

Fought to Retain Formula Which Has Made a Fortune

L. T. Cooper, the man who believes that 90 per cent of all ill health of this generation is caused by stomach trouble, is fast winning a national faith in his theory. His claim is now admitted by a surprising number of people throughout the country, and he is gaining new adherents every day.

While speaking of his success in a recent interview, Mr. Cooper said: "I believed ten years ago that any one who could produce a formula that would thoroughly regulate the stomach would have a fortune. When I got hold of this formula I knew within six months that I was right, and that my fortune was made. I called the medicine Cooper's New Discovery, although I did not get up the formula. I have owned it, however, for over five years. I have had one lawsuit over it, which I won in the courts. When it was settled The Cooper Medicine Company became the only firm in the world that can prepare the medicine. The preparation has sold like wildfire wherever introduced. As I have said before, it is successful simply because it puts the stomach in perfect shape, then nature does the rest. There are any number of complaints never before associated with stomach trouble that the medicine has alleviated in thousands of cases."

Among statements obtained recently from users of this medicine that is arousing such universal discussion is one from Mrs. Emma Stanley, living in Chicago, at 713 Washington Boulevard, who said: "Perhaps I had the most complicated case that Mr. Cooper had to deal with. I was troubled for years with my stomach. I consulted with doctors and took many patent medicine preparations without result. My stomach was in such a wretched shape that I could not enjoy a meal of any kind."

"I was very nervous, and could hardly sleep. I had a roaring in my ears and dancing spots before my eyes. I felt very bad and weak. Then there was a very sore spot at the pit of my stomach that nearly set me wild."

"I heard about the Cooper medicine and decided to try it. I used four bottles, and the improvement in my case has been really wonderful. My nerves have been quieted, and I am so much improved that I feel like a new woman."

"I cannot say too much for these wonderful remedies, for they have made me well."

Cooper's New Discovery is sold by all druggists. If your druggist cannot supply you, we will forward you the name of a druggist in your city who will. Don't accept "something just as good."—The Cooper Medicine Co., Dayton, Ohio.

HOLDEN INDORSED

Recommended for Storms' Job at
State College by Corn Growers.

FIX DATES FOR CORN SHOW

Exposition Will Be Held in the Coliseum December 9-15—State Board of Education May Ask Pinchot to Take the Presidency.

Des Moines, Feb. 17.—Prof. P. G. Holden, head of the corn extension department of the Iowa State college at Ames, has been indorsed for the position of president of the school to succeed Dr. A. B. Storms by the directory board of the Iowa Corn Growers' association.

Previous to the indorsement of Dr. Storms, the directory board fixed the dates of the eighth annual corn exposition from Dec. 9 to Dec. 15, inclusive.

The corn growers' indorsement of Professor Holden will carry considerable weight, it is said, for it is the strongest organization of scientific farmers in the state.

PROF. P. G. HOLDEN.

"It is with regret that I read in the papers that President Storms has tendered his resignation as president of the Iowa agricultural college," said President Chapman. "If his resignation has been received the thing that the people of Iowa want to concern themselves about is the choosing of the new president. I do not think that there is any question as to who would be selected were this matter left to a popular vote of the farm interests of the state, for which the work of the institution stands, which also necessarily embraces the mechanical and engineering departments."

"It is my judgment that Prof. P. G. Holden would be the choice of the Iowa people. Professor Holden has probably come closer in touch with the people of Iowa and knows more of their wants and their needs than any other living man in the state, and this should qualify him. He has rare executive ability and is a leader among young men and women. This has been thoroughly demonstrated in his educational work before short courses over the state, on seed corn specials, and in his addresses before educational institutions. I sincerely trust that the educational board in their deliberations as to the successor to Dr. Storms will give the greatest possible consideration to Professor Holden in connection with the presidency of the Ames college."

Treasurer Fred McCulloch and special agent for farm management in Iowa of the United States department of agriculture, said, "Personally, I am for Holden, I regard him as the best all around man for this position in the United States and I am convinced that he has done more to deserve this recognition now that the opportunity is at hand, than any name that has been mentioned in connection with filling this position. I believe I know the sentiment of the Iowa people."

Gifford Pinchot, deposed government forester and leader of the conservation forces of the country, is being considered by the state board of education for the vacancy caused by the resignation of Dr. Storms.

Robb Estate Sues.
Permission has been granted C. DeHaan, administrator of the estate of William I. Robb, a traveling man who was killed in the street car accident at the foot of the Nineteenth street hill, to sue the street car company in the sum of \$50,000 for Robb's death.

Murderers Lose Cases Before Court.
The supreme court has affirmed the conviction of Harry Clayton of Sioux City, convicted of murder, and Frank Dyer, of Monona county, also convicted of murder.

Miss Gordon Elected.
Miss Fern Gordon, daughter of Prof. and Mrs. C. H. Gordon of Highland Park, has been elected supervisor of music for the Adel public schools. Miss Gordon also has charge of the music instruction for the Dallas Center public schools.

Board Meets in March.
The state board of education will hold a regular meeting March 27. The board has not been called in session, but will probably be called in March.

His Specialty.
The One—He can be much of an actor. I never saw his name on the bill boards.
The Other—No; but I understand it appears on a good many board bills.

Emmett Dalton Hands Hot Talk to Governor.

Kansas Executive Threatens to Send the Former Robber Back to Prison for Running a Nickel Show.

"Emmett Dalton has no business to be going around the country giving a bank robbery picture show. He has broken his parole, and if he's not careful I'll send him back to the penitentiary."—W. R. Stubbs, Governor of Kansas.

"I'm not here to be awed by any petty politician. Gov. Stubbs is a showman like myself and likes to keep in the public eye. It's all bosh and I defy any man to imprison me for breaking my parole."—Emmett Dalton, Ex-Bank Robber.

Kansas City, Kan.—A lively controversy between the governor of Kansas and Emmett Dalton, the last of the famous Dalton gang, has resulted from the insistence of Dalton on giving moving picture exhibitions of a bank robbery, accompanied by a realistic lecture and advice to young men not to stray from the straight and narrow path.

Gov. Stubbs says Dalton ought to be in prison. Dalton virtually invites the governor to go to blazes. The man who smashed two political machines and outwrestled the Demon

is now running a nickel show.

We Will Pay You \$500 in Gold To Name Our New Corn

Shakespeare says there is nothing in a name, but John A. Salzer says A GOOD NAME IS WORTH A FORTUNE. He backs up his statement by offering you \$500.00 in gold to name his wonderful, long-kernelled corn, pictured in life size at the left on this page.

A prominent Agricultural Expert, on seeing this new corn, exclaimed: "Salzer, you have started the Agricultural World in discovering this most remarkable breed of corn."

Indeed, it is the most remarkable corn ever seen by mortal eye. But not a bushel of it is for sale. For there is not one-tenth enough in existence to fill the tremendous orders that will pour in when this new corn goes on the market.

Next year we may have enough to sell. Right now the best anybody can do is to obtain a sample package—enough to grow 1/2 bushel of seed for 1911. You are mighty welcome to a sample. Please send 5c in stamps to pay mailing charges.

The thing that puzzles us is, WHAT ARE WE GOING TO NAME OUR NAMELESS CORN?

Mr. Salzer will not be content with anything but a smashing, smashing good name. So he offers \$500 in gold to the seed-buyer who hits upon the most suitable name.

We want you, reader, to help us out. Name this corn, won't you? It does not cost a penny to use the corn-naming coupon below. Fill it out, send it to-night and be a candidate for the \$500 cash prize.

THE JUDGES

We are fortunate in securing three of the most capable and prominent men in Wisconsin to sit as Judges in our big corn-naming contest. They are Prof. R. A. Moore, Wisconsin State Agricultural College; Hon. J. J. Esch, Congressman from Wisconsin; Hon. Robt. Calvert, U. S. Customs, La Crosse.

These eminent men will weigh carefully the name you suggest, and if it is most suitable, you will get the \$500 prize. No matter who you are or where you live, you will be given a fair, square opportunity to land the money.

Fill out the free corn-naming coupon with pencil or pen as you please, but be sure to give your complete home address.

BILLION \$ GRASS

Positively the greatest grass of the century. Sown when the ground is thoroughly warm, it will produce from two to four crops of hay the first season, yielding all the way from 10 to 15 tons per acre. It is prodigiously prolific.

It requires 20 lbs. seed per acre. Price: Salzer's Superior, 20 lbs., \$1.75; 50 lbs., \$3.00; 100 lbs., \$5.50. Salzer's 20th Century, 20 lbs., \$2.25; 50 lbs., \$3.50; 100 lbs., \$5.50. We commend our 20th Century strain as the purest, we believe, on earth.

ALFALFA

Pronounced Absolutely Pure, No Weeds. Largest growers of Clover, Timothy and Grasses, Oats, Barley and Potatoes in America, EX-GOV. BOARD OF WISCONSIN, from 30 acres sown to Salzer's 20th Century Alfalfa, harvested within 24 weeks after seeding \$2500 worth of magnificent hay, or at the rate of \$83.33 per acre. Salzer's Alfalfa Clover will produce a crop on any farm in America where timothy will grow. It is famed for its stubborn hardiness and prodigious vigor. Price, 20th Century (Pure Seed)—sow 20 lbs. per A.—20 lbs., \$4.90; 100 lbs., \$22.00.

POTATOES

100,000 Bus. Pedigree Seed Potatoes. Largest Growers Seed Potatoes in America, yielding from 150 to 600 bushels per acre for each and every acre you plant. Price range from \$2.00 to \$4.00 per barrel.

No other Seed House has kept in such close touch with State Agricultural Colleges as we John A. Salzer Seed Co. This Great Seed House specializes in the pedigree varieties of seed that are brought forth by State Colleges of Wisconsin, Iowa, Minnesota, the Dakotas and all other Agricultural Colleges in the Middle West.

Coffroth Wins Race, London to Frisco.
James W. Coffroth, light promoter, won his bet of \$2,000 made with a member of the National Sporting club of London that he could reach San Francisco in ten days from London. Coffroth had a margin of two hours and forty minutes.

Coffroth, according to agreement, sent a telegram to Eugene Corri, with whom he had the wager. When he arrived at the Oakland pier he was welcomed by a large delegation that cheered him as he stepped from his car. The time made by Coffroth is the fastest ever made from London to San Francisco over the Atlantic and across the continent. He made the trip in nine days, five hours and five minutes. The journey from Omaha to San Francisco was made on the famous San Francisco "Overland Limited" of the Union Pacific-Southern Pacific, and is simply another victory for Safety, Service, Speed via the old Overland Route.
