"Our son, two years old, was afflicted with a rash. After he suffered with the trouble several weeks I took him to the doctor but it got worse. The rash ran together and made large blisters. The little fellow didn't want to do anything but scratch and we had to wrap his hands up to keep him from tearing the flesh open till the blood would run. The itching was intense. The skin on his back became hard and rough like the bark of a tree. He suffered intensely for about three months. But I found a remedy in Cuticura Soap and Cuticura Ointment. The result was almost magical. That was more than two years ago and there has not been the slightest symptom of it since he was cured. J. W. Lauck, Yukon, Okla., Aug. 28 and Sept. 17, 1908."

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help.

That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first specialist in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as with-out fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.
