MILL BUILT BY WASHINGTON

Old Building Erected by the First President Still Stands in Pennsylvania.

Pittsburg, Pa.-Near the little vilage of Perryopolis, Pa., stands a grist mill which was erected by George Washington. The mill is in daily operation, after only two changes since the days of Washington.

Originally it was run by two overshot water wheels of rude construction. These have been discarded and more modern wheel provided. This wheel, with the chimney at the end of

GREAT RIVER'S MANY NAMES

Various Aliases Under Which the Hudson Has Been Known in Past Centuries.

In the course of the last 400 years the Hudson has been known by at least 26 different names, and even today, in New York, at any rate, it is indifferently referred to as the Hud-

son and the North river. While Henry Hudson is universally acclaimed as the discoverer of the noble river which bears his name, it is was my brother you wanted to conwell known that nearly a century be vict!" fore Hudson's successful exploitation, John da Verrazano, a Florentine, entered the mouth of the Hudson and reported that he had passed up the river about a league in a boat, not venturing to sail his vessel, the Dauphine, up a river with which he was unfa-

A sudden squall impelled him to return to his ship. Verrazano called the Hudson "the river of steep of hills." This was in 1524. Some years later Verrazano's brother made a map of the region, and he named the mouth of the Hudson "San Germano."

In 1525 a Spaniard named Gomez. who came to America on an exploring trip, made a chart upon which he designated the Hudson as "San Antonio." When, some 80 years later, Henry Hudson, in his efforts to reach the East Indian possessions of the Dutch East India Company by a northwest route, accidentally ran into the Hudson, he promptly dubbed it the "Manthank you for your hattes," from the name of the Indians who dwelt at its mouth.

Hudson sailed slowly up the river as far as Albany, and his experiences with the Indians and his observations of the surrounding country were so gratifying that he returned home with glowing reports of the new-found coun-

Still there were men who respected Jerry for his action. But neither the animosity of Watter and his coterie, nor the approbation of law abiders mattered much to Jerry. All he wanted or cared for was Edith and Edith's love. But she cut him publicly and with disdainful

demeanor. One day in early autumn, when baseball enthusiasm waxed high, when crowds gathered and waited and stampeded in front of the places where the scores were shown, a crucial game was played at Riverton. The home team, the Stalwarts, were to play against the Lions. This was to be the game of games, for if the Stalwarts won it meant the pennant. All Riverton turned out to witness the game and shouted for the Stalwarts. A gay young crowd was on the grand stand behind the plate. Among them
