

**IN AND OUT**  
You should throw out your old-fashioned stove and install a steam or hot water heating system. The operating cost of

**A MODERN HEATER** is very small, but their worth is invaluable. We will gladly render plans and estimates for installing heating systems. We also repair and make ready for the winter's use your present heater.

411 13th W. St. **A. DUSSELL & SON**  
Columbus, Neb.

**ITEMS OF INTEREST**

**ABOUT OUR NEIGHBORS AND FRIENDS CLIPPED FROM OUR EXCHANGES**

**BELLWOOD.**

From the Gazette.  
Mr. and Mrs. Carl Jacobs returned to Bellwood Saturday evening last from Austria, both looking good and greatly enjoyed their visit in the old country. Their daughter, Miss Ida, remained in Austria.

Jim Smart and Peter Kurt report a second crop of strawberries. Nearly everybody had a second crop of beans and if the present weather continues much longer we are liable to have a second crop of corn. Here we are in the middle of October and have not had frost enough to pinch a tomato vine.

**HOWELLS.**

From the Journal.  
The first of the week F. J. Bulin sold his farm of 160 acres, a few miles north of town, to Emil Novotny for \$23,000, or a little more than \$143 per acre. Before making the deal Mr. Novotny sold an 80-acre place owned by him, north of Clarkston, to Joseph Klimes for \$11,000. Nineteen years ago last July the writer, as agent for an Omaha realty company, sold the farm that Mr. Bulin has now sold it at an advance of more than \$20,000 over what he paid for it. Only another example of the wisdom of investing in Nebraska land.

**CEDAR RAPIDS.**

From the Outlook.  
We hear of the frightful accident which befell Everett Anstine, living 4 miles northeast of Belgrade. He was up in the hay mow of the barn, pitching hay, and fell through the opening, striking his head on a nail in the manger. The accident occurred Tuesday and he was unconscious the remainder of the day. Reports are that he will recover.  
Col. Harris, who was practicing law in Cedar Rapids some 20 years ago, met with an automobile accident one evening last week in Omaha from which effects he died last Monday. Col. C. L. Harris was a member of the 11th Wisconsin, and Mr. Robert T. Robinson was a comrade in the same regiment. Col. Harris was in the neighborhood of 75 years of age, and was deputy clerk of Douglas county. He will be remembered especially by Dennis Tracy, Geo. Brown, E. L. Sargent and other old veterans and old settlers when Boone county was practically a wilderness.

**HUMPHREY.**

From the Democrat.  
Mrs. Wm. Levijohn, sr., died the fore part of the week at her home in Lindsay after a lengthy illness. Mrs. Levijohn was one of the early settlers of the Lindsay neighborhood and had many friends who will be sorry to learn of her death.

R. P. Drake received word by wire from St. Paul, Minn., yesterday that he had won his case in the United States circuit court of appeals concerning the lands of the McKillip estate held by the Union Central Life Insurance company as security. This will mean that Mr. Drake will have some property of said estate to dispose of as soon as the records and orders can be settled and the

**property properly advertised.**

The many friends of the family among the Democrat readers will be sorry to learn of the death of Mrs. Peter Schad which occurred at their home in Oklahoma one day last week. Mrs. Schad was a daughter of Sam Connelly of Lindsay and she and her husband moved to Oklahoma last spring to make their home. The lady died of typhoid fever, we understand. The remains were brought to Lindsay for burial.

**LEIGH.**

From the World.  
Mrs. T. B. Anderson and children are visiting the T. I. Tedford and W. A. Pike homes before leaving for their new home in Columbus.

We learn that Daniel Jenny came back to the land of the free again. It seems impossible for any one who has lived in our country a long while to find even their old country home satisfying. The most of them get enough with a one or two months visit.

Mr. and Mrs. J. H. Wurdeman left last evening for Chicago to view the city sights and visit old friends. From there they will probably also go to Marseilles, Ill., to attend the reunion of the 33rd Illinois regiment G. A. R. of which Mr. Wurdeman was a member during the civil war.

O. O. Kloppel brought in a strawberry stem to this office this week that contained several flowers and a half dozen berries, the largest berry being nearly as large in circumference as a ten cent piece. Mr. Kloppel informs us that a large portion of his strawberry bed is in bloom and if the weather keeps up long enough he may yet be able to supply us with a mess of ripe strawberries.

Last Sunday Joseph Cech and his wife went visiting at a neighbor's leaving their daughter Emma at home alone. During the day a tramp came along and after giving him something to eat he still persisted in hanging about the house. He finally ran Emma out of the house and held her for until Mr. Cech returned home who soon got him on his journey by using his boot as a persuader.

**The Great Eastern.**  
The dimensions of the one time world famous Great Eastern were as follows: Length, 62 feet; width, 83 feet; draft, 60 feet; tonnage, 24,000 tons; when loaded, 30 feet. She had paddle wheels fifty-six feet in diameter and was also provided with a four bladed screw propeller of twenty-four feet diameter. She had accommodations for 800 first class, 2,000 second class and 1,200 third class passengers, 4,000 in all. Her speed was about eighteen miles an hour. The Great Eastern was finally broken up for old iron in the year 1889 after a checkered career of some thirty-one years.

**Fair, but Stormy.**  
A gentleman boarded the Karori car at Kelburne avenue. Recognizing a friend on one of the seats, he nodded pleasantly and then said, "Well, what do you think of the weather?"  
"Oh, horrible!" was the reply.  
"And how is your wife today?"  
"She's just about the same, thank you!"—New Zealand Free Lance.

**SHELBY.**

From the Sun.  
It is rather an unusual thing in Nebraska to get two crops of strawberries in one season, but Bert Bull says that he is feasting on the second crop of strawberries from his patch this season.

Claude and Ernest Beal passed through Shelby Monday evening with the remains of their father, James Beal, which they were taking to Osceola for burial, the funeral being held at the M. E. church in that place Tuesday. James Beal was one of the early settlers in this part of the country, having homesteaded the quarter section a few miles northeast of Shelby, known as the Harmon farm and later being a resident of this place.

About 2:30 o'clock Monday afternoon Mrs. John Swan, who lived with her husband in the west part of David City saturated her clothing with kerosene and then set fire to the saturated clothing, for the purpose of ending her life. Physicians were called who did what they could to ease the woman's suffering. She had set fire to herself while in the bedroom, but upon her husband's entering the house she ran outdoors. He caught hold of her clothing and tore off some of the garments but she escaped from him. He then got a blanket and wrapped round her, but not until nearly all her clothing was burned off. Her shoes were all that were left intact. She was unconscious most of the afternoon and until a few minutes before her death, which occurred at 8 o'clock in the evening. The body was shipped over to the Burlington on Wednesday to Morning Sun, Iowa, for burial, where live the relatives of the deceased.

E. S. Mitchell, who has been a faithful and painstaking railroad agent at this place since June 6, 1888, has received a merited position from the company. He has been given the station at Madison, Neb., and will move to that place as soon as an agent comes to relieve him at this point. For over twenty-two years Mr. Mitchell has been at his post of duty at this place, and generally speaking has grown gray in the service at Shelby. He states that his health has been remarkably good here and that he has not lost an hour's time in the twenty-two years on account of sickness other than contagious diseases. While the new point is the most desirable for him on the Union Pacific system, he says it is with some feelings of regret that he has to leave the pleasant associations and friends he has here. A farewell reception was held in the U. B. church Wednesday evening and Mr. and Mrs. Mitchell were presented with an easy chair as a token of the esteem and good will of their Shelby friends.

**MONROE.**

From the Republican.  
Mr. and Mrs. J. H. Sacriter of David City arrived Thursday for a visit with relatives and friends in Monroe and vicinity.

W. M. Talbitzer, who went to Alliance the first of the week to have the cast removed from his injured knee, writes that the cast did not do what was desired, and that he is now on his way to Chicago, which very likely means an operation.

Those behind the lecture course do not feel very good over the way they have been treated. After going to the expense of advertising and getting the hall ready for the first number, which was billed for Wednesday evening of this week, they received word that Mr. Markley could not be here, and the lecture people asked leave to substitute. This the local people declined, and later cancelled the entire course, naturally thinking that this same thing might occur with any other number they have been promised. It is understood that they will try another lecture course bureau with the hope that they will get more satisfactory results.

Miss Lydia Smith and Frank D. Campbell were married Wednesday at the home of the groom's parents, Mr. and Mrs. M. Campbell, northeast of Monroe, Rev. J. Robert Beale of the Monroe Presbyterian church performing the ceremony. The wedding was a quiet one, only relatives being present. The ceremony was performed at high noon, after which the bridal couple and invited guests were served a wedding dinner. Mr. and Mrs. Campbell are both well known in this locality, Mrs. Campbell being the daughter of Mrs. L. D. Smith of Monroe. For the present Mr. and Mrs. Campbell will reside at the home of the groom, but they will move on a place of their own in the spring.

**IT GROWS HAIR.**

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "33" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "33" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "33" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c and \$1.00. Sold only at our store—the Rexall store, Pollock & Co., corner 13th and North streets.

**MINIATURE GARDENS.**

Tiny Lakes, Trees and Houses in Diminutive Japanese Parks.

The Japanese have the art of dwarfing trees to mere shrubs and of cultivating plants in a similar way. The people take great delight in their miniature gardens, which require a special gardener to keep them down to desired limits. A Japanese garden is generally about ten yards square, and in this small space is found a park and demesne, with lake, summer houses, temples, trees, all complete and in keeping with the dimensions available.

One such garden shows a lake four feet long and full of goldfish. On the border stands a pine tree exactly eighteen inches high and fifty years old. Beneath its shade is a temple carved out of one piece of stone the size of a brick. On a lofty crag of some two and a half feet stands a fine maple tree, perfect in form and shape, fifteen years old and twelve inches high.

One household in Japan boasts of a complete garden contained in a shallow two dozen wine case. Everything is complete down to the fish in the lake, a sheet of water only a few inch square, and the footbridges over the water courses. Ten houses there are and numerous trees of various kinds, each about six inches in height. Old as the hills are these diminutive trees, but full of vitality, and yet never growing bigger.—New York Press.

**Columbus Light, Heat & Power Co.**

**CENTRAL CITY.**

From the Nonpareil.  
Will Moore and Jule Wilder returned yesterday from Paisley, Oregon. They went out to the Lakeview country last spring, the former securing a tract of land there together with his brother Charlie, and brother-in-law, Allen Richards. He says the rest of them are well suited with that country and have done well this year. He expects to spend some time here and may decide to remain all winter. Jule has come back to stay.

It remains for a real estate man to furnish additional evidence of the productivity of Nebraska soil and of the numerous crops she will produce in one season. M. D. Haddock brought to our office today a bunch of strawberries that he had just picked from his patch and which are the equal of the good ones sold last summer. He will have quite a quantity of them. He also brought along a beet that will weigh above six pounds. It "beats" anything we have seen of that kind this season.

Uncle Andy Baird came limping into the Nonpareil office Saturday afternoon carrying a basket that made him groan. It contained eight of the biggest sweet potatoes the agricultural editor has seen this season. In fact, one of them had grown so fast that its skin couldn't stand the pace and had broken open for half its length. When asked what made him limp Uncle Andy said he sprained his ankle while working in the corn field the day before, but we have a notion he did it while trying to pry one of those sweet potatoes out of the ground. Mr. Baird raised seventy-five bushels of sweet potatoes on a half acre of ground this year, which at \$2.00 per bushel does not make a bad return for Nebraska land.

**SILVER CREEK.**

From the Sun.  
Master Floyd Hester, 3 years old, was left alone in a buggy. The horse was frightened when the little lad seized the lines and ran the animal into a fence where it stopped before doing any damage.

Nine thousand dollars is what Mrs. L. E. Pope paid J. H. Biddle for his 72 acre farm south of Silver Creek. This is at the rate of \$125.00 per acre and shows that Merriek county land is in demand in high prices.

Mrs. Dr. W. C. Robinson is at the Presbyterian hospital in Omaha where she underwent an operation yesterday. Dr. Robinson came home Thursday saying that while the operation was a severe one, he thought it promised great good to the patient and felt very hopeful of the result.

Joseph, 7 year old daughter of Peter Czarnik living 3 miles north of Gardner station, was badly burned about the head, neck and arms last Monday evening. The unfortunate little girl was filling a lantern when the kerosene exploded causing the burns. Dr. King who is attending the little sufferer had little hopes of her recovery at first, but late reports are for the better.

After a residence at Silver Creek for more than 32 years, Wednesday last J. W. Riddle and family left for McManmon, Idaho, where they expect to reside in the future, having acquired property there. Owing to their long residence and prominence in business and social affairs here they will be greatly missed. Before going they were extended a reception by many of our older residents at the O. L. Sprague residence, last Saturday night.

**PLATTE CENTER.**

From the Signal.  
The infant daughter of Mr. and Mrs. Ray Miller, living near Oreston died suddenly Tuesday. Mrs. Miller is a daughter of Mr. and Mrs. Philip Gehring.

The middle of October and no frost yet hard enough to effect the most delicate plants. Foliage on some varieties of trees is withering and dropping from old age.

Mrs. Marie Thomazin moved into town from her farm Monday and is living in rooms in the old Union Pacific hotel. She will doubtless build a home in the spring should she continue to remain here.

Mr. and Mrs. A. E. Popelar and little son came down from Cornlea last Saturday and remained over Sunday at the home of Mr. and Mrs. C. A. Otrudovec. Mr. Otrudovec and Mr. Popelar went to Columbus to see Doctor Walker, who is at the hospital, slowly recovering after the amputation of one of his legs a few days ago.

Mr. Carston Peterson, jr., and Miss Alvina Hoefelman were married at 11 o'clock Wednesday morning at St. John's Lutheran church, in Grand Prairie, Rev. Halm officiating. The bride was attended by Misses Minnie Peterson and Clara Hoefelman and the groom by Chas. Peterson and Chas. Gronicklaus. A large concourse of friends of both families attended the festivities during the day and evening at the home of the bride's parents, near the church. They will make their home on the Peterson farm northwest of Platte Center.

**Reckless Gambling.**  
"I'm afraid my husband is developing the gambling instinct," sobbed the bride.

"What's the matter, dear? Has he been playing poker?"  
"No, but yesterday he offered to match pennies with Brother Frank to determine which one should pay the car fare."—Detroit Free Press.

**Getting Down to Business.**  
Mistress (to new servant)—There are two things, Mary, about which I am very particular. They are truthfulness and obedience. Mary—Yes'm, and when you tell me to say you're not in when a person calls that you don't wish to see which is it to be, mun-truthfulness or obedience?

505 Eleventh Street COLUMBUS, NEB.

**FOR CONSTIPATION.**  
A Medicine That Does Not Cost Anything Unless It Cures.  
The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.  
Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.  
We will refund your money without argument if they do not do as we say they will. Two sizes, 25c and 10c. Sold only at our store—the Rexall store, Pollock & Co., corner 13th and North streets.

**COLUMBUS MEAT MARKET**  
We invite all who desire choice steak, and the very best cuts of all other meats to call at our market on Eleventh street. We also handle poultry and fish and oysters in season.

**The Empire of the West**

It took Lewis and Clark just one year and six months to go from the Missouri River to the Pacific Ocean. Not quite fifty years ago the Union Pacific Railroad was launched and began its triumphant march of progress across the continent.

Today the Union Pacific makes possible this eighteen months' journey of courage and hardship in just three days, attended with every comfort and safety known to modern travel.

The Union Pacific has been the primal factor in laying the foundation of progress and prosperity in the States through which its tracks are laid.

The railroad has been, and is today, the basic business of our day and generation, on which all other enterprises and interests must rest and through which they are given movement, activity, energy and life.

In the matter of industrial development the interests of the public and the Union Pacific are identical.

If the Union Pacific is not prosperous, will the great and growing country it serves continue to prosper?  
Think it over.
