CANNON WAS THERE

UNEXPECTEDLY JOINS PINCHOT IN KANSAS CITY.

BOTH MEN TO THE FRONT

Former Forester the Chief Speaker, Though Cannon Also Had Something to Say.

Kansas City, Mo.—A surprise was sprung upon the members of the Knute and Fork club in this city Friday night, when "Uncle Joe" Cannon, speaker of the house of representatives, appeared at the entrance of the club's banquet hall beside Gifford Pinchot, the club's guest of honor, and the principal speaker of the evening.

The two men were given a rousing reception as Mr. Pinchot offered his arm to the speaker and started toward the guests' table. "Uncle Joe" gently pushed Mr. Pinchot ahead, declining his arm, desiring to emphasize the fact that he realized the ex-forester was the specially invited guest of the evening.

Mr. Cannon's appearance at the dinner was accidental, he said. He arrived here at 6 o'clock and left four hours later for Winfield, Kas., where he will begin a speech-making tour of the state Saturday.

It was before the Knute and Fork club that Speaker Cannon made a speech attacking the insurgents a few months ago. Mr. Pinchot spoke on "The Conservation of Our Natural Resources." Mr. Cannon before going into the banquet room said he would not make a speech. Mr. Pinchot spoke in part as follows:

"When Congressman Tawney's mandment to the sundry civil bill put a stop to the work of the national conservation commission, the National Conservation association stepped into the breach and went on with the work.

"The association is on the firing line in the conservation fight. It is doing what would otherwise not be done. The men and women who compose it are rendering genuine and effective service in the great cause that means prosperity for our people and hereafter. If the National Conservation association were not in existence there would be no organized fight to stop the plundering of coal lands, the appropriation of water power sites by private interests and in general the absorption of our natural resources by those who have the smallest rights to them."

Mr. Pinchot and Speaker Cannon engaged in an extemporaneous debate upon the subject of conservation, and while each man gave expression to the highest personal regard for the other and both agreed that the conservation of the nation's natural resources should be encouraged, they differed on the question as to who was the father of conservation.

Mr. Cannon explained that he was on his way to Winfield, Kas., to "make his first Chautauqua appearance."

"I am not in the Chautauqua program regularly," he added, "and I am asking no fee for my present appearance."

He said that conservation and reclamation were very important subjects, but that they were not his specialty. "I never specialize, except in the business of playing czar," he said.

Spring wheat crop damage in Canada, the United States and Russia, the result of excessive heat and drought, caused excited buying on a large scale.

July Squeeze in Cotton. New York.—There was increased excitement in the cotton market Friday with every indication that the talked of July squeeze was at last on, owing to an even more urgent demand from July and August shorts. Prices had a further sensational advance, with July cotton selling at 16.42c, or 50 points above the closing point of Thursday, and fully \$5 per bale above the prices ruling just before the covering movement started Wednesday. THE REASON.

Spick—The doctor has given him up. What's the matter with him? Span—Impecuniosity I guess.

Trying to Satisfy Him. Squamish Guest (as waiter places water before him)—Waiter, are you sure this is boiled distilled water? Waiter—I am positive, sir. Squamish Guest (putting it to his lips)—But it seems to taste pretty hard for distilled water. Waiter—That's because it's hard-boiled distilled water, sir.

It is a Mistake. Many have the idea that anything will sell if advertised strong enough. This is a great mistake. True, a few sales might be made by advertising an absolutely worthless article but it is only the article that is bought again and again that pays. An example of the big success of a worthy article is the enormous sale that has grown up for Cascarets Candy Cathartic. This wonderful record is the result of great merit successfully made known through persistent advertising and the mouth-to-mouth recommendation given Cascarets by its friends and users.

Like all great successes, trade pirates prey on the unsuspecting public, by marketing fake tablets similar in appearance to Cascarets. Care should always be exercised in purchasing well advertised goods, especially an article that has a national sale like Cascarets. Do not allow a substitute to be palmed off on you.

Well, Wasn't He Right? The minister was addressing the Sunday school. "Children, I want to talk to you for a few moments about one of the most wonderful, one of the most important organs in the whole world," he said. "What is that that throbs away, beats away, never stopping, never ceasing, whether you wake or sleep, night or day, week in and week out, month in and month out, year in and year out, without any volition on your part, hidden away in the depths, as it were, unseen by you, throbbing, throbbing rhythmically all your life long?" During this pause for oratorical effect a small voice was heard: "I know. It's the gas meter."

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up weak and gets the finishing touch of health on every weak woman who gives it a fair trial.

A BURNING ERUPTION FROM HEAD TO FEET

"Four years ago I suffered severely with a terrible eczema, being a mass of sores from head to foot and for six weeks confined to my bed. During that time I suffered continual torture from itching and burning. After being given up by my doctor I was advised to try Cuticura Remedies. After the first bath with Cuticura Soap and application of Cuticura Ointment I enjoyed the first good sleep during my entire illness. I also used Cuticura Resolvent and the treatment was continued for about three weeks. At the end of that time I was able to be about the house, entirely cured, and have felt no ill effects since. I would advise any person suffering from any form of skin trouble to try the Cuticura Remedies, as I know what they did for me. Mrs. Edward Nearing, 1112 Salina St., Watertown, N. Y., Apr. 11, 1909."
